(1) Description of Plan

The following description of the LCM Investments II, LLLP 401(K) Plan (the "Plan"), (previously "MK Automotive Management, LLC 401(K) Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a multiemployer defined contribution plan covering a controlled group of approximately twenty employers. All employees are covered, except for union employees whose employment is governed by a collective bargaining agreement. Employee must complete 60 days of employment and are at least 18 years of age are covered by the Plan. The plan was adopted with an effective date of January 1, 2006 and is sponsored by LCM Investments II, LLLP (the "Sponsor"). The plan is subject to the provisions of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was subsequently amended on various dates with the last amendment on August 1, 2017. The amended plan as of August 1, 2017, states that the years of service for each employee of a newly acquired entity is counted for all employees employed on the date of acquisition. The administrative and custodial duties are provided by Transamerica Financial Life Insurance Company, Inc.

(b) Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to a maximum of $18,000 in 2016 ($24,000 including catch-up contributions for participants who attain age 50 by the end of the year). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of pooled separate accounts and a fixed income account as investment options for participants.

The Plan includes an automatic deferral provision of 3%. Participants may complete a salary deferral agreement to select an alternative deferral amount or to elect not to defer under the Plan in accordance with the deferral procedures of the Plan. Participants may only elect to contribute to the Plan or change their elected contributions at the beginning of each month. If the Company automatically enrolled a participant that did not want to participate in the Plan, the Company can refund the deferrals to the Participant within 90 days of the first payroll in which money was deferred, provided the participant notifies company management within a reasonable period of time prior to the end of the 90 day period.

The Plan also provides for the Company to make discretionary contributions in an amount equal to a matching percentage of a participant's eligible contributions for the Plan year or a profit sharing contribution at the option of the Company. For 2016, the Company matched 25% of participant contributions up to $1,200. The Company made their employee match contribution for 2015 on June 29, 2017. Employer receivable as of December 31, 2016 and 2015 was approximately $432,000 and $327,000 respectively.

(1) Description of Plan - Continued

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their contributions plus earnings, if any, thereon. Vesting in the Company's profit sharing contribution portion of their accounts and matching contributions plus actual earnings thereon is based on continuous years of service. A participant vests at the rate of 20%, 40%, 60%, 80% and 100% after two, three, four, five and six years of service earned, respectively. The Plan provides for 100% vesting of participant balances upon normal retirement, death or permanent disability in accordance with Plan provisions.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of 50% of the present value of their vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. The loans are secured by 50% of the balance in the participant's account and bear interest at various rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over a maximum period of 5 years except in the case of a loan for the purchase of a principal residence. Participants may have a total of two loans outstanding from the Plan at any given time. Interest rates for loans as of December 31, 2016 were 3.25% to 4.5% and the maturity dates ranged from 2017 to 2021. Interest income from loans is presented as a separate line item on the Statement of Changes of Net Assets Available for Benefits.

(f) Payment of Benefits

Upon separation of service due to death, disability, retirement or termination, a participant may elect to receive a lump-sum equal to the value of the participant's vested interest in his or her account. Involuntary payouts of Plan assets can occur for accounts with a balance of $5,000 or less. A participant may request in-service withdrawals upon reaching the age of 59 ½. The Plan provides for hardship distributions in accordance with the Plan agreement. At December 31, 2016 and 2015, there were no distribution payments that were processed and approved for payment by the Plan, but not yet paid to participants.

(1) Description of Plan – Continued

(g) Forfeitures

Non-vested Company contributions that are forfeited are retained in the Plan and may be used by the employer to pay Plan expenses or reduce amounts otherwise required to be contributed to the Plan. Any remaining forfeitures shall be credited to a suspense account to be used for future restorations. The forfeitures that were maintained in the suspense account at December 31, 2016 and 2015, were approximately $59,000 and $61,000, respectively. During the plan year end December 31, 2016, approximately $68,000 was used to pay employer contributions and $3,000 was used to pay plan expenses.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on an accrual basis of accounting.

(b) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

(c) Recently Issued Accounting Pronouncement

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts , (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. ASU 2015-12 Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. ASU 2015-12 Part II eliminates the disclosure of (1) individual investments that represent five percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. Investments of employee benefit plans will be grouped only by general type while eliminating the need to disaggregate the investments in multiple ways. ASU 2015-12 Part III does not apply to the Plan. ASU 2015-12 is effective for fiscal year beginning after December 15, 2015, with early adoption permitted. Part I and Part II are to be applied retrospectively. The Plan's management has elected to early adopt Part I and Part II as the amendments simplify and make disclosures more relevant to the users of the financial statements. The adoption is reflected retrospectively in these financial statements.

