Note A: Description of Plan

The following description of the Continental Cars, Inc. 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Continental Cars, Inc. (the Plan Sponsor) established the Plan to provide employees with a systematic means of saving and investing for the future. The Plan is a defined contribution plan covering all full-time employees of the Plan Sponsor who have one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) of 2001. The Plan Sponsor pays all administrative expenses of the Plan.

Plan Administration

The Plan is administered by the Plan Sponsor. The Plan's trustee, VOYA Retirement Insurance and Annuity Company (the Trustee), is responsible for the custody and management of the Plan's assets.

Contributions

Participants may contribute from 100% of pretax annual compensation, as defined, not to exceed $18,000 for 2016, plus a $6,000 catch up contribution if the participant is over the age of 50. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor contributed a 10% matching contribution for 2016 of the amount that a participant contributed to the Plan. Additional amounts may be contributed at the option of the Plan Sponsor's board of directors. All employer contributions are deposited annually for the preceding calendar year matching contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contribution in increments in a variety of investment options, including mutual funds, listed stocks, and cash accounts. Participants may change their investment options at any time.

Participant's Accounts

Each participant's account is credited with the participant's contributions, allocations of the Plan Sponsor's discretionary contributions, and the Plan's gains or losses. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan balances are treated as assets of the participant's account. The loans are secured by the participant's remaining vested account balance. The notes are required to bear interest and to be repaid over periods not exceeding five years, unless used to purchase a primary residence.

Participant notes receivable are measured at the unpaid principal balance plus any accrued but unpaid interest.

Note A: Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earning thereon, and in the Plan Sponsor's matching and discretionary contribution portion of their accounts plus actual earnings thereon.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account, or annual installments over a specified period. For termination of service due to other reasons, a participant may receive the value of his or her account as a lump-sum distribution. Participant accounts with balances of less than $5,000 may be distributed without the participant's consent. For participant accounts with balances of more than $5,000, participant consent is required.

Forfeited Accounts

At December 31, 2016 and 2015, there were no forfeited non-vested accounts. All accounts are fully vested immediately upon the contribution of funds to each participant's account.

Note B: Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements are prepared on the accrual basis of accounting. As of December 31, 2016 and 2015 and for the years then ended, the Plan included combined participants of Continental Cars, Inc., Continental Imports, Inc. and Austin Infinity, Inc. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (see **Note C**), except for fully benefit-responsive investment contracts, which are reported at contract value. Quoted market prices are used to value investments stated at fair value. Shares of mutual funds are valued at the net asset value of shares and the stable value fund is valued at contract value held by the Plan at year end. Notes receivable from participants are valued at their outstanding balances, plus any accrued but unpaid interest which approximate fair value.

Contributions

Contributions from employees and the Plan Sponsor are recorded in the period in which the Plan Sponsor makes the payroll deductions from participant earnings.

Participant Notes Receivable

Participant Notes Receivable are valued at cost, which approximates fair value.

Note B: Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Net Appreciation (Depreciation) in Fair Value of Investments

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

The Fair Value Measurements and Disclosures Topic of the FASB ASC, 820·10, defines fair value, establishes a three· level valuation hierarchy for disclosure of fair value measurements, and expands disclosures about fair value measurements. An instrument's categorization within the hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Level 1 - Inputs that utilize quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 - Inputs that include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 - Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions as there is little, if any, related market activity

Fair Value of Financial Instruments

Continental Cars financial instruments include receivables, and investments. The carrying amount of these financial instruments, except for investments (see **Note H**), as reflected in the Statements of Net Assets Available for Benefits approximates fair value.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and the Plan Sponsor, are recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as administrative expenses.

Date of Management's Review

Subsequent events have been evaluated through January 31, 2018, which is the date the financial statements were available to be issued.

Note B: Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board (FASB) adopted Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. This standard eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at the net asset value (NAV) per share (or its equivalent) using the practical expedient in FASB's fair value measurement guidance. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively. Management does not expect this ASU to have a material impact on the financial statements.

In July 2015, the FASB adopted ASU 2015-12, *(Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedien*t. Upon adoption of the standard, plans are no longer required to:

- Measure fully benefit-responsive investment contracts (FBRICs) at fair value;
- Disaggregate investments by nature, risks and characteristics;
- Disclose individual investments that represent five percent or more of net assets available for benefits; or
- Disclose net appreciation or depreciation for investments by general type.

These provisions are to be applied retrospectively and are effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan adopted ASU 2015-12 for the year ended December 31, 2014. The adoption of ASU 2015-12 did not have a material impact to the Plan.

Note C: Information Certified by the Plan's Trustee

Note C: Information Certified by the Plan's Trustee (Continued)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Interest income from the stable value fund of party-in-interest totaled **$16,577** and $16,467 and net appreciation (depreciation) in fair value of the investments totaled $963,021 and ($215,552) in 2016 and 2015, respectively. Fees paid to party-in-interest amounted to **$6,998** and $5,117 in 2016 and 2015, respectively.

Participant notes receivable totaled **$509,080** and $443,987 as of December 31, 2016 and 2015, respectively. Interest earned on participant loans totaled **$21,998** and $22,226 in 2016 and 2015, respectively.

Interest in Common Collective Trusts

These accounts are valued at contract value of shares held by the Plan at year-end. The Stable Fund is available through an annuity contract issued by Voya Retirement Insurance and Annuity Company and guarantees principal and a minimum guaranteed interest rate for the life of the product.

The Plan invests in an investment contract held in the Stable Value Fund of Voya. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Stable Value Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Stable Value Fund is fully benefit-responsive, contract value is the relevant measurement attributable to the Stable Value Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the previous six month period. There is no stated minimum or maximum interest rate for the Stable Value Fund.

Certain events limit the ability of the Plan to transact at contract value with Voya Retirement Insurance and Annuity Company. Such events include amendments to the plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Interest in Pooled Separate Accounts

These accounts are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note D: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note E: Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the Code). The Plan has been amended since receiving the latest determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan remains in compliance and is currently being operated in compliance with the applicable requirements of the Code.

Note F: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits

Note G: Party-in-Interest Transactions

The Plan invests in allocated insurance contracts and annuities sponsored by the Plan's custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment services amounted to **$6,998** and $5,117 for the years ended December 31, 2016 and 2015, respectively.

Note H: Fair Value Measurements

The reporting entity uses fair value measurements to record fair value adjustments to certain assets and liabilities to determine fair value disclosures. For additional information on how the Plan measures fair value, refer to **Note B**.

The following describes the valuation methods and assumptions used by the Plan in estimating the fair value disclosures for investments. There have been no changes in methodologies used at December 31, 2016 and 2015:

- *Pooled Separate Accounts* are valued on the quoted net asset value of the shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future values. Furthermore, the Plan believes its valuation methods or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

Note H: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:
