NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2016 AND 2015, AND
FOR THE YEAR ENDED DECEMBER 31, 2016

1. Description of the Plan

The following description of the Kiss Nail Products 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Kiss Nail Products, Inc. and various other affiliate employers (the 'Plan Sponsor" or the "Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan investments are administered and held in a trust by the Plan's trustee, which effective January 9, 2016, was the Great-West Life & Annuity Insurance Company of New York and the Great-West Trust Company, LLC (the "Trustee" or "Great-West"). Prior to January 9, 2017, Capital Bank and Trust Company (the "Prior Trustee") was engaged as the trustee of the Plan. The Trustee and the Prior Trustee are collectively referred to as the "Trustees". The Trustees, record-keeper and the Plan administrator are all appointed by the Company.

Eligibility

The Plan covers all eligible employees of the Company who have completed one year of service. All employees are enrolled in the Plan, as soon as administratively feasible, on the first day of each quarter after meeting the eligibility requirements, previously mentioned.

Participant Contributions

Participants in the Plan may make a pre-tax contribution in an amount equal to any whole percentage, of at least 1% and no more than 60%, of eligible compensation, as defined below, and subject to the Internal Revenue Service Code ("IRC") limits as discussed below. The Plan also allows participants to make Roth after-tax contributions.

According to the Plan document, the definition of eligible compensation means wages on Form W-2 adjusted to include participant elective deferrals and to exclude fringe benefits, overtime, commissions and bonus pay ("Eligible Compensation").

For 2016, the maximum amount of compensation that may be considered for deferral purposes by participants and employer contributions is $265,000. For 2016, total participant contributions are limited to a maximum of $18,000. Additionally, individuals who are at least 50 years of age can make a "catch-up" contribution not to exceed $6,000 for 2016.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2016 AND 2015, AND
FOR THE YEAR ENDED DECEMBER 31, 2016

1. Description of the Plan

Participant Contributions

The maximum annual addition for 2016 that may be contributed or allocated to a participant's account under the Plan shall not exceed the lesser of 100% of a participant's compensation or $53,000.

Employer Contributions

The Company makes a safe harbor matching contribution equal to 100% of participant's elective deferrals not to exceed 5% of Eligible Compensation. The Company may make an additional discretionary matching contribution not to exceed 6% of Eligible Compensation but elected not to make one for the Plan year ended December 31, 2016.

The Company can make a discretionary non-elective contribution which would be allocated to participants on a pro-rata basis, based on each participant's Eligible Compensation to total Eligible Compensation. The Company has not made a discretionary non-elective contribution for the year ended December 31, 2016.

Rollover Contributions

With Plan administrator approval, Plan participants may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer, referred to as a rollover.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a group annuity insurance contract with Great-West as investment options for participants.

Vesting

Participants are immediately vested in their voluntary and rollover contributions, Company safe harbor matching contributions and Plan earnings thereon. The discretionary non-elective employer contributions and the additional discretionary matching contributions and related earnings thereon vest as follows:

Year of Service	Vesting Percentage
Less than 3	0%
3	100%

KISS NAIL PRODUCTS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2016 AND 2015, AND
FOR THE YEAR ENDED DECEMBER 31, 2016

1. Description of the Plan

Participant Accounts

The Plan administrator establishes and maintains a separate account for each participant, which is credited for rollover and voluntary contributions the participants make, Company matching and discretionary non-elective contributions, and Plan earnings. Income earned and net appreciation or depreciation on Plan investments, for a given investment, are allocated in proportion to the participant's account balances in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Each participant may borrow up to the lesser of: (1) 50% of the participant's vested interest in the account or (2) $50,000. No note shall be less than $1,000 and only 1 note at a time is allowed. The notes shall bear interest of prime plus 2%. The interest rates on notes outstanding at December 31, 2016 were between 4.50% and 5.25% per annum.

Any such borrowings are to be repaid within 60 months, unless the note is for the purchase of a principal residence for which the repayment period may not extend beyond 180 months. The notes are secured by the vested balance in the participant's account, not to exceed 50% of such vested balance. Principal and interest are to be repaid by payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Forfeitures

At both December 31, 2016 and 2015, forfeited non-vested accounts totaled $1,151 and $0, respectively. Forfeited accounts may be used to reduce future safe harbor matching contributions or to pay administrative expenses of the Plan. There were no forfeited amounts used to reduce safe harbor matching contributions or to pay administrative expenses during the year ended December 31, 2016.

