Independent Auditors' Report

The Plan Administrator
The J. M. Smucker Company
Employee Stock Ownership Plan and Trust
Orrville, Ohio

We have audited the accompanying financial statements of The J. M. Smucker Company Employee Stock Ownership Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of April 30, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of April 30, 2017 and 2016, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of April 30, 2017 and the schedule of reportable transactions for the year ended April 30, 2017 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

Note A. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

All investments of The J. M. Smucker Company Employee Stock Ownership Plan and Trust (the "Plan") are maintained in the form of common shares of The J. M. Smucker Company (the "Company") and a money market fund. All investments are stated at the quoted closing sale price on the last business day of the year. The common shares are released to participants according to the schedule detailed in Note G. and are allocated based on relative Plan compensation.

Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and Benefit Payments Recognition:

Contributions expected to be received (if any) by the Plan from the Company with respect to the current year's share allocation are recorded by the Plan in the current year. Benefits are recognized in the financial statements during the period in which they are paid to the Plan participants.

Administrative Fees:

All administrative fees are paid by the Company.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events:

The Company has evaluated subsequent events through February 12, 2018, which is the date the financial statements were available to be issued.

Note B. Description of Plan

The following is a summary of certain provisions of the Plan. Participants should refer to the Plan document for more complete information.

STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note B. Description of Plan (Continued)

The Plan is a defined contribution plan that covers certain domestic, non-represented employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan became effective May 1, 1981. Effective May 1, 2015, the Plan was amended and frozen to new participants. No new participants will be allowed to join the Plan after April 30, 2015. At that time, all participants were also made fully vested in their accounts. Prior to this amendment, participants became fully vested after five years of service. The Company made annual contributions according to a loan agreement and related note between the Company and the Plan (see Note G.) in amounts sufficient to fund the required principal and interest payments on the note less dividends and other earnings received on the Plan's unallocated assets. The final loan payment was made in June 2015. All assets of the Plan are allocated at April 30, 2017 and 2016. Contributions and distributions may be made in cash or common shares of the Company. Effective December 31, 2017, the Plan was merged into The J. M. Smucker Company Employee Savings Plan.

A separate account is maintained in the name of each participant. Allocations to such accounts are based upon individual participant eligible earnings compared to total participant eligible earnings. Income of the Plan and forfeitures from terminated participants are allocated proportionately to each participant's account.

Participants who have been in the Plan for ten or more years and are at least 55 years old may periodically elect to transfer portions of their separate accounts into The J. M. Smucker Company Employee Savings Plan. During the years ended April 30, 2017 and 2016, \$2,130,113 and \$805,987, respectively, was transferred out of the Plan under elections made by participants.

Note C. Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified prior to the time that such rights are to be exercised. The Trustee of the Plan, Fidelity Management Trust Company ("Trustee") at April 30, 2017 and 2016, is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Note D. Plan Termination

Although it has not expressed any intent to do so, the Company, by action of the Board of Directors, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, any unallocated assets of the Plan would be allocated to the individual participants' accounts after the repayment of debt; the cumulative assets allocated to the individual accounts would then be fully vested and distributed to the Plan participants.

THE J. M. SMUCKER COMPANY EMPLOYEE
STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note E. Administration of Plan Assets

The Plan's assets, which consist principally of Company common shares, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administered the payment of interest and principal on the loan.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expense for the Trustee's fees is paid directly by the Company.

Note F. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for assets of the Plan measured at fair value. There have been no changes in the methodologies used from 2016 to 2017.

- Employer common stock: Valued at the closing price reported in the active market in which the individual security is traded.
- Money market fund: Valued at the closing price reported in the active market in which the individual security is traded. Pending transactions at the end of the Plan year are included within these funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. During the Plan years ended April 30, 2017 and 2016, the assets held by the Plan consist of common stock of the Company and a money market fund, both of which are deemed to be Level 1 investments.

STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note G. Related Party Transactions - Note Payable

Prior to 2016, the Plan had a loan agreement with the Company in which the Company agreed to loan to the Plan amounts sufficient to purchase up to 1,134,120 shares of common stock of the Company. All previous and future loans under the agreement bear interest at the bank's prime rate plus 1/2%. The note under the agreement was repaid using future Company contributions and/or dividends received on the shares as determined by the loan agreement. The final loan payment was made in June 2015.

Shares were allocated to participants as principal and interest was paid on the note according to the collateral release formula defined in the loan agreement.

In 2015, the Company's Board of Directors approved cash contributions to the Plan in an amount sufficient to pay the remaining principal and interest on the loan. The Board also approved the contribution of \$3,727,778 to the Plan in June 2015 to be used to purchase 33,034 common shares. The Plan recorded a receivable from the Company at April 30, 2015 for this amount. When the final loan payment was made, these shares were added to the shares released from the unallocated account such that a total of 37,804 shares were allocated to participants.

Note H. Income Tax Status

The Plan obtained its latest determination letter on August 15, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of April 30, 2017, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. As of April 30, 2017, the Plan's three previous tax years remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

Note I. Risks and Uncertainties

The Plan invests in Company securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note J. Subsequent Event

Effective December 31, 2017, the Plan was merged into The J. M. Smucker Company Employee Savings Plan.
