NOTE 1 – DESCRIPTION OF PLAN

The following description of the Woodlands 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The retirement committee of Woodlands Medical Specialists, PA (Company) approved the creation of the Woodlands 401(k) Profit Sharing Plan during the fiscal year ended December 31, 2009. The Plan was created to provide employees of the Company with a retirement incentive package.

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are eighteen years of age or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employee Salary Deferral Contributions – Each year, participants may contribute to the Plan from 1% to 75% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

401(k) Safe Harbor Contributions – Each year, the Company contributes to the participant 3% of the employee's gross earnings.

Employer Match Contributions – Each year, the Company may make a discretionary contribution equal to 50% of each employee's salary deferrals up to 6%, which would be a maximum of 3% of the participant's pretax annual compensation.

Profit Sharing Contributions – Each year, the Company may make an additional discretionary contribution to the participant based on the current year's profits before income taxes. This amount is referred to as the profit sharing portion and represents an additional amount at the option of the Company's board of directors. Contributions are subject to certain IRS compensation limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution; Company's matching contribution, Company's safe harbor contribution; Company's profit share contribution and an allocation of any Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Participant salary deferrals may be treated as either "pre-tax" or "Roth" (after tax) contributions. This election can be made upon entrance into the Plan. Elections can be changed quarterly throughout the plan year.

Investment elections

Each participant may direct all contributions into one or more investment options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer contributions for participants and the related earnings are gradually vested over 6 years of credited service where they become 100% vested.

Notes receivable

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest between 3.25% and 3.5%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. The note receivable from participants balance at December 31, 2016 and 2015 was $146,302 and $162,945, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account, as a lump-sum distribution or as a rollover to another qualified plan.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited amounts in nonvested accounts totaled $86, and $1,373, respectively. These accounts will be used to reduce future employer contributions and administrative expenses. For year ended December 31, 2016, the amount of forfeitures used to reduce employer contributions and administrative expense totaled $42,000.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Cash and Cash Equivalents

The Plan considers highly liquid debt instruments with original maturities of less than three months to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/decrease includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Accounts payable

Amounts payable to the company, for overpayment of company match, is recorded as a liability with a corresponding reduction to employer contributions.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses

Most of the Plan's administrative expenses are paid by the Company. Expenses recorded in the Plan are related to participant notes and distributions, and are paid by the participant.

Date of Management's Review

Management of the Plan has evaluated for subsequent events through January 29, 2018, which is the date on which the financial statements were available to be issued.

NOTE 3 – INVESTMENTS (UNAUDITED)

Financial Information Certified By Trustee (Unaudited)

The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustee, in accordance with Section 2530.103-5 of Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

(a) Information included in the statements of net assets available for benefits:
- Investment, at fair value ($20,220,524 and $17,883,492 at December 31, 2016 and 2015, respectively);
- Notes receivable from participants (at fair value) ($146,302 and $162,945 at December 31, 2016 and 2015, respectively).

(b) Information included in the statements of changes in net assets available for benefits:
- Net appreciation of investments ($843,150 for the year ended December 31, 2016);
- Dividends ($578,328 for the year ended December 31, 2016);
- Investment income on notes receivable from participants ($5,310 for the year ended December 31, 2016).

NOTE 4 – FAIR VALUE MEASUREMENTS (UNAUDITED)

Management of the Plan applies ASC 820, *Fair Value Measurements*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

NOTE 4 – FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of the input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: The fair values of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (level 1 inputs). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the unit value as reported by the trustee of the fund on each valuation date. Collective trust funds held by the Plan are measured at NAV using the practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the statement of Net Assets Available for Benefits. There are no unfunded commitments, significant redemption limitations or restrictions on the ability to sell these funds. The fund seeks to maintain an NAV of $1 per share and preserve the principal investment.

NOTE 4 – FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015

	Assets at Fair Value			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
December 31, 2016				
Mutual funds	$ 18,798,854	$ -	$ -	$ 18,798,854
Total assets in the fair value hierarchy	18,798,854	-	-	18,798,854
Investments measured at net asset value				1,421,670
Total Investments, at fair value				$ 20,220,524

	Assets at Fair Value			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
December 31, 2015				
Mutual funds	$ 16,566,796	$ -	$ -	$ 16,566,796
Total assets in the fair value hierarchy	16,566,796	-	-	16,566,796
Investments measured at net asset value				1,316,696
Total Investments, at fair value				$ 17,883,492

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation/appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers in or out of levels 1, 2, or 3.

NOTE 5 – RELATED PARTY TRANSACTIONS

The Plan did not have any related party transactions or parties in interest transactions during the year ended December 31, 2016.

NOTE 6 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions and the earnings on those contributions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, credit risks and custodial risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – TAX STATUS

The IRS has determined and informed the Company by a letter dated October 31, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013

NOTE 9 – REALIZED AND UNREALIZED GAINS AND LOSSES

Realized and unrealized gains and losses are calculated using a historical basis for financial statements purposes. This is different than the instructions for the IRS Form 5500 which require that assets be revalued to current (market) value at the beginning of the plan year. The gain or loss on a sale of an investment held at the beginning of the plan year must be calculated using the current value of that investment at the beginning of the plan year.

NOTE 10 – SUBSEQUENT EVENTS

Effective June 13, 2017 the Plan transitioned its 401(k) record keeping and trustee duties from McCready and Keen, Inc. and TD Ameritrade Trust Company, respectively to DWC ERISA Consultants, LLC and Great-West Trust Company, LLC, respectively.
