NOTE 1 – DESCRIPTION OF PLAN

The following description of the SeaView Research Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(A) GENERAL

The Plan was established on January 1, 2000 by SeaView Research, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code (the "Code"), as amended, which includes qualified cash or deferred arrangements as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. The Plan also covers employees of certain entities related through common ownership: SeaView Labs, LLC and SeaView Jacksonville, LLC. Eligible employees of the Company and its related entities are those who have attained age 21 and have completed one year of eligible service, as defined. Eligible employees are allowed to make elective deferrals starting on either January 1 or July 1 following the satisfaction of eligibility requirements. The Plan is subject to and conforms with the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(B) CONTRIBUTIONS

Eligible employees can contribute a dollar amount up to the maximum established by law. The total maximum allowable contribution per participant to the Plan directly from the participant for the year ended December 31, 2016 was \$18,000, not including additional catch-up contributions allowed for participants age 50 or older which was \$6,000.

The matching percentage contributed by the Company is discretionary and is determined annually by the Company's Board of Directors. The Company elected to match up to 50% of a participant's elective deferral for the first 6% of each participant's eligible compensation for the year ended December 31, 2016. In addition, the Company may make a discretionary non-elective contribution to the Plan for participants who meet the eligibility requirements, as defined. During the year ended December 31, 2016, the Company made matching contributions of \$76,919 and no discretionary non-elective contribution.

In order to satisfy the nondiscrimination rules of Section 401(k) of the Code, highly compensated employees may be required to receive a distribution of amounts attributable to the elective deferrals or certain excess contributions (NOTE 9).

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

(C) VESTING

Participants are immediately vested in their elective deferrals, rollover contributions, plus or minus any earnings or losses thereon, which cannot be forfeited for any reason.

The Plan's vesting for Company matching and non-elective contributions is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Nonvested portions of Company matching and nonelective contributions are forfeited as of an employee's termination date. Pursuant to the Plan, forfeitures from matching contributions may be used first to reduce future matching and nonelective contributions and then to reduce Plan expenses. Forfeitures available for the Company's use were approximately \$12,600 and \$11,400 as of December 31, 2016 and 2015, respectively. The Company utilized \$2,300 in forfeitures during the year ended December 31, 2016 to reduce employer matching contributions.

(D) PAYMENT OF BENEFITS

Any participant who attains (a) normal retirement age as defined, (b) who meets the requirement of "hardship" as defined by the Plan or (c) whose employment has been terminated, may request a withdrawal from the Plan, not to exceed the vested balance in his or her account as specified in the Plan document. The Plan document also provides for distributions to beneficiaries upon the death of a participant and certain provisions for automatic distributions after termination based on account balance.

(E) PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's compensation deferral contribution, the Company's matching and non-elective contributions, if any, and an allocation of the investment earnings, based upon each participant's election, and charged with an allocation of administrative expenses not paid by the Company. The benefit to which a participant is entitled upon withdrawal from the Plan, as defined above, is the vested benefit in the participant's account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

(F) INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct employee contributions as well as their portion of the employer matching and non-elective contributions and any related earnings in the investment options offered by the Plan. Contributions may be allocated in percentages or dollar increments and participants may change their investment elections at any time.

(G) NOTES RECEIVABLE FROM PARTICIPANTS

Loans to participants are not allowed as described in the Plan's document.

(H) PLAN ADMINISTRATION EXPENSES

The Plan agreement allows for the Company to absorb a significant amount of the Plan's administrative expenses. During the year ended December 31, 2016, administrative expenses incurred by the Plan were \$2,841.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

(A) BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting for defined contribution plans in accordance with accounting principles generally accepted in the United States of America.

(B) INVESTMENT VALUATION AND INCOME RECOGNITION

Assets of the Plan are reflected in the accompanying financial statements at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. Note 3 further details fair value measurements of the Plan.

Purchases and sales of securities are recorded on a trade date basis. Dividend and interest income are recorded by the custodian in the period earned. Net realized and unrealized appreciation or depreciation in fair value of investments consists of the change in unrealized appreciation or depreciation, and the realized gain or loss on the sale of investments during the year. Acquisition costs are included in the cost of investments purchased and sales are recorded net of selling expenses. Investments are self-directed by the individual Plan participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(C) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(D) RISKS AND UNCERTAINTIES

Financial instruments that potentially subject the Plan to risk of loss consist principally of investments. The Plan's investments are directed by each participant into one or more of the fund options offered by the Plan and maintained by the custodian. The mutual funds invest in securities of various companies and in various industries. Each participant in the Plan bears the risk of market loss, if any.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(E) PAYMENT OF BENEFITS

Benefits are recorded when paid.

