NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Members 401(k) Advantage (the Plan) provides only general information. Participants should refer to the Plan Document or a summary plan description, both of which are available from the Plan Administrator, for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2013 as a defined contribution plan covering eligible employees of Florida Retail Benefits Corporation (the Company) and other participating employers. The Plan qualifies as a multiple employer plan. With the consent of the Company, a participating employer may adopt the Plan and become part of the Plan by executing an adoption agreement. Employers in a multiple employer plan may have different benefit formulas for their participating employees. Accordingly, each adopting employer executes an adoption agreement with the terms and conditions specific to such employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligible employees of the Company and its adopting affiliated companies and other employers may enter the Plan on various entry dates coinciding with or following the date on which the employees meet the eligibility requirements as outlined within their respective employer adoption agreements. The Plan covers employees of participating employers, except union employees and non-resident aliens who receive no earned income constituting U.S. source income, from the Company. Entry dates can be immediately upon employment, monthly, quarterly or semi-annually.

Contributions

Each year, participants may contribute any amount of pre-tax and after tax annual compensation, as defined by the plan document, up to the maximum allowable under the Internal Revenue Code (IRC). Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. For the years ended December 31, 2016 and 2015, individual participants' contributions were limited to \$18,000. Participants who are age 50 and older may also contribute an additional \$6,000 for each of the years ended December 31, 2016 and 2015. Participant contributions are recorded in the year in which their employer makes payroll deductions from participants' earnings.

Participating employers may choose to match all or a portion of participants' contributions, depending upon options selected in each participating employer's adoption agreement. All participating employer contributions are invested as directed by each participant within allowable investment options. Participating employers' discretionary contributions amounted to \$2,570,827 and \$2,147,242 for the years ended December 31, 2016 and 2015, respectively. All employer contributions are subject to IRC limitations.

Participant accounts

Each participant account is credited with the participant's contribution and allocation of (a) the respective employer's discretionary matching contribution and discretionary contribution (if any) and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations of earnings and losses are based on the proportion of the participant's account balance to the total account balances of all participants, as defined in the Plan Document. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Note 1 – Description of Plan, Continued

Allocation and vesting of benefits

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon.

Vesting in any employer's discretionary contributions, on behalf of participants, plus any earnings or losses thereon, vest in accordance with the schedule specified in each employer's adoption agreement.

Participant accounts become fully vested upon death, disability, or upon termination of the Plan.

Forfeitures

Forfeitures are used to reduce the participating employer's elective contribution and/or used to pay Plan administration expenses. Forfeitures are allocated to participants' accounts in the same manner as participating employer matching discretionary contributions. At December 31, 2016 and 2015, unallocated forfeitures included in net assets available for plan benefits amounted to \$847 and \$1,176, respectively.

Payment of benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive distributions from the Plan in an amount equal to the value of the participant's vested interest in his or her account. These distributions may be in the form of a lump sum payment, a rollover into another qualified plan or individual retirement account (IRA), or in annual installments subject to required minimum distribution rules. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump sum distribution. Participants with vested amounts less than \$1,000 must elect a lump-sum distribution, and participants with a vested amount between \$1,000 and \$5,000 are placed in an IRA provided by the Plan Administrator or may elect a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal. Hardship withdrawals are allowable in accordance with Internal Revenue Service (IRS) guidelines.

Participant notes receivable

Plan participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans, which are collateralized by the balance in the participant's account, bear interest at prime, determined as of the date of the loan request, which was 3.25% - 4.75% as of December 31, 2016. Principal and interest are paid ratably through monthly payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed fifteen years.

Participant investment options

Participants must direct their salary deferred contributions from several investment options offered through the Plan Custodian, Reliance Trust Company (Reliance Trust or Mass Mutual), as made available and determined by the Plan Administrator. Those investment options consist of interests in mutual funds and a guaranteed account. Interests in mutual funds and a guaranteed account are units of participation that the Plan has in the underlying assets of the funds.

Note 1 – Description of Plan, Continued

Plan administration

The Plan is administered by the Company pursuant to the terms and conditions of the Plan and trust. Under the terms of the Plan, a group of designated employees of the Company act as trustees.

The Company has contracted with Reliance Trust Company and its affiliate, Massachusetts Mutual under a group variable annuity contract to act as the Plan's Custodian. The Plan Custodian will invest each participant's account balance in mutual funds and a guaranteed account, as instructed by each participant. The Company has contracted with Pinnacle Financial Services, Inc. (Pinnacle) to act as the Plan's record-keeper and third party administrator.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information produced by the Plan Custodian.

