INDEPENDENT AUDITORS' REPORT

Board of Trustees
Sheet Metal Workers Local 24
Cincinnati Area Retirement Plan and Trust
Dayton, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of Sheet Metal Workers Local 24 Cincinnati Area Retirement Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of May 31, 2016, and the related statement of changes in net assets available for benefits for the year ended May 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Sheet Metal Workers Local 24 Cincinnati Area Retirement Plan and Trust as of May 31, 2016, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Adjustments to Prior Period Financial Statements

The financial statements of the Plan as of May 31, 2015, were audited by other auditors whose report dated March 9, 2016, expressed an unmodified opinion on those statements. As described in Note 2, the Plan restated its 2015 Statement of Net Assets Available for Benefits to present fully benefit-responsive investment contracts at fair value with an adjustment to contract value. This restatement had no impact on net assets available for benefits as previously reported. The other auditors reported on the financial statements before the restatement.

As part of our audit of the 2016 financial statements, we also audited the adjustment described in Note 2 that was applied to restate the 2015 financial statements. In our opinion, this adjustment is appropriate and has been properly applied. We were not engaged to audit, review, or apply any procedures to the 2015 financial statements of the Plan, other than with respect to the adjustment and, accordingly, we do not express an opinion or any other form of assurance on the 2015 financial statements as a whole.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The following brief description of the Sheet Metal Workers Local 24 Cincinnati Area Retirement Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of those employers who have agreed to make the required employer contributions to the Plan in accordance with a collective bargaining agreement with the Sheet Metal Air Rail and Transportation Local Union 24. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The contributing employers are primarily located in Southwest Ohio. Therefore, the Plan is affected by the economic conditions of the region.

Contributions

In accordance with the collective bargaining agreement, employers are required to make monthly contributions at a fixed dollar amount for each hour worked by participants. No participant contributions to the Plan are permitted.

Participant Accounts

Each participant's account is credited with employer contributions and allocations of plan earnings and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in the contributions made on their behalf by employers plus actual earnings thereon.

Concentrations

The Plan received contributions from four employers that accounted for 68% of contributions for the year ended May 31, 2016. These four employers accounted for 66% and 53% of the contributions receivable at May 31, 2016 and 2015, respectively.

Payment of Benefits

Upon termination of service (whether due to retirement, death, disability, or other termination of employment), a participant is entitled of the full value of his or her account, payable in a lump sum or through an annuity provided by an independent licensed insurance company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

The prior year's Statement of Net Assets Available for Benefits originally presented a common/collective trust that holds fully benefit-responsive investment contracts at contract value. As the fair value of the common/collective trust exceeded contract value, the fair value of the Plan's investment was increased by \$19,518 as of May 31, 2015. A corresponding adjustment to contract value was also reflected on the Statement of Net Assets Available for Benefits. This reclassification did not impact the Plan's net assets available for benefits as of May 31, 2015.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, see Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at year-end.

Benefit payments

Benefit payments to participants are recorded when paid.

Reciprocity contributions

Participants of the Plan and participants of the benefit plans of other affiliated local unions may have temporary employment assignments outside the jurisdiction of their local union. Therefore, the Plan has entered into reciprocity agreements with other affiliated locals to ensure that employer contributions are forwarded to the benefit plans of the participant's local union. Reciprocal contributions received and reciprocal contributions paid are classified with employer contributions on the statements of changes in net assets available for benefits.

Change in accounting policy

The Financial Accounting Standards Board (FASB) recently issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning December 15, 2015, with earlier adoption permitted. The Plan has elected to early adopt Part II of ASU 2015-12, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Subsequent events

The Plan trustees evaluate events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through November 18, 2016, the date on which the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2016 and 2015.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. The Plan's investments in common/collective trust funds include a stable value fund that is composed primarily of fully benefit-responsive investment contracts. Were the Plan to initiate a full redemption of the stable value collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

There have been no changes in the methodologies used during 2016 and 2015.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2016:

	Fair Value	Level 1	Level 2	Level 3
Registered investment companies	\$ 22,996,856	22,996,856	-	-
Common/collective trusts	2,785,067	-	262,116	2,522,951
	<u>\$ 25,781,923</u>	<u>22,996,856</u>	<u>262,116</u>	<u>2,522,951</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2015:

	Fair Value	Level 1	Level 2	Level 3
Registered investment companies	\$ 24,293,636	24,293,636	-	-
Common/collective trusts	2,436,287	-	298,539	2,137,748
	<u>\$ 26,729,923</u>	<u>24,293,636</u>	<u>298,539</u>	<u>2,137,748</u>

The Plan's Level 3 assets consist of the Goldman Sachs Stable Value Collective Trust. The fair value of this investment was \$2,522,951 and \$2,137,748 as of May 31, 2016 and 2015, respectively. The Plan has no unfunded commitments related to this investment and daily redemptions are permitted.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended May 31, 2016:

Balance - May 31, 2015	\$ 2,137,748
Net gain (loss)	8,401
Purchases/transfers in	593,295
Withdrawals/transfers out	<u>(216,493)</u>
Balance - May 31, 2016	<u>\$ 2,522,951</u>

4. RELATED PARTY TRANSACTIONS:

Certain Plan investments are managed by Fifth Third Bank. Fifth Third Bank is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan pays directly any other fees related to the Plan's operations.

5. PLAN TERMINATION:

In the event the Plan is terminated, any obligations of the Plan would be paid and all remaining net assets would be distributed to the participants in the manner specified in the Plan document.

6. TAX STATUS:

The IRS has determined and informed the Plan by a letter dated December 24, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan's trustees and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

7. FORM 5500:

The Plan's Form 5500, Annual Return/Report of Employee Benefit Plan is prepared using contract value for fully benefit-responsive investment contracts. Therefore, there are no reconciling adjustments between net assets available for benefits per the financial statements and Form 5500 at May 31, 2016 and 2015.