(2) Summary of Significant Accounting Policies - Continued

(d) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive contract which is recorded at contract value. Most of the pooled separate accounts held by the plan are valued daily using publicly available quoted market prices, and participants bear the investment risk. The Plan also holds pooled separate accounts that directly invest in fixed maturity securities that are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities. The fully benefit–responsive investment contract is valued based upon the participant contributions made, plus participant transfers into the fund and credited interest, less participant withdrawals, participant transfers out of the fund and administrative expenses. The fully benefit-responsive investment contract is explained in detail in Note 4 of these financial statements.

Realized and unrealized gains and losses represent the change in market value of the investment contracts during the year.

(e) Valuation of Notes Receivable from Participants

Notes receivable from participants represent participant loans and are valued at the unpaid principal balance plus any accrued and unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Contributions

Employee contributions are recorded when eligible compensation is paid. Employer contributions are recorded when authorized.

(g) Payment of Benefits

Benefits are recorded when paid.

(h) Administrative Expenses

Administrative expenses of the Plan are paid by the Sponsor, the Plan and/or unallocated Plan forfeitures.

(3) Fair Value Measurements

Accounting Standards Codification Topic 820, Fair Value Measurements and Disclosures ("ASC 820"), establishes the fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of quoted prices in active markets of similar assets, quoted prices in inactive markets of identical assets, inputs other than quoted prices that are observable, or inputs that are derived principally from or corroborated by observable market data by correlation or other means; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No investments with Level 3 inputs were held by the Plan during the years ended December 31, 2016 and 2015.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Fair Value Measurements at December 31, 2016			
Description of Investment	**Total**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

Total	$ 11,323,837	$ 9,454,793	$ 1,869,044	$ -

	Fair Value Measurements at December 31, 2015			
Description of Investment	**Total**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

Total	$ 8,539,504	$ 7,135,714	$ 1,403,790	$ -

(4) Investment Contracts With Insurance Company

As of December 31, 2016, the Plan has investment contracts with Transamerica for the purpose of investing Plan assets. These investment contracts were determined to be fully-benefit responsive. The effective annual rate of interest is established for a six month period prior to January 1st and July 1st. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. There is no stated minimum or maximum interest rate for this investment choice. The contracts are included in the financial statements at contract value which approximates fair value, as reported to the Plan by Transamerica at December 31, 2016 and 2015.

The contributions to the fixed income accounts with Transamerica are backed by their general account. Fair market value of the account is the value paid when funds are withdrawn prior to their maturity. At December 31, 2016 and 2015, the declared average yield earned by the plan and the crediting interest rate for the fixed income fund was 0.75%.

(5) Information Certified by Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, the custodians as of December 31, 2016 and 2015, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2016 and 2015:

- Investments as of December 31, 2016 and 2015, as shown in the Statements of Net Assets Available for Benefits.
- Investment income for the year ended December 31, 2016, as shown in the Statement of Changes in Net Assets Available for Benefits.
- The Schedule of Assets (Held at End of Year) as of December 31, 2016 included in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

(6) Party-in-Interest Transactions

Certain Plan investments are managed by the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transaction.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(8) Income Tax Status

The Plan is a non-standardized prototype plan developed by Transamerica. The Company adopted the prototype plan effective January 1, 2006. The Internal Revenue Service has determined and informed Transamerica by a letter dated March 31, 2008, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype plan has been amended since receiving this determination letter. However, the Plan Administrator believes that the prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan accounts for uncertain tax positions, if any, in accordance with FASB Accounting Standards Codification 740. In accordance with these professional standards, the Company recognizes tax positions only to be the extent management believes it is "more likely than not" that its tax positions will be sustained upon IRS examination. The Plan Administrator believes it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements for the year ended December 31, 2016.

The Plan Administrator believes that its income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Plans Statements of Net Assets Available for Benefits or Statement of Changes in Net Assets Available for Benefits. Accordingly, the Plan has not recorded any accruals for interest and penalties for uncertain income tax positions at December 31, 2016.

The Plan's income tax returns are subject to examination by taxing authorities for a period of three years from the date they are filed. The Sponsor believes it is no longer subject to income tax examinations for years prior to 2013.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) Subsequent Events

Management has evaluated subsequent events through January 31, 2018, the date on which the financial statements were available to be issued. Management did not identify any items for financial disclosure purposes.