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation is recognized at period-end when carrying values of the related investments are adjusted to their fair values. Purchases and sales of investments are recorded on a trade-date basis. Earnings on investments, with the exception of participant notes, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

In accordance with the policy of stating investments at fair value, the Plan presents in the statements of changes in net assets available for plan benefits, the net appreciation (depreciation) in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Participant notes receivable

Participant notes receivable are valued at their outstanding balances, which approximate fair value. Interest income on participant notes receivable is recorded on an accrual basis.

Administrative expenses

Administrative expenses for the years ended December 31, 2016 and 2015 were \$269,728 and \$227,037, respectively. Other administrative expenses such as professional fees are paid by the participating employers, rather than the participants.

MEMBERS 401(k) ADVANTAGE
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Management estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences may be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Payment of benefits to withdrawing participants

The Plan records benefit payments to withdrawing participants when paid.

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2016 and 2015, that it would be unable to substantiate.

Concentration of credit risk

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of the Plan's debt securities included in investment vehicles. Management believes that the Plan Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

New accounting pronouncement

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: *Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) Fully Benefit Response Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient, a three-part standard that provides guidance on certain aspects of the accounting by employee benefit plans. The ASU requires an employee benefit plan to use contract value as the only measurement amount for fully benefit-responsive investment contracts, and simplifies and increases the effectiveness of plan investment disclosure requirements for employee benefit plans. The guidance is effective for fiscal years beginning after December 15, 2015, and must be applied retrospectively to all periods presented in the financial statements for the fiscal year of adoption, with early adoption permitted. The Plan has adopted the provisions of ASU 2015-12 and has concluded that the adoption did not have a significant impact on the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 3 – Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments at fair value and contract value, participant notes receivable and non-interest bearing cash, as shown on the statements of net assets available for plan benefits as of December 31, 2016 and 2015;
- Net investment activity and interest income on participant notes receivable from participants as shown in the statements of changes in net assets available for plan benefits for the years ended December 31, 2016 and 2015;
- Investment information included in the footnotes and supplemental schedule of assets held for investment purposes at end of year as of December 31, 2016.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Mutual funds are registered under the Investment Company Act of 1940. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds are deemed to be actively traded and are therefore considered Level 1 investments within the fair value hierarchy.

The guaranteed account is a fully benefit-responsive guaranteed investment contract that is valued at the net asset value (NAV) of units of the collective investment trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective investment trust, the issuer reserves the right to require 12 months notification in order to ensure that the securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of December 31, 2016 and 2015. MassMutual maintains the contributions in a general account. The accompanying financial statements present the guaranteed account at contract value and do not classify them in the fair value hierarchy in accordance with FASB ASC 820-10.

The preceding methods described may produce a fair value calculation that may not be indicative of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value	<u>\$48,947,181</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 55,777,305</u>

* In accordance with subtopic 820-10, certain investments that were measured at contract value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for plan benefits.

Note 5 – Fair Value of Investments in Entities that use Contract Value

The following table summarizes investments measured at fair value based on contract value as of December 31:

	2016	2015
Guaranteed Fixed Interest Account	<u>\$ 7,727,170</u>	<u>\$ 6,830,124</u>

The Guaranteed Fixed Interest Account is a fully benefit-responsive investment contract and is reported at contract value in accompanying financial statements. The guaranteed account has no unfunded commitments and can be redeemed daily.

Note 6 – Refunds Payable for Excess Contributions

During 2016 and 2015, the Plan received contributions from certain adopting employers in excess of Plan and IRS limitations. Such amounts were refunded to participants in each subsequent year.

Note 7 – Party-In-Interest Transactions

The Plan's investments include shares of mutual funds and a guaranteed account managed by the Plan Custodian. Therefore, transactions in these investments qualify as party-in-interest transactions. Such transactions are permitted under the provision of the Plan and are exempt from the prohibition of related party transactions under ERISA and applicable exemptions promulgated there under.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

During the years ended December 31, 2016 and 2015, the Company was paid for services provided to the Plan as the Plan Administrator. Fees paid to the Company for services provided totaled \$269,728 and \$227,037 for the years ended December 31, 2016 and 2015, respectively. These amounts have been recorded as administrative expenses on the statements of changes in net assets available for plan benefits.

Note 9 – Plan Transfers

In the normal course of business, the Company adds employers, and assets from the individual qualified plans that the added employers previously sponsored are transferred into the Plan, when administratively feasible to do so, after the new employer adopted the Plan. Likewise, as employers leave the Company and adopt different qualified plans, assets attributable to these outgoing employers are transferred out of the Plan.

Note 10 – Tax Status

On December 15, 2009, the IRS stated that the volume submitter profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan's management and Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 11 – Delinquent Participant Contributions

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can reasonably be segregated from the employer's general assets. While all participant contributions have been remitted to the Plan, contributions aggregating \$887,786 were not remitted in the required time period during the year ended December 31, 2016. The Company remitted lost earnings to affected participants subsequent to year end.

Note 12 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2016 through January 20, 2018, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
