Independent Auditor's Report

To the Plan Administrator and Management of the
GCS 401(K) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the GCS 401(K) Plan, which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any audit procedures with respect to the information summarized in Note 4, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on these financial statements.

Changes in Accounting Principle
As further discussed in Note 2 *Summary of Significant Accounting Policies* to the financial statements, the Plan adopted the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-07, effective December 31, 2016. The provisions of the applicable ASU's have been applied retrospectively. Our opinion is not modified with respect to that matter. ASU 2015-12 was adopted in the previous year.

Other Matter – Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements taken as a whole The supplemental schedule Form 5500, Schedule of Assets (at end of year), as of December 31, 2016, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2015 Financial Statements

The financial statements of the plan as of December 31, 2015, were audited by predecessor auditors. Their report, dated October 7, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GCS 401(K) Plan
Notes to Financial Statements
December 31, 2016 and 2015

Note 1 – Description of Plan

The following description of the GCS 401(K) Plan "Plan" provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Geo Control Systems, Inc. "Employer" maintains a Plan, which includes:

The Plan is a defined contribution plan originally effective July 1, 1998. The Plan was most recently restated effective November 1, 2015 to incorporate recent law changes as required by the Pension Protection Act of 2006.

The Plan covers all eligible employees upon date of hire and who have attained twenty-one years of age (except there is no age requirement for employees who are part of a collective bargaining agreement). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 "ERISA".

Principal Trust Company, "Trustee" and "Custodian" became the Trustee and Custodian of the Plan, beginning on November 1, 2015. Prior to this time Great West Trust Company, "Former Trustee" and Former Custodian" was the Trustee and Custodian of the Plan.

Contributions

Each year, a participant may contribute up to the lesser of a) 100 % of pretax annual compensation or b) the maximum amount allowed by law ($ 18,000 for 2016 and 2015) and have that amount contributed to the Plan as a pre-tax or Roth elective deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($ 6,000 for 2016 and 2015). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Employer, at its discretion, may make an annual matching contribution in an amount determined by the Plan. For 2016, an annual matching contribution was made to all New Mexico employees (another division of the Employer), which were not collectively bargained employees.

The Employer, at its discretion, may make a non-elective contribution in an amount determined by the Plan equal to a percentage of compensation of each eligible participant. For 2016, the Employer elected to contribute 2 % of an eligible participant's compensation.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several investment options for participants to invest their contributions.

Participants Accounts

Each participant's account is credited with the participant's contribution and the Employers contribution, as well as allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, employer contributions, and rollovers, plus actual earnings on those contributions.

Notes Receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000. The maximum amount cannot exceed the lesser of 50% of the vested account balance or $ 50,000. A participant may only be issued one loan in any twelve-month period and only one loan may be outstanding at any one time.

The interest rate on the loans from this Plan will be based on the rate of interest assessed by commercial enterprises that are in the business of lending money. The Plan Administrator will periodically review these rates and change the rate assessed on Plan Loans, when necessary. The interest rate will be fixed for the duration of the loan. Principal and interest is paid ratably through payroll deductions or EFT from a checking account designated by the participant. Loans cannot extend beyond five years, unless the loan proceeds are used to acquire a primary residence.

Payment of Benefits

Under the terms of the Plan agreement, participants are eligible for distributions because of (a) retirement, (b) disability, (c) termination, (d) death, or (e) minimum required distributions. Distributions are made as lump sum cash payments, rollover, or a series of payments elected by the participant.

In-Service distributions are permitted from elective deferral accounts if the Participant has reached age 59 1/2.

The Plan allows hardship withdrawals in accordance with Internal Revenue Service regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes.

Forfeitures

Forfeitures of non-vested participant Plan benefits are used to reduce future employer contributions and/or to pay Plan expenses.

As of December 31, 2016, and 2015 forfeitures available totaled $ - and $ -, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan.

Excess Contributions Payable

As of December 31, 2016, and 2015, the Employer accrued excess contributions of $ - and $ 18,797, respectively. The excess contributions were refunded to the affected participants in the subsequent year in which it was incurred.

Benefit Payments

Benefits are recorded as paid.

Plan Costs

Certain expenses incurred maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Fees related to the administration of distributions, notes receivables from participants, and certain administrative fees related to investments are charged directly to the participant's account and are included as administrative Plan expenses in the financial statements.

Investment related expenses are deducted from the investment returns. These investment related expenses are included in a fund's expense ratio. Investment related expenses amounted to (expressed as a percentage of Plan assets) approximately .90% ($ 113,655) and .92% ($ 97,816) for 2016 and 2015, respectively. Investment related expenses includes the investment funds annual operating expenses which may include 12b-

1 fees, revenue-sharing payments made to other service providers, management fees, investment advisor fees, sub-transfer agent fees and other such expenses. The Plan paid a total of $ 10,618 and $ 4,348 in administrative expenses for 2016 and 2015, respectively, as reported on the statements of changes in net assets. These expenses are in addition to investment related expenses.

