ROBINSON HEALTH AFFILIATES EMPLOYEE BENEFIT 401(k) PLAN

Notes to Financial Statements

March 30, 2017 and December 31, 2016

(1) Description of the Plan

The following description of the Robinson Health Affiliates Employee Benefit 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan, established by Robinson Health Affiliates, Inc. (Sponsor), to provide deferred compensation benefits to eligible employees. Effective June 1, 2015, as a result of University Hospitals Health System, Inc. (University Hospitals) purchasing the Sponsor, the authority to amend the Plan was delegated to University Hospitals and its designated officers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2016, the Plan was frozen for further participation and contributions. Eligible employees of the Plan became participants of the University Hospitals Health System 401(k) Retirement Savings Plan (University Hospitals 401(k) Plan). Participant balances remained within the Plan as of December 31, 2016.

The Compensation Committee under the Board of Directors of University Hospitals, as permitted by the plan document, adopted and approved an amendment of merger to transfer the assets of the Plan into the comparable University Hospitals benefit plan. The Plan's assets were transferred into the comparable University Hospitals benefit plan, University Hospitals Health System, Inc. 401(k) Retirement Savings Plan, on March 30, 2017.

(b) Participant Accounts

Each participant's account is credited with the participant's contributions, the Sponsor's matching contribution, and an allocation of Plan earnings or losses. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

(c) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in employer contributions after a one year vesting period. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

(d) Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future plan expenses and employer matching contributions.

(e) Payment of Benefits

Upon termination of service, a participant will be entitled to receive the vested portion of his or her account. Benefits are recorded when paid.

Notes to Financial Statements

March 30, 2017 and December 31, 2016

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one note receivable outstanding. The notes are secured by the balance in the participant's account and bore interest rates that ranged from 4.25% to 8.75% for the year ended December 31, 2016, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. Principal loans are valued at amortized cost, which represents the unpaid principal.

(g) Administrative Expenses

Various administrative costs are paid by the Plan. Other expenses, such as audit fees, are paid by the Plan Sponsor.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

(c) Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ROBINSON HEALTH AFFILIATES EMPLOYEE BENEFIT 401(k) PLAN

Notes to Financial Statements

March 30, 2017 and December 31, 2016

(3) Investments

During the period from January 1, 2017 to March 30, 2017 and the year ended December 31, 2016, the notes receivable from participants interest income and net appreciation in the Plan's investments (including investments bought, sold, and held during the period) as certified by the trustee of the Plan were as follows:

	March 30, 2017	December 31, 2016
Notes receivable from participants interest income	\$ 116	614
	116	614
Net appreciation in investments at fair value	90,212	123,512
Total investment income	\$ 90,328	124,126

(4) Information Prepared and Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments:

- Investments, at fair value
- Net appreciation in fair value of investments
- Interest and dividends

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(5) Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; |

ROBINSON HEALTH AFFILIATES EMPLOYEE BENEFIT 401(k) PLAN

Notes to Financial Statements

March 30, 2017 and December 31, 2016

inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 30, 2017 and December 31, 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 as there were no investments as of March 30, 2017:

December 31, 2016				
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds:	\$ 1,717,344			1,717,344
Total assets	\$ 1,717,344	—	—	1,717,344

For the period ended March 30, 2017 and the year ended December 31, 2016, there were no transfers in or out of Level 1, 2 or 3.

(6) Related Party and Party-in-Interest Transactions

Certain plan investments and shares of mutual funds are managed by the Trustee of the Plan. Therefore, transactions in these mutual funds qualify as party-in-interest transactions.

ROBINSON HEALTH AFFILIATES EMPLOYEE BENEFIT 401(K) PLAN

Notes to Financial Statements

March 30, 2017 and December 31, 2016

The Plan has also engaged a third party to provide investment advisory services to participants. Fees paid by participants to the third party totaling \$445 and \$1,671 are included in administrative expenses for the period from January 1, 2017 to March 30, 2017 and the year ended December 31, 2016, respectively. The plan sponsor pays directly any other fees related to the Plan's operations.

(7) Plan Termination

The Plan Sponsor has the right under the Plan to terminate the Plan, subject to the provisions set forth in the plan agreement and ERISA. Upon termination, participants would remain 100% vested in their accounts.

(8) Income Tax Status

Effective January 1, 2014, the Plan adopted a standardized form of a prototype plan sponsored by CBIZ Retirement Plan Services. The prototype plan has received a favorable determination letter, dated March 31, 2014, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC) and that, therefore, the Plan qualifies under Section 401(a) of the IRC, and the related trust is tax exempt as of March 30, 2017.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination, including the resolution of appeals or litigation processes, if any. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 30, 2017 and December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Subsequent Events

All activity of the Plan has been evaluated through January 31, 2018, the date the financial statements were available to be issued. There were no reportable events.
