SYNERJECT, LLC 401(k) SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Synerject, LLC 401(k) Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan, effective December 1, 1997, is a defined contribution plan covering all employees who are neither represented by a bargaining unit, nor nonresident alien, nor leased employees of Synerject, LLC (the Company) who have six months of service and are age eighteen or older. The Plan is subject to the provisions of ERISA. The Board of Directors is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Contributions: Through 2016, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 100% of the first 1% plus 50% of the next 5% of base compensation that a participant contributes to the Plan. The Company may elect to make an additional discretionary contribution to the Plan for those employees eligible to participate in the Plan. However, the employees must be employed by the Company and eligible to participate in the Plan on December 31 to receive an allocation. During the year ended December 31, 2016, the Company made a \$270,210 discretionary contribution to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocation of Company matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 2 years of credited service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years. Participants may only have one loan outstanding at any time. The loan interest rate, determined periodically, is based on the rates available for similar loans from commercial lending institutions. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or installments. For balances greater than \$1,000 but less than \$5,000 automatic rollovers will occur.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Forfeited Accounts: At April 28, 2017, December 31, 2016 and 2015, forfeited nonvested accounts totaled \$0, \$42 and \$221, respectively. These accounts are used to reduce future employer contributions. In 2017 and 2016, \$0 and \$4,066, respectively, of forfeitures were applied to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Financial statement presentation: These financial statements include the period ended April 28, 2017, and the years ended December 31, 2016 and 2015. The Plan elected to defer the filing of its financial statements with its Form 5500 for the year ended December 31, 2016, as permitted by 29 CFR 2520.104-50, since the following Plan year ended April 28, 2017, is a short year of seven months or less. Accordingly, the Plan has included statements of net assets as of April 28, 2017, December 31, 2016 and December 31, 2015, along with statements of changes in net assets for the period ended April 28, 2017, and year ended December 31, 2016, as required by DOL regulations when such election is made.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator and the Board of Directors determines the Plan's valuation policies utilizing information provided by the certifying entity and the trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent Events: The Plan has evaluated all subsequent events through February 7, 2018, which is the date these financial statements were available to be issued. The Plan has determined that there were no subsequent events that required disclosure pursuant to the FASB ASC.

Note 3. Plan Merger

Effective October 31 2015, the Company was acquired by Continental Automotive, Inc. On December 19, 2016, the Board of Directors of Continental Automotive, Inc. approved a vote to merge the Plan into the Retirement Savings Plan for Employees of Continental – Automotive Systems effective January 1, 2017. Participant’s vesting in the Plan was not affected. As a result, the transfer of net assets of \$16,222,167 in the Plan into the Retirement Savings Plan for Employees of Continental - Automotive Systems with Fidelity Management Trust Company, was completed on April 28, 2017.

Note 4. Information Certified by the Trustee

Note 5. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

SYNERJECT, LLC 401(k) SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note 5. Fair Value Measurements (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 28, 2017, December 31, 2016 and 2015.

Common collective trust: Composed primarily of fully benefit-responsive investment contracts, units of participation in the Fund are valued daily at net asset value (NAV). NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The fund attempts to maintain a stable value of \$10 per participation unit. However, there can be no assurance that the value of the units in the fund will not fluctuate. The principal value per unit of the Fund is determined at the end of each day by dividing net assets by the number of units outstanding.

Pooled separate accounts: Valued at the net asset value of shares held by the Plan at year end.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

Note 6. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by the Principal Life Insurance Company, the certifying entity, and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee and therefore, those transactions qualify as a party-in-interest transaction. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator of \$3,443 and \$5,603 for the period ended April 28, 2017 and the year ended December 31, 2016, respectively, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations. The Plan also issues loans to participants, which are secured by the vested balances in the participant's accounts.

Note 7. Plan Amendment

Effective January 1, 2017, the Plan was frozen with no new contributions to be made and no employee, former employee, or inactive participant to become an active participant after this date

Note 8. Plan Termination

Effective January 1, 2017, the Plan was merged with the Retirement Savings Plan for Employees of Continental – Automotive Systems, which effectively terminated the Plan.

Note 9. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 16, 2015, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Note 10. Risks and Uncertainties (Continued)

Due to the transfer of the Plan's net assets, including its investment securities, to the Retirement Savings Plan for Employees of Continental – Automotive Systems in connection with the merger of the Plan, risks associated with holding investment securities, including interest rate, market, and credit risks were transferred to the Retirement Savings Plan for Employees of Continental – Automotive Systems and the related participant accounts at that date.
