Epoch Properties, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Epoch Properties, Inc. 401(k) Profit Sharing Plan (the Plan), as amended and restated effective January 1, 2015, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, which was established by Epoch Properties, Inc. (the Company, Employer or Plan Sponsor) on January 1, 1995, is a defined contribution plan covering substantially all eligible employees of the Employer and employees of acquired entities that have adopted the Plan as of January 1, 2013, who had reached the age of 21 and completed one year of service as of the next enrollment date (semi-annual). In general, one year of service is defined as a 12-month consecutive period after commencement of employment in which an employee works at least 1,000 hours. The Chief Executive Officer is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by Pencor, Inc. (Pencor). John Hancock Life Insurance Company (USA) (John Hancock) is the Plan custodian and is responsible for investing and managing the Plan assets (subject to the direction of the Company and Plan participants).

Contributions: Plan participants may voluntarily contribute, on a pre-tax basis, any amount of their qualified annual compensation, as defined by the Plan, up to the Internal Revenue Code (IRC) maximum limits. Participants who have attained the age of 50 before the end of the Plan year are eligible to make "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Contributions are subject to certain Internal Revenue Service (IRS) limitations. All contributions are held in trust, and invested by the Plan's custodian in accordance with the options elected by the participants (i.e., all investments are participant directed).

The Company made matching contributions of 100% of the first 3% of eligible participant contributions and 50% of the next 2% of eligible participant contributions. Any employer contributions made on behalf of a participant for which no investment direction is in effect shall be allocated to one of the John Hancock Retirement Funds based on the appropriate retirement fund for the participant, subject to the participant's right to transfer those funds in accordance with the Plan.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions in a variety of investment choices as more fully described in the Plan's literature. Participants can change their contribution percentage semiannually during the open enrollment window. Participants may change their investment options at any time.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's match, allocation of Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participants' contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Epoch Properties, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants were vested in the Company's matching plus actual earnings thereon based on the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant is 100% vested after six years of service, upon termination of service due to death or disability, or upon reaching normal retirement age.

Payment of benefits: Upon termination of service due to death, disability, or retirement, participants may elect to receive either a lump-sum amount equal to the value of their vested accounts, or receive regular installments over a period not to exceed their life expectancy. In the event of the death of a participant, the participant's account will be paid to the participant's beneficiary in a single lump-sum payment or regular installments over a period of time. The normal retirement age, as defined by the Plan, is age 65. Participants still employed who have reached age 70½ can defer payment of their benefits until their retirement date. If a participant terminates before retirement and has a vested account balance in excess of \$5,000, they may elect a lump-sum payment or monthly, quarterly, semiannual or annual installments over a specified period of time. Vested account balances less than \$1,000 will be distributed in a lump-sum payment. In addition, hardship distributions are permitted if certain criteria are met. Hardship distributions are only allowed to be drawn on the participant's elective deferral account once the account has become fully vested.

Forfeitures: Any non-vested account balance after the distribution of a terminated participant's vested account balance is forfeited. Forfeitures of participants' non-vested account balances are to be used to reduce future Company contributions to the Plan or pay Plan expenses in the following Plan year. Forfeited nonvested accounts totaled \$0, \$3,297, and \$983 as of April 3, 2017, December 31, 2016 and 2015, respectively. During the period from January 1, 2017 through April 3, 2017, and the year ended December 31, 2016, no forfeitures were used to reduce employer contributions or pay administrative expenses.

Notes from participants: Participant loans are not allowed under the Plan. However, there are participant loans that were transferred to the Plan as a result of the merger with the Epoch Management, Inc. Plan (the EMI Plan). On January 1, 2013, the loans that have been transferred to the Plan were subject to the following terms. Under the EMI Plan, participants borrowed from their fund accounts a minimum of \$1,000 up to the lesser of 50% of their vested account balance or \$50,000. All notes are repaid within a period of five years, except notes for the participant's principal residence, which must be repaid in a reasonable period of time. The notes are collateralized by a portion of the balance in the participant's account and bear a fixed rate of interest based on the prevailing prime rate at the date of each note. All notes have been repaid as of December 31, 2016.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are presented under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Contributions: Contributions from Plan participants and the safe harbor matching contributions from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from the financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after April 3, 2017) through January 31, 2018, which is the date of the financial statements were available to be issued.

Note 3. Plan Merger

On January 3, 2017, the Board of Directors of Epoch Properties, Inc., the Plan's Sponsor, formally authorized the merger of the Epoch Properties, Inc. 401(k) Profit Sharing Plan into the CoAdvantage Corporation Retirement Savings Plan effective January 31, 2017. As of April 3, 2017, all of the Plan's net assets have been transferred out of the Plan and funded into the CoAdvantage Corporation Retirement Savings Plan (see Note 8).

