1. Description of the Plan

The following description of Pacific Groservice, Inc. Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of Pacific Groservice, and related entities (the "Plan Sponsor"). Employees are eligible to participate in the Plan when they have attained age 21. Eligible employees may begin deferring a portion of their salary the first day of the month following eligibility. Union Employees and non-resident aliens are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and section 401(a) of the Internal Revenue Code. The Administrative Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Administrative Committee.

Contributions to the Plan

Participants may contribute up to 50% of their eligible annual salary to the Plan subject to certain non-discrimination restrictions and an annual limitation of $18,000 for 2016 ($24,000 for those participants who are age 50 or over).

The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation each payroll period and their contributions invested in a target retirement fund until changed by the participant.

The plan permits the plan sponsor to make discretionary matching and profit sharing contributions. To be eligible for matching and profit sharing contributions, participants must be at least 21 years old, complete one year of service and for profit sharing contributions, be employed at the end of the plan year. For 2016, the plan sponsor matched 20% of participant deferrals on the first 6% of compensation. The match is calculated on a per pay period basis. For 2016, the plan sponsor elected to forego a profit sharing contribution.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, plan sponsor matching contributions and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are 100% vested in their contributions and plan sponsor matching contributions upon entering the Plan. Participants vest in profit sharing contributions in ratable installments of 20% after the first year of service. Forfeitures may be used to reduce employer contributions. At December 31, 2016 and 2015, forfeitures available to offset plan sponsor contributions were $2,836 and $2,082, respectively. During the year ended December 31, 2016, forfeitures in the amount of $774 were used to reduce employer contributions.

Payment of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement (age 65), disability, death, financial hardship (as defined in the Plan), or termination of employment. In-service distributions are also available, providing the participant is at least age 59½. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a

lump sum payment. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less and do not process their own distribution may receive a lump sum cash payment if the entire vested account balance is $1,000 or less. If the value of the vested account balance is greater than $1,000 but equal to or less than $5,000 the account will be converted to an automatic rollover. Retired participants must begin receiving distributions no later than April 1 of the year following the year the participant turns age 70 ½.

Notes Receivable from Participants
The Plan permits participants to obtain a loan based upon their vested account balance. Loans are limited to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $500 and participants may have only one loan outstanding at a time. Loans bear an interest rate of one percent above prime rate determined on the date of the advance by the plan administrator. Loans are payable through regular payroll deductions and must be repaid within five years (longer for qualified residential loans). Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other investments. Accordingly, the interest that participants pay on their loans will be directly credited to their accounts. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments
The Plan was without amendment during 2016.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Matching contributions are recorded when approved by the plan sponsor. Benefit payments are recorded when paid.

Recent Accounting Pronouncement
In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management elected to adopt Part II in last year's financials. Parts I and II are to be applied retrospectively.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through January 23, 2018, the date the financial statements were available to be issued.

3. Certification of Assets

State Street Bank & Trust Company ("State Street") serves as the trustee and custodian of the Plan's assets. In that capacity, State Street holds the investment assets and executes investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the plan administrator has obtained certifications from State Street as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that all investment information supplied to the plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2016 and 2015, and interest, dividends and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2016, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2016:

	Level 1
Mutual Funds	$ 5,187,260

Assets at Fair Value as of December 31, 2015:

	Level 1
Mutual Funds	$ 4,444,372

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money Market funds: Valued at the quoted net asset value of shares held by the plan at year-end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The plan sponsor has adopted the ADP Prototype plan. The prototype plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

7. Related Party Transactions

State Street Bank and Trust Company serves as the trustee and custodian of the Plan's assets. All transactions with State Street Bank and Trust Company qualify as party-in-interest transactions.

Fees incurred by the plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling $1,710 to the third party administrator, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015 to Form 5500:

	2016	2015

Undistributed deemed loans	(3,054)	(2,102)
Excess contributions payable	-	16,037
Net assets available for benefits per the Form 5500	$ 5,468,180	$ 4,608,083

The following is a reconciliation of total deductions per the financial statements at December 31, 2016 to Form 5500:

Total deductions per the financial statements	$ 120,650
Net change in undistributed deemed loans	952
Excess contributions payable of 2015	16,037
Total expenses per the Form 5500	$ 137,639

10. Subsequent Events

Effective January 1, 2017, the Plan was restated to comply with recent legislative and regulatory changes, including to:

- Change the trustee to Reliance Trust Company.
- Change eligibility age requirement to age 18.
- Allow Roth elective deferrals.

Effective January 1, 2017, the Plan was amended to change the following:

- Require participant consent for distribution over $5,000.
- Not to permit in-Plan Roth rollover contributions.

Profit Sharing 401(k) Plan (the "Plan") as of December 31, 2016 and 2015 and for the year ended December 31, 2016 and the related notes to the financial statement. We understand that, as agreed, you did not perform any audit procedures with respect to information prepared and certified to by State Street Bank and Trust Company, the trustee, in accordance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (DOL Regulation 2520.103-5), other than comparing such information to the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and schedules taken as a whole.

Certain representations in this letter are described as being limited to matters that are material. Solely for purposes of preparing this letter, material items are defined as those items either individually or collectively in the aggregate, involving potential amounts of more than $15,600. These amounts are not intended to represent the materiality threshold for financial reporting and disclosure purposes. Notwithstanding this, items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of January 23, 2018, the following representations made to you during your audit:

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement dated December 4, 2014, for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP.

5. We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services or other third parties. Our valuation methodologies have been consistently applied from

period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurement*. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.

6. Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with U.S. GAAP.

8. All events subsequent to the date of the Plan's financial statements and through the date of this letter for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.

9. The effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the financial statements as a whole. If applicable, a list of the uncorrected misstatements is attached to the representation letter.

10. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.

11. We have no intentions to terminate the Plan.

12. Guarantees, whether written or oral, under which the Plan is contingently liable to a bank or any other lending institution have been properly recorded or disclosed in the financial statements.

13. We have properly reported and disclosed amendments to the plan instrument, if any.
