INDEPENDENT AUDITOR'S REPORT

January 24, 2018

To the Board of Directors of the
Multi Packaging Solutions Retirement Plan
Lansing, Michigan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Multi Packaging Solutions Retirement Plan, which comprise the statements of assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Fidelity Management Trust Company (Fidelity) and Mercer Trust Company (Mercer), the trustees of the plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity held the Plan's investment assets and executed investment transactions from July 1, 2016 to December 31, 2016, and that Mercer held the Plan's investment assets and executed investment transactions as of December 31, 2015 and for the period January 1, 2015 to June 30, 2016. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of Plan

The following description of Multi Packaging Solutions Retirement Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and 401(k) plan covering all eligible employees of Multi Packaging Solutions and its affiliates (collectively, the Company). An eligible employee can become a participant in the 401(k) portion of the Plan on the day he or she attains age 18 and 90 days of employment with the Company. Prior to July 1, 2016, the eligibility requirement was three months of employment consisting of 250 hours worked. Upon participation in the 401(k) portion of the Plan, employees also become eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following plans were merged into the Plan during the year ended December 31, 2015:

Plan Name	Effective Date	Transferred Amount
Chesapeake Pharmaceutical Packaging Company 401(k) Savings Plan	1/1/2015	$ 13,590,812
Chesapeake Pharmaceutical Packaging Company Local 571-M Profit Sharing Plan	1/1/2015	70,886
Jet Lithocolor, Inc. Employees 401(k) Plan	6/4/2015	16,377,512
Integrated Printing Solutions, LLC 401(k) Plan	8/31/2015	330,635
Total amount transferred in from other plans		$ 30,369,845

Contributions

Participants may elect to make contributions to the Plan through payroll deductions of up to 85% of each participant's eligible compensation, as defined, subject to statutory limitations. The plan includes provisions for the automatic enrollment of new eligible participants at 3% of Plan compensation per pay period and for automatic payroll deduction increases of 1% annually as of the participant's enrollment date, unless the increase results in a deduction rate greater than 10%. A participant can elect out of such automatic provisions at any time. The Plan also allows participants to transfer funds from other employer qualified plans into the Plan.

The Company may make discretionary matching contributions based on a participant's deferral. For the plan years ended December 31, 2016 and 2015, the Company elected to match 50% of the first 6% of eligible compensation deferred by each participant. The Company may also make a discretionary profit sharing contribution to the Plan. No such contributions were made for the years ended December 31, 2016 and 2015.

Note A – Description of Plan (Continued)

Plan Operations

The Company has appointed Fidelity Management Trust Company (Trustee) effective July 1, 2016 and Mercer Trust Company prior to July 1, 2016 to serve as Trustee and the Company to act as plan administrator. The Trustee is responsible for holding the investment assets of the Plan, executing investment transactions and making distributions to participants. The Plan administrator interprets and communicates the provisions of the Plan and ensures that all government and participant reporting requirements are fulfilled.

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, gains, or losses. Allocations to participant accounts are based on compensation or account balances, as specified by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contribution accounts is based on years of continuous service, as follows:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years or more	100%

A participant also becomes fully vested at the time of the participant's death, if the participant becomes disabled while employed or upon attainment of normal retirement age.

Payment of Benefits

On termination of service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service withdrawals are permitted upon attaining age 59½ and in cases of financial hardship.

Note A – Description of Plan (Continued)

Loans to Participants

Participant may borrow a minimum of $1,000 and a maximum of one half of the participant's nonforfeitable interest in the Plan or $50,000 reduced by the highest outstanding loan balance in the account during the prior 12-month period. Loan terms may not exceed five years except for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rate commensurate with local prevailing rates as determined by the plan. Principal and interest is paid ratably through payroll deductions.

Costs and Expenses

Certain administrative fees, individual transaction fees and investment expenses are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan are borne by the Company.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer matching contributions. There was a balance of $9,354 and $67,726 in the forfeiture account at December 31, 2016 and 2015, respectively. Forfeitures of $87,028 and $0 were used to reduce matching contributions and fees during the years ended December 31, 2016 and 2015, respectively.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported in the Plan's financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Note B – Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Income from interest is recorded as it is earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in mutual funds and common/collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expense when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document, therefore an allowance for credit losses is not considered necessary at December 31, 2016 and 2015.

Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through January 24, 2018, which is the date the financial statements were available to be issued.

On June 6, 2017, certain operations of the Plan Sponsor were acquired by Westrock Company (Westrock).