ERISA Budget Account

Annually, the Trustees through its revenue sharing arrangements ("Shared Revenue") with investment companies, share a portion of the Shared Revenue it receives with the retirement plans which they service (referred to as an "ERISA Budget Account"). During the year ended December 31, 2016, the Plan received $20,000 of Shared Revenue from the Trustee. Such revenues have been recorded as "Other income" on the Statement of Changes in Net Assets Available for Benefits. The ERISA Budgeted Account can be used to either reduce Plan expenses or be reallocated to participant accounts.

KISS NAIL PRODUCTS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2016 AND 2015, AND
FOR THE YEAR ENDED DECEMBER 31, 2016

1. Description of the Plan

ERISA Budget Account

At December 31, 2016 and 2015, the balance in the ERISA Budget Account was $16,306 and $1,151, respectively, and is included in the investment balance on the Statements of Net Assets Available for Benefits.

Retirement

The normal retirement age is defined as when the participant reaches the age of 65. The Plan does not allow for early retirement. At the normal retirement date, the participant is entitled to 100% of their account balance. The participant can elect late retirement after the age of 65; however, benefits must begin by age 70 ½. A participant, who becomes disabled, as defined in the Plan document, is eligible for a disability retirement.

Distribution of Benefits

On termination of service prior to the normal retirement age and upon the participants request, the Plan administrator will direct the Trustees to distribute the participants vested benefits. Upon retirement, hardship, termination, death, disability, and attainment of age 59 ½, vested benefits are distributed at the participant's or beneficiary's election via either a lump sum payment or installment payments.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan. The Company incurred certain administrative expenses relating to the Plan without charge to the Plan during 2016. Administrative expenses to be paid from the Plan can at the Plan administrator's discretion be paid from the ERISA Budget Account. Should administrative expenses exceed the balance in the ERISA Budget Account then they may be, but are not required to be, paid from the Plan's trust funds and allocated to all participants on a pro rata basis.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

2. Summary of Significant Accounting Policies

Use of Estimates and Assumptions
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Recent Accounting Pronouncements
In August 2014, the Financial Accounting Standards Board ("FASB") issued an Accounting Standards Update ("ASU") No. 2014-15 ("ASU 2014-15"), *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern*, to update guidance on management's responsibility to evaluate whether there is substantial doubt about a plan sponsor's ability to continue as a going concern and guidance on related footnote disclosure. ASU 2014-15 is effective for annual reporting periods beginning after December 15, 2016. The Plan does not expect there to be a material impact to the financial statements when it implements ASU 2014-15.

In May 2015, the FASB issued ASU No. 2015-07 ("ASU 2015-07"), *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, an amendment to Fair Value Measurement Topic 820. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted.

The Plan elected to adopt ASU 2015-07 as of and for the year ended December 31, 2016. The adoption of ASU 2015-07 had no impact to the Plan's financial statements.

In July 2015, the FASB issued ASU No. 2015-12 ("ASU 2015-12"), *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965) (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient.* Part I does not apply to defined benefit plans. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplified the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks.

2. Summary of Significant Accounting Policies

Recent Accounting Pronouncements
Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows an employee benefit plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments using the month end closest to its fiscal year. The amendments are effective for fiscal years beginning after December 15, 2015. Earlier application is permitted.

The Plan elected to adopt ASU 2015-12 as of and for the year ended December 31, 2016. The applicable amendments of ASU 2015-12 have been applied retrospectively to all periods presented.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The investment in the general account of Great-West is an annuity contract (unallocated contract) that is fully benefit-responsive so that the Statements of Net Assets Available for Benefits presents this investment contract at contract value (see further details in Note 7).

Purchases and sales of securities are reflected on a trade date basis. Interest and dividend income are reflected when earned. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) of the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of Benefits
Benefit payments to participants or beneficiaries are recorded when paid.