Subsequent Events

The Plan has evaluated subsequent events through January 23, 2018, the date the financial statements were available to be used.

Adoption of New Accounting Standards

In May 2015, the FASB issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent).* ASU 2015-07 eliminated the diversity in practice related to how certain investments measured at net asset value with redemption dates in the future are categorized within the fair value hierarchy. The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The provisions of this ASU have been applied retrospectively.

ASU 2014-15, Presentation of Financial Statements-Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern. The ASU was issued in August of 2014 and requires management to assess the Plan's ability to continue as a going concern. Specifically, the ASU mandates the Plan to; 1) provide a definition of the term *substantial doubt, 2)* require an evaluation for every reporting period (including interim periods), 3) provide principles for considering the mitigating effects of management's plans, 4) require certain disclosures if substantial doubt is alleviated by management's mitigation plans, 5) require an expressed statement and other disclosures if substantial doubt has not been alleviated, and 6) require an assessment for a period of one year after the date the financial statements are issued (or available to be issued). The adoption of this accounting standard had no material effect on the financial statements or notes to the financial statements.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- **Level 1** – observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets
- **Level 2** – observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted

market prices that are observable through market data for substantially the full term of the asset or liability.

- **Level 3** – inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015, respectively.

- **Collective investment trust funds "CIT"** – Valued using the net asset value "NAV" of the underlying investment of which the CIT is invested in. The CIT is not publicly traded but it is the type of investment that qualified to use the NAV Practical Expedient and thus it is not required to be leveled in the fair market value hierarchy table.
- **Mutual funds** - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- **Pooled separate accounts-** Valued using the NAV of the PSA. The NAV of the PSA is based on the market value of its underlying investments. PSA's are not leveled since the value is based on the NAV Practical Expedient.
- **Self-directed brokerage account –** Consists of various investments such as common stocks, corporate bonds, mutual funds, or other investments with an observable input and thus level 1 is the appropriate level.
- **Guaranteed Accounts –** Consists of investments in the general account of the insurance company whereby the insurance company pays a guaranteed rate as determined under the group annuity contract. The inputs used to determine fair value are considered observable by reviewing applicable contracts and/or financial information and thus level 2 classification is appropriate

The following table details the Plan's investments at fair value by level within the fair value hierarchy, as of December 31, 2016 and 2015.

2016

	Fair Value	Level 1	Level 2	Level 3
Collective investment trusts[a]	$ 9,437,620	-	$ -	$ -
Mutual funds	1,179,256	1,179,256	-	-
Pooled separate accounts[a]	1,418,581	-	-	-
Self-directed brokerage	426,889	426,889	-	-
Total	$ 12,462,346	$ 1,606,145	$ -	$ -

2015

	Fair Value	Level 1	Level 2	Level 3
Collective investment trusts[a]	$ 8,536,512	$ -	$ -	$ -
Mutual funds	744,351	744,351	-	-
Pooled separate accounts[a]	948,274		-	-
Self-directed brokerage	74,880	74,880	-	-
Guaranteed accounts	215,465	-	215,465	-

Total	$ 10,519,482	$ 819,231	$ 215,465	$ -

[(a)] In accordance with FASB ASU Subtopic 820-10 certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The amounts presented in the fair value table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. Additionally, since the applicable CIT's & PSA's file a Form 5500 as a Direct Filing Entity "DFE", the investment strategies of the CIT's & PSA's are not disclosed.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation in fair value of investments.

Note 4 – Information Certified by the Trustee

The Plan's administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to investment information certified by the Trustee and Former Trustee of the Plan, which included all investments as of December 31, 2016 and 2015, the total investment income for the year ended December 31, 2016 and 2015, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

Note 5 – Related-Party Transactions and Party-in-Interest Transactions

The known parties-in-interest that have provided services to the Plan for 2016 and 2015, respectively are as follows:

The Plan Sponsor provides administrative services and absorbs administrative costs for the Plan.

The Trustee, Former Trustee, Principal Life Insurance "Principal Life", and Princor Financial Group "Princor", as agent for the Trustee, served as custodians and executed investment transactions for the Plan in 2016 and 2015, respectively.

Principal Life and Former Trustee served as the Record Keeper "TPA" for the Plan for 2016 and 2015, respectively. Fees paid totaled $ 10,618 and $ 4,348 for 2016 and 2015, respectively.

Calvin Martin & Company, PLLC & PMB Helin Donovan served as auditors for the Plan for 2016 and 2015, respectively.

The Plan had participant loans as of and during 2016 and 2015.

All of the above transactions are exempt party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 – Tax Status

The Plan obtained its latest determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Based on this, no provision for income taxes is necessary.

The Plan is an individually designed Plan and the Internal Revenue Service no longer provides determination letters to individually designed plans. As a result, the Plan is currently in the process of converting from an individually designed plan to a volume-submitter plan. The Plan will then have a determination letter to rely on through the volume-submitter Plan which they will adopt. It is expected this transition will be effective on January 1, 2018.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by these various taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2016	2015