Effective August 18, 2017, pursuant to Westrock's acquisition of the Company, the Westrock Retirement Administration Committee was appointed as the plan administrator and the Westrock Company Plan Investment Committee was appointed as the investment fiduciary.

Effective December 29, 2017, the Plan was merged in the Westrock Company 401(k) Retirement Savings Plan.

Reclassification

Certain amounts in the 2015 financial statements have been reclassified to conform with the 2016 presentation.

Note C – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quotes prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets and liabilities in markets that are not active
- other inputs that are observable or can be corroborated by observable market data
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued based on quoted net asset values (NAV) of the shares held by the Plan on the last business day of the Plan year.

Note C – Fair Value Measurements (Continued)

Common/collective trust funds: Valued at NAV based on the closing price for underlying securities, reported on the active market on which underlying securities are traded or based on quoted prices of similar assets. The NAV of the common/collective trust is reported by the fund managers as of the financial statement date based on recent transaction prices, and represents the price at which the Plan would be able to initiate a transaction. The common/collective trust funds held by the Plan provide for daily redemptions by the Plan at NAV with no advance notice requirement, and have no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Level 1	Level 2	Level 3	Total
December 31, 2016				
Mutual funds	$ 117,509,212	$ -	$ -	$ 117,509,212
Common/collective trust funds	-	29,784,604	-	29,784,604
Total	$ 117,509,212	$ 29,784,604	$ -	$ 147,293,816
December 31, 2015				
Mutual funds	$ 108,207,161	$ -	$ -	$ 108,207,161
Common/collective trust funds	-	26,853,768	-	26,853,768
Total	$ 108,207,161	$ 26,853,768	$ -	$ 135,060,929

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2016 and 2015, there were no significant transfers into or out of levels 1, 2 or 3.

Note D – Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of assets available for benefits.

Note E – Information Certified by Trustees

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustees.

Note F – Party-In-Interest Transactions

Fees paid by the Plan to parties-in-interest for services rendered to the Plan were $275,510 and $284,600 for the years ended December 31, 2016 and 2015, respectively. Such fees were based on reasonable and customary rates.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

Note H – Tax Status

The prototype plan used by the Plan obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not requested or received an individual determination letter. The Company identified certain operational errors with respect to Plan and has taken action using acceptable correction methods. The Plan administrator and counsel for the Company expect that the final outcome of the correction process will not have a material effect on the Plan's financial statements, and believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Multi Packaging Solutions Retirement Plan, which comprise the statements of assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Fidelity Management Trust Company (Fidelity) and Mercer Trust Company (Mercer), the trustees of the plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity held the Plan's investment assets and executed investment transactions from July 1, 2016 to December 31, 2016, and that Mercer held the Plan's investment assets and executed investment transactions as of December 31, 2015 and for the period January 1, 2015 to June 30, 2016. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of Plan

The following description of Multi Packaging Solutions Retirement Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and 401(k) plan covering all eligible employees of Multi Packaging Solutions and its affiliates (collectively, the Company). An eligible employee can become a participant in the 401(k) portion of the Plan on the day he or she attains age 18 and 90 days of employment with the Company. Prior to July 1, 2016, the eligibility requirement was three months of employment consisting of 250 hours worked. Upon participation in the 401(k) portion of the Plan, employees also become eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following plans were merged into the Plan during the year ended December 31, 2015:

Plan Name	Effective Date	Transferred Amount
Chesapeake Pharmaceutical Packaging Company 401(k) Savings Plan	1/1/2015	$ 13,590,812
Chesapeake Pharmaceutical Packaging Company Local 571-M Profit Sharing Plan	1/1/2015	70,886
Jet Lithocolor, Inc. Employees 401(k) Plan	6/4/2015	16,377,512
Integrated Printing Solutions, LLC 401(k) Plan	8/31/2015	330,635
Total amount transferred in from other plans		$ 30,369,845

Contributions

Participants may elect to make contributions to the Plan through payroll deductions of up to 85% of each participant's eligible compensation, as defined, subject to statutory limitations. The plan includes provisions for the automatic enrollment of new eligible participants at 3% of Plan compensation per pay period and for automatic payroll deduction increases of 1% annually as of the participant's enrollment date, unless the increase results in a deduction rate greater than 10%. A participant can elect out of such automatic provisions at any time. The Plan also allows participants to transfer funds from other employer qualified plans into the Plan.

The Company may make discretionary matching contributions based on a participant's deferral. For the plan years ended December 31, 2016 and 2015, the Company elected to match 50% of the first 6% of eligible compensation deferred by each participant. The Company may also make a discretionary profit sharing contribution to the Plan. No such contributions were made for the years ended December 31, 2016 and 2015.