(F) MANAGEMENT'S REVIEW OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through January 18, 2018, which is the date that the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(G) RECENT ACCOUNTING PRONOUNCEMENTS

Effective January 1, 2016, the Plan adopted two recent accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") detailed below. The change was applied retrospectively and had no effect on beginning net assets available for benefits.

Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) in ASU No. 2015-07

In May 2015, the FASB issued an accounting standard update ("ASU") which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The update is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. A reporting entity should apply the update retrospectively to all periods presented. Early adoption is permitted.

Fully Benefit-Responsive Investment Contracts and Plan Investment Disclosure in ASU No. 2015-12

In July 2015, the FASB issued an accounting standard update which amends requirements for defined contribution, defined benefit, and health and welfare benefit plans. Generally, Part I of the update requires fully benefit responsive investment contracts to be reported at contract value. Generally, Part II eliminates the requirements for plans to disclose (a) individual investments that represent 5 percent or more of net assets available for benefits, and (b) the net appreciation or depreciation for investments by general type. Generally, Part II also requires that investments be grouped only by type of investment. Part III provides an alternative date for measuring investments for plans with fiscal year-ends not falling on a month-end date. Parts I and II of the update are effective retrospectively for fiscal years beginning after December 15, 2015 with early application permitted. Part III of the update is effective prospectively for fiscal years beginning after December 15, 2015 with early application permitted.

(H) RECLASSIFICATION

Certain items in the 2015 financial statements have been reclassified to conform with the 2016 financial statement presentation.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. During 2016 and 2015, Level 1 inputs were available and therefore used. The Plan used Level 2 inputs when available, and Level 3 only when Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - The fair value of mutual funds is based on unadjusted quoted net asset values of the shares held by the Plan at year-end. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Collective Investment Trust - The collective trust fund is a stable value fund with various underlying investment contracts that are not actively traded and significant other observable inputs are not available. The Plan uses the Net Asset Value ("NAV"), as provided by the trustee, to determine the fair value of its investment in the collective trust fund. The NAV is used as a practical expedient to estimate fair value in accordance with accounting guidance for such investments.

The input levels used by investment category are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2016				
Mutual Funds	\$ 3,358,891	\$ -	\$ -	\$ 3,358,891

Total Investments				<u>\$ 3,555,431</u>

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2015				
Mutual Funds	\$ 3,100,776	\$ -	\$ -	\$ 3,100,776
Total assets in the fair value hierarchy	<u>\$ 3,106,824</u>	<u>\$ -</u>	<u>\$ -</u>	3,100,776
Investments measured at NAV*				<u>187,229</u>
Total Investments				<u>\$ 3,288,005</u>

*In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2016 are reported net in appreciation in fair value of investments.

NOTE 4 – COLLECTIVE INVESTMENT TRUST

The Plan has an investment in a stable value common trust fund at December 31, 2016 and 2015. The Plan has estimated the investment's fair value utilizing the NAV practical expedient. The estimated fair value at December 31, 2016 and 2015 was \$196,540 and \$187,229 respectively. The objective of the investment is to preserve capital and generate a stable rate of return. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The contracts owned by the Fund are nontransferable, but provide for benefit responsive withdrawals and participant transfers to noncompeting options by Plan participants at contract value. The redemption waiting period for participant withdrawals and transfers is not to exceed 30 days. At December 31, 2016 and 2015 there were no unfunded commitments.

NOTE 5 – INFORMATION CERTIFIED BY THE PLAN TRUSTEE

As of December 31, 2016 and 2015, the Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. Reliance Trust Company has certified that the following information is complete and accurate as of and for the year ended December 31, 2016 and as of December 31, 2015.

NOTE 5 – INFORMATION CERTIFIED BY THE PLAN TRUSTEE (CONTINUED)

	<u>2016</u>	<u>2015</u>
Investments at fair value	<u>\$ 3,555,431</u>	<u>\$ 3,288,005</u>
Cash	<u>\$ 2,508</u>	<u>\$ 6,048</u>
Investment income, net	<u>\$ 186,032</u>	

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants in the Plan become fully vested in the Company's contributions. Participants' contributions are always 100% vested.

NOTE 7 – TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator, trustee and custodian are not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE 8 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity, an entity related to the Plan's trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan to the trustee also qualify as party-in-interest transactions and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. As disclosed in Note 1H, the Company pays certain administrative expenses on behalf of the Plan.

NOTE 9 – EXCESS CONTRIBUTIONS PAYABLE

Contributions received from participants for 2015 is net of excess deferral contributions of \$4,542, which was returned to participants in the subsequent year. This amount is also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2015. There were no excess deferral contributions payable by the Plan as of December 31, 2016 as the Plan passed its compliance tests for the 2016 Plan year.

NOTE 10 – FIDELITY BONDING

The Company maintains a fidelity bond of \$2,000,000 for Plan fiduciaries and individuals who handle the funds of the Plan, pursuant to the requirements of ERISA.
