Notes to the Financial Statements

1. Plan Description

The following description of the Children's Community Care, Inc. (d/b/a Children's Community Pediatrics) 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

Plan Merger and Transfer of Assets

Effective January 1, 2017, the Children's Community Care, Inc. (d/b/a Children's Community Pediatrics) Pension Advisory Committee consented to merge the Plan with and into the UPMC 401(a) Retirement Savings Plan (the UPMC Plan). The eligible participants of the Plan are now participants of the UPMC Plan and afforded the full rights and privileges thereof, as provided in the UPMC Plan. The transfer of the assets of the Plan into the UPMC Plan was completed on May 1, 2017.

General

The Plan, as amended, is a defined contribution plan covering substantially all employees of Children's Community Care, Inc. (d/b/a Children's Community Pediatrics) (the Company) who have completed at least one year of service. The Plan was restated effective April 16, 2012.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Entry dates are the earlier of the first day of the plan year or the first day of the seventh month of the plan year coinciding with or following the date on which an employee meets the eligibility requirements.

Effective January 1, 2017, the Plan was frozen to not permit any new participants or employee contributions.

Contributions

Prior to January 1, 2017, participants could direct contributions to the Plan from 1% up to 50% of their annual compensation on a pre-tax deferred basis, subject to certain limitations. The Plan was amended effective January 1, 2009 to allow participants to elect Roth deferrals. Roth deferrals are subject to federal income tax in the year of deferral. In any calendar year in which a participant is age 50 or older, an additional "catch-up contribution" (limited to \$6,000 in 2016) could be made. Participants could also roll over balances into the Plan from other qualified retirement plans. The Company provided a qualified safe harbor non-elective contribution of 3% of each participant's eligible compensation. The Company could also make a matching contribution equal to a discretionary percentage of participants' salary deferrals. There were no non-elective contributions or discretionary matching contributions made in the period January 1, 2017 to May 1, 2017.

1. Plan Description (Continued)

Participant Accounts

The plan administrator maintains separate accounts for each participant. Each participant's account is credited with their voluntary contributions and with an allocation of the Company's matching contributions and plan earnings. Allocations of the Company's contributions are based on employee contributions for the Company matching amount and on compensation for any qualified non-elective contributions. Allocations of fund investment income (loss) to the participants' accounts are based upon the ratio of the participant's account balance to the total balance of all participant account balances in the fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions. A participant is 100% vested in qualified non-elective contributions and discretionary matching contributions made by the Company plus actual earnings thereon after three years of credited service.

Benefits

Upon early termination of employment or termination of service due to death, disability or retirement, a participant or their beneficiary may receive payment in a lump sum, or in installments equal to the value of the participant's vested interest in his or her account. If the participant's account balance is less than or equal to \$1,000, the Plan may make a lump-sum payment without the participant's consent.

Participants may elect to receive alternate forms of distributions as defined by the plan document.

At May 1, 2017 and December 31, 2016, there were no amounts allocated to accounts of individuals who have withdrawn from the Plan but have not been paid.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the participant's highest outstanding loan balance during the prior 12 months. Loan terms range from 12 to 60 months, or up to 180 months for the purchase of a participant's residence. The loans are secured by the balance of the participant's account and bear interest at the prime rate in effect at the date of the loan plus 1%. Effective November 1, 2016, loans are no longer permitted in the Plan.

Forfeitures

Nonvested accounts are forfeited upon participants' terminations. Forfeited amounts resulting from employer matching and non-elective contributions and earnings thereon could be used to reduce Company matching contributions. There were no significant forfeitures in 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation, Income Recognition and Risks

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 1, 2017 and December 31, 2016.

Mutual funds are public investment vehicles valued using the net asset value provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation, Income Recognition and Risks (Continued)

The KeyBank EB Managed Guaranteed Investment Contract Fund that was entered into in 2012 is a fully benefit-responsive investment contract in a common collective trust fund (CCT). The fund is valued using the net asset value (NAV) provided by the administrator of the trust on the last day of the Plan's year end. The NAV is based on the value of the underlying assets by the trust, minus its liabilities, and then divided by the number of shares outstanding.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The cost of investments sold, distributed, or forfeited is determined using the specific identification method. Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on securities sold or redeemed are determined on specific identification. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of May 1, 2017 or December 31, 2016. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.

Administrative Expenses

Administrative expenses, other than the annual audit fee, which is paid by the Company, are paid by the Plan. The Company may elect, however, not to pay the annual audit fee, at which time it would be paid by the Plan.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The plan sponsor evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through January 10, 2018, the day the financial statements were approved and authorized for issue.

3. Investments

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level, as described in Note 2:

<i>As of May 1, 2017</i>	Level 1	Total
Mutual funds at fair value	\$ -	\$ -
Common collective trust measured at net asset value*	-	-
Investments at Fair Value	\$ -	\$ -

<i>As of December 31, 2016</i>	Level 1	Total
Mutual funds at fair value	\$ 74,764,731	\$ 74,764,731
Common collective trust measured at net asset value*	-	1,057,741
Investments at Fair Value	\$ 74,764,731	\$ 75,822,472

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits.

4. Common Collective Trust Fund

The Plan had a common collective trust, which was valued at NAV (Note 3). There are minimal restrictions for the exchanging of shares. Participant-directed purchases and sales are at the NAV. If the Plan initiates a full redemption, the investment advisor reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to the Financial Statements (Continued)

4. Common Collective Trust Fund (Continued)

Fair value is derived based on the value of the underlying assets by the trust, minus its liabilities, and then divided by the number of shares outstanding.

5. Certification of Financial Information

Capital Bank and Trust Company, the trustee of the Plan, has certified that all investment information related to mutual funds, the common collective trust, and notes receivable from participants summarized in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits for the period from January 1, 2017 to May 1, 2017 is complete and accurate.

6. Related Party and Exempt Parties-in-interest Transactions

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

Certain plan investments are shares of registered investment companies (mutual funds) managed by an affiliate of Capital Bank and Trust Company. Capital Bank and Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The total market value of investments in the registered investment companies (mutual funds) managed by Capital Bank and Trust Company was \$0 at May 1, 2017 and \$60,951,510 at December 31, 2016. Fees paid by the Plan to Capital Bank and Trust Company for the investment management services were not significant for the period January 1, 2017 to May 1, 2017.

The Plan had notes receivable from participants subject to specific guidelines as defined in the plan document (Note 1).

These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

7. Tax Status

The plan sponsor has adopted a modified prototype plan of American Funds Distributors, Inc. (AFD). AFD obtained a letter dated March 31, 2014, in which the Internal Revenue Service stated its opinion that the form of the prototype plan of AFD is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to the Financial Statements (Continued)

7. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Company has analyzed the tax positions taken by the Plan and has concluded that, as of May 1, 2017 and December 31, 2016, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