Note A – Description of Plan (Continued)

Plan Operations

The Company has appointed Fidelity Management Trust Company (Trustee) effective July 1, 2016 and Mercer Trust Company prior to July 1, 2016 to serve as Trustee and the Company to act as plan administrator. The Trustee is responsible for holding the investment assets of the Plan, executing investment transactions and making distributions to participants. The Plan administrator interprets and communicates the provisions of the Plan and ensures that all government and participant reporting requirements are fulfilled.

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, gains, or losses. Allocations to participant accounts are based on compensation or account balances, as specified by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contribution accounts is based on years of continuous service, as follows:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years or more	100%

A participant also becomes fully vested at the time of the participant's death, if the participant becomes disabled while employed or upon attainment of normal retirement age.

Payment of Benefits

On termination of service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service withdrawals are permitted upon attaining age 59½ and in cases of financial hardship.

Note A – Description of Plan (Continued)

Loans to Participants

Participant may borrow a minimum of $1,000 and a maximum of one half of the participant's nonforfeitable interest in the Plan or $50,000 reduced by the highest outstanding loan balance in the account during the prior 12-month period. Loan terms may not exceed five years except for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rate commensurate with local prevailing rates as determined by the plan. Principal and interest is paid ratably through payroll deductions.

Costs and Expenses

Certain administrative fees, individual transaction fees and investment expenses are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan are borne by the Company.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer matching contributions. There was a balance of $9,354 and $67,726 in the forfeiture account at December 31, 2016 and 2015, respectively. Forfeitures of $87,028 and $0 were used to reduce matching contributions and fees during the years ended December 31, 2016 and 2015, respectively.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported in the Plan's financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Note B – Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Income from interest is recorded as it is earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in mutual funds and common/collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expense when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document, therefore an allowance for credit losses is not considered necessary at December 31, 2016 and 2015.

Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through January 24, 2018, which is the date the financial statements were available to be issued.

On June 6, 2017, certain operations of the Plan Sponsor were acquired by Westrock Company (Westrock).

Effective August 18, 2017, pursuant to Westrock's acquisition of the Company, the Westrock Retirement Administration Committee was appointed as the plan administrator and the Westrock Company Plan Investment Committee was appointed as the investment fiduciary.

Effective December 29, 2017, the Plan was merged in the Westrock Company 401(k) Retirement Savings Plan.

Reclassification

Certain amounts in the 2015 financial statements have been reclassified to conform with the 2016 presentation.

Note C – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quotes prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets and liabilities in markets that are not active
- other inputs that are observable or can be corroborated by observable market data
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued based on quoted net asset values (NAV) of the shares held by the Plan on the last business day of the Plan year.

Note C – Fair Value Measurements (Continued)

Common/collective trust funds: Valued at NAV based on the closing price for underlying securities, reported on the active market on which underlying securities are traded or based on quoted prices of similar assets. The NAV of the common/collective trust is reported by the fund managers as of the financial statement date based on recent transaction prices, and represents the price at which the Plan would be able to initiate a transaction. The common/collective trust funds held by the Plan provide for daily redemptions by the Plan at NAV with no advance notice requirement, and have no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Level 1	Level 2	Level 3	Total
December 31, 2016				
Mutual funds	$ 117,509,212	$ -	$ -	$ 117,509,212
Common/collective trust funds	-	29,784,604	-	29,784,604
Total	$ 117,509,212	$ 29,784,604	$ -	$ 147,293,816
December 31, 2015				
Mutual funds	$ 108,207,161	$ -	$ -	$ 108,207,161
Common/collective trust funds	-	26,853,768	-	26,853,768
Total	$ 108,207,161	$ 26,853,768	$ -	$ 135,060,929

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2016 and 2015, there were no significant transfers into or out of levels 1, 2 or 3.

Note D – Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of assets available for benefits.

Note E – Information Certified by Trustees

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustees.

Note F – Party-In-Interest Transactions

Fees paid by the Plan to parties-in-interest for services rendered to the Plan were $275,510 and $284,600 for the years ended December 31, 2016 and 2015, respectively. Such fees were based on reasonable and customary rates.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

Note H – Tax Status

The prototype plan used by the Plan obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not requested or received an individual determination letter. The Company identified certain operational errors with respect to Plan and has taken action using acceptable correction methods. The Plan administrator and counsel for the Company expect that the final outcome of the correction process will not have a material effect on the Plan's financial statements, and believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.
