To Mr. Robert Connors

S.R. Perrott, Inc.

4 North Perrott Drive

Ormond Beach, FL 32174

We have conducted a DOL limited-scope audit of the financial statements of S.R. Perrott, Inc. Group Employee Savings & Protection Plan for the year ended 2016 and have issued our report thereon dated September 12, 2017. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated August 30, 2017. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by S.R. Perrott, Inc. Group Employee Savings & Protection Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2016. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the financial statements was (were):

> Management's estimate of the net assets available for benefits is based on fair value measurements. We evaluated the key factors and assumptions used to develop the fair value measurement in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure(s) affecting the financial statements was (were):

> The disclosure of investments representing 5% or more of the plan's net assets at yearend in Note 5 to the financial statements. All qualifying assets are properly disclosed.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 12, 2017.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of Mr. Robert Connors and management of S.R. Perrott, Inc. and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Martin, Klayer & Associates, PL

S.R. Perrott, Inc. Employee Savings & Protection Plan

Notes to Financial Statements

December 31, 2016

1. Description of Plan

The following description of S.R. Perrott, Inc. Employee Savings & Protection Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of S.R. Perrott, Inc. (the Company) who have completed one year of service and are age 20 1/2 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The effective date of participation in the Plan for an eligible employee is the first day of the Plan year quarter following the date on which eligibility requirements are satisfied.

Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan, limited by the provisions of the Internal Revenue Code (IRC) which was $18,000 for the year ended December 31, 2016. Participants who have attained age 50 before the end of the calendar year are eligible to make "catch-up" contributions as allowed by the provisions of the IRC which was $6,000 for the year ended December 31, 2016. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan. During the year ended December 31, 2016, the Company matched 50 percent of the first 4 percent of compensation that a participant contributed to the Plan in accordance with Plan agreement. The matching Company contribution is vested directly into the investment option selected by the Participant. The Company may make annual discretionary matching contributions and/or profit sharing contributions to the Plan to the extent allowable by the Internal Revenue Code (IRC). The Company did not make an additional discretionary matching contribution or profit sharing contribution for the year ended December 31, 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Vesting

Participants are immediately fully vested in their contributions plus the actual earnings thereon. Vesting in the Company's match, discretionary contributions and earnings thereon is based on years of continuous service. Participants are fully vested in any rollover contributions. A participant becomes 20 percent vested after two years of service, 20 percent more each year thereafter until fully vested after six years of service.

Participant Loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans must be a minimum of $1,000 are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, substantially equal installments, or monthly annuity payments.

Forfeited Accounts

Forfeited amounts are determined in accordance with the Plan agreement. At December 31, 2016, forfeited nonvested accounts totaled $82. These accounts will be used to pay administrative expenses of the Plan and reduce future employer contributions.

2. Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through September 12, 2017, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosure. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributed for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

The Plan allows for payment of Plan expenses to be made from the Plan's assets. If expenses are paid using Plan assets, the expenses will be allocated across all Plan Participant accounts. These expenses will either be allocated proportionately based on the value of the account balances or as an equal dollar amount based on the number of Plan Participants. The method of allocation is dependent upon the nature of the individual expense.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market

3. Fair Value Measurements (continued)

participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:	
December 31, 2016	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Guaranteed interest account	$ 355,550	$ 355,550	$ —
Investments of interest in registered investments companies	3,281,231	3,281,231	—

Total	$ 3,815,348	$ 3,636,781	$ 178,567
December 31, 2015			
Guaranteed interest account	$ 91,671	$ 91,671	$ —
Investments of interest in registered investments companies	3,241,584	3,241,584	—

Total	$ 3,527,212	$ 3,333,255	$ 193,957

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assts and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

3. Fair Value Measurements (continued)

Level 1 Fair Value Measurements

The fair value of the guaranteed interest account is based on quotes net asset values of the shares held by the Plan at year-end. The fair values of investments of interest in registered investments companies are based on the closing price reported on the active market where the individual securities are traded.

Level 3 Fair Value Measurements

The fair value of the participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further detail of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

December 31, 2016	**Participant Loans**
Beginning balance	$ 193,957

Total gains or losses (realized or unrealized) included in changes in net assets available for benefits	
Purchases, sales, issuances and settlements (net)	15,130
Ending balance	$ 193,957

3. Fair Value Measurements (continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2016 are reported in net appreciation in fair value of investments.

4. Information Prepared and Certified by the Custodian (Unaudited)

Nationwide Trust Company, FSB, the custodian for the Plan, holds the Plan's investment assets and executes transactions therein. The following information as well as the information in the supplemental schedule of assets (held at end of year) was certified by the custodian as complete and accurate and, as directed by the Plan administrator, is unaudited. Such investments and other related information consists of the following at December 31:

	2016
Investments	$ 3,636,781
Net appreciation in fair value of investments	$ 251,223
Interest	$ 5,596

5. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31:

	2016
Nationwide Life Ins Company:	
AMFDS GR FD AM R3	$ 827,566
AMFDS CAP INC BLDR R3	309,137

AMFDS CAP WLD GR INC R1	255,073
NW MNY MKT INST	355,550

6. Related Party Transactions

Certain investments are managed by Nationwide Financial Services, Inc. which is the parent of Nationwide Trust Company, FSB. Nationwide Trust Company, FSB is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their employer contributions.

8. Tax Status

The Company adopted the Nationwide Financial Prototype Non-standardized Profit Sharing Plan with a cash or deferred arrangement. The prototype plan sponsor obtained a favorable opinion letter from the Internal Revenue Service dated August 7, 2001, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator has adopted all Plan provisions within the prototype document and believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