Note 4. Information Certified or Provided by John Hancock Life Insurance Company (USA) (Custodian)

The following is a summary of the Plan's asset information as of April 3, 2017, December 31, 2016 and 2015, and for the period from January 1, 2017 through April 3, 2017, and for the year ended December 31, 2016, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by John Hancock, the custodian under the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information that appears throughout the financial statements and supplemental schedules related to the following assets:

	April 3, 2017	December 31, 2016	December 31, 2015
Investments, at fair value:			
Pooled separate accounts	\$ -	\$ 2,778,594	\$ 3,603,879

	<u>\$ -</u>	<u>\$ 2,940,424</u>	<u>\$ 3,747,125</u>
Notes receivable from participants	\$ -	\$ -	\$ 1,328

John Hancock also certified to the completeness and accuracy of \$189,205 and \$179,338 of net appreciation in fair value of investments and \$35 and \$259 of interest related to the aforementioned Plan assets for the period from January 1, 2017 through April 3, 2017, and for the year ended December 31, 2016, respectively.

Notes to Financial Statements

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 3, 2017, December 31, 2016 or 2015.

Pooled separate accounts: Valued at the net asset value (NAV) of shares in each account held by the Plan at year-end. The NAV is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used a practical expedient to estimating fair value.

Money market account: Valued at the closing price reported on the active market on which the individual securities are traded.

Guaranteed investment accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Note 5. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2016 and 2015:

	2016	2015	Unfunded	Redemption	Other	
	Fair Value	Fair Value	Commitment	Frequency	Redemption Restrictions	Redemption Notice Period
Pooled separate accounts:						
Asset Allocation - Lifestyle	\$ 1,334,151	\$ 1,105,485	\$ -	Twice a month	None	None*
Growth	1,018,614	1,616,043	-	Twice a month	None	None*
Aggressive Growth	241,044	456,786	-	Twice a month	None	None*
Growth & Income	167,832	414,808	-	Twice a month	None	None*
Income	16,953	10,757	-	Twice a month	None	None*
	<u>\$ 2,778,594</u>	<u>\$ 3,603,879</u>	<u>\$ -</u>			

* Although there is no notice period limitation for redemptions, participants who take redemptions from individual funds are not allowed to transfer back into those funds until the 30-day holding period has expired. New contributions are allowed during this time period.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefit.

Note 6. Guaranteed Investment Contracts With Insurance Company

The Plan has guaranteed investment contracts with John Hancock. John Hancock maintains contributions to the Plan in general accounts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses.

The Plan has guaranteed interest accounts that earn interest at specified rates for specified contract periods of three, five or ten years. Contributions to these accounts are invested in the general assets of John Hancock and guaranteed by John Hancock. The contract rate for contributions to these accounts at April 3, 2017, December 31, 2016 and 2015, were 0.80%, 0.50% and 0.60%, respectively, for a three-year contract and 1.30%, 0.95% and 1.15%, respectively, for a five-year contract. The contract rate for contributions to these accounts at December 31, 2016 and 2015, was 1.25% and 1.35%, respectively, for a ten-year contract. Due to the restriction on the interest accounts, which only allows participants to allocate up to 20% of their beginning-of-the-plan-year balance out of these accounts on four contract specified days within the Plan year without penalty, investments in these guaranteed interest accounts have been determined to be not fully benefit-responsive.

Note 7. Related Party and Parties-in-Interest Transactions

John Hancock is the custodian of the Plan and Pencor provides recordkeeping services; therefore, transactions with these providers qualify as party-in-interest transactions. Fees paid by the Plan for administration and custodian services amounted to \$0 and \$12 payable to John Hancock during the period from January 1, 2017 through April 3, 2017, and year ended December 31, 2016, respectively. The Plan Sponsor also paid certain administrative expenses of the Plan that are not reflected in these financial statements of the Plan.

Note 8. Plan Termination and Amendment

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

On January 3, 2017, the Board of Directors of Epoch Properties, Inc. formally authorized the merger of the Epoch Properties, Inc. 401(k) Profit Sharing Plan into the CoAdvantage Retirement Savings Plan effective January 31, 2017.

Note 9. Tax Status

The Plan has adopted a standardized form of a volume submitter prototype plan sponsored by Sungard Corbel LLC. The volume submitter prototype plan has received an opinion letter, dated March 31, 2014, from the IRS as to the volume submitter prototype plan's qualified status. The volume submitter prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Nonexempt Transactions

During 2016 and 2015, the Company inadvertently failed to deposit \$40,365 and \$76,407, respectively, of participant deferrals within the required timeframe as stated by the Department of Labor (DOL). The Company reimbursed participants affected by contributing the missed deferrals and lost earnings to the Plan during 2018 for the 2016 prohibited transactions. The 2015 prohibited transactions have been corrected during 2016. The lost earnings and excise tax payments have been made from the Company's assets and not from the assets of the Plan.