2. Summary of Significant Accounting Policies

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks including but not limited to, interest rate, market, and credit risks. Due to the level of risk, associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Income Tax Status

The Company has adopted a prototype plan that had received an Internal Revenue Service ("IRS") Opinion letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving that determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been included in the financial statements since the Plan has no unrelated business income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor ("DOL") or the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The DOL requested information, which was provided, concerning the previously filed audited financials related to the 2013 Plan year. In November 2015, the DOL issued a Notice of Rejection of that 2013 filing. The Company hired new auditors to prepare new audited financials for the 2013 Plan year which were included in an amended filing in April 2016. In April 2016, the DOL issued a letter accepting the amended filing. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2013.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through February 13, 2018, which is the date the financial statements were available to be issued.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100 percent vested in their employer contributions.

4. Investments

For the year ended December 31, 2016, the Plan's investments appreciated (including gains and losses on investments bought and sold, as well as held during the year) in value by $361,746.

5. Fair Value Measurements

FASB's Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

5. Fair Value Measurements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

> **Interest-bearing cash and mutual funds:** are valued at the daily closing price as reported by the fund. Interest-bearing cash and mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 12,641,542	$ -	$ -	$ 12,641,542
Investments, at fair value	$ 12,641,542	$ -	$ -	$ 12,641,542

	2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 1,240,773	$ -	$ -	$ 1,240,773
Mutual funds	10,840,572	-	-	10,840,572
Investments, at fair value	$ 12,081,345	$ -	$ -	$ 12,081,345

5. Fair Value Measurements

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from on fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the year ended December 31, 2016, there were no significant transfers into or out of Levels 1, 2 or 3.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of funds managed by an affiliate of the Trustees. Administrative expenses are paid to the Trustees. These transactions with the Trustees and its affiliates qualify as party-in-interest transactions. Notes receivable to Plan participants also qualify as party-in-interest transactions. The above transactions are not, however, considered prohibited transactions under CFR 408 (b) of the ERISA regulations.

7. Unallocated Investment Contract with an Insurance Company

The Company entered into a group annuity insurance contract with Great-West whose balance as of December 31, 2016 and 2015, was $1,565,587 and $0, respectively. Great-West maintains the contributions in an unallocated fund within its general account which it adds interest which is set quarterly. The average interest rate credited during 2016 was 1.16%. At the direction of the Plan's administrator, a single premium to buy an annuity for a retiring employee is withdrawn by Great-West from the unallocated fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as discussed in Note 2. Contract value represents the amount of contributions deposited, plus interest credited daily as determined by the contract, less any participant withdrawals and administrative expenses.

7. Unallocated Investment Contract with an Insurance Company

There are no reserves against contract value for credit risk of Great-West, the contract issuer. It is at least reasonably possible that changes in the value of the investment will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits. If the Plan were to initiate a full redemption of this investment contract, Great-West reserves the right to temporarily delay withdrawal of up to 60 days in order to ensure that the liquidation will be carried out in an orderly business manner.

8. Unaudited Information Certified by the Plan's Trustees

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information which was certified by the Trustees, as complete and accurate, except for comparing such information certified by the Trustees to information included in the Plan's financial statements and supplemental schedules:

As of December 31,	**2016**	**2015**
Investments, at fair value	$12,641,542	$12,081,345
Investments, at contract value	1,565,587	-
Total investment income	$14,207,129	$12,081,345
Notes receivable from participants	$ 369,470	$ 331,875

For the year ended December 31, 2016:	
Investment income:	
Net appreciation of the fair value on the investments	$ 361,746
Dividend income from mutual funds	235,091
Interest income	13,024
Other income	20,000
Total investment income	$ 629,861
Interest income on notes receivable from participants	$ 18,857

In addition, the information in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2016, has been certified by the Trustee to be complete and accurate.

9. Nonexempt Transactions

During 2014, $20,440 was inadvertently paid by the prior Trustee from the Plan's ERISA Budget Account to the Company resulting in an impermissible loan from the Plan to the Company. This amount is carried as a receivable from the Company as of December 31, 2016.

The Company withheld from participants' pay certain contributions and loan repayments during 2011 to 2014 and 2016, which were not remitted to the Plan's trust within the time frame required by the DOL under the plan asset rules. These late remitted participant contributions constitute a loan from the Plan to the Company. Interest is due on these loans and is based on the DOL's lost earnings prescribed rates during the affected dates which changes quarterly. The amount of these loans, plus accrued interest at December 31, 2016, by Plan year is as follows:

Plan Year	Participant contributions transferred into the Plan	Accrued interest	Year Interest paid into the Plan
2011	$ 560,620	$ 432	2016
