Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the MT Business Technologies, Inc. 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of July 31, 2017 and December 31, 2016, and the related statements of changes in net assets available for benefits for seven months ended July 31, 2017 and the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Capital Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of July 31, 2017 and December 31, 2016 and for the seven months ended July 31, 2017 and year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN:

The following description of the MT Business Technologies, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all employees of MT Business Technologies, Inc. and an affiliated company (collectively, the Employer). Under the terms of the Plan, employees who had completed ninety days of service and attained the age of 19 were eligible for Plan participation on the first day of each month coinciding with, or next following, the date employees satisfied the eligibility requirements. Prior to January 1, 2016, employees who had completed one year of service and the age of 19 were eligible for Plan participation. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 1, 2017, the Employer approved the merger of the Plan with the Global Imaging Systems, Inc. 401(k) Retirement Plan (the Global 401(k) Plan) and eligible employees began participating in the Global 401(k) Plan. The Plan's assets were transferred to the Global 401(k) Plan effective July 31, 2017.

Contributions

Participants could contribute up to 100% of eligible compensation, as defined in the Plan, subject to certain limits of the Internal Revenue Code (IRC). Eligible employees were automatically enrolled in the Plan at 3% of eligible compensation with an automatic annual increase of 1% each year until 6%. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans and Roth contributions.

The Plan provided for an Employer discretionary matching contribution and a discretionary nonelective contribution. For the seven months ending June 31, 2017 and year ended December 31, 2016, the Employer made a discretionary matching contribution equal to 25% of the first 6% of employee deferrals. No nonelective contributions were made by the Plan for the seven months ended July 31, 2017 and year ended December 31, 2016.

Participant accounts

Each participant's account was credited with the participant's elective deferrals, an allocation of the Employer's matching and nonelective contributions, allocations of Plan investment earnings and appreciation in value. Each participant's account was decreased by an allocation of Plan investment losses, depreciation in value and administrative expenses and by any participant withdrawals. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. The Plan's investments were participant-directed.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary matching and nonelective contributions portion of their accounts was based on years of continuous service.

The vesting schedule was as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Participant notes receivable

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes were secured by the vested balance in the participant's account. The interest rate was determined by the plan administrator based on the prime rate published in The Wall Street Journal on the first business day of each month, plus 1%. Principal and interest were paid ratably through payroll deductions.

Administrative expenses

Certain expenses of maintaining the Plan were paid directly by the Employer and were excluded from these financial statements. Fees related to the administration of participant notes receivable were charged directly to the participant's account. Investment related expenses were included in net appreciation of fair value of investments.

Payment of benefits

In accordance with the Plan document, upon termination of service due to termination, death, disability, or retirement, a participant could elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants could also make a withdrawal during employment due to hardship, as defined by the Plan, and upon reaching age 59 ½.

Forfeited accounts

There were no forfeited balances for the seven months ended July 31, 2017 and the year ended December 31, 2016. For the seven months ended July 31, 2017 and year ended December 31, 2016, \$4,648 and \$1,604, respectively of forfeitures were used to offset Employer contributions.

2. SUMMARY OF ACCOUNTING POLICIES:

The following accounting principles and practices of the Plan are set forth to facilitate the understanding of data presented in the financial statements:

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determined the Plan's valuation policies utilizing information provided by the investment advisor and trustee.

Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities were recorded on a trade-date basis.

Participant notes receivable

Participant notes receivable were measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of July 31, 2017 or December 31, 2016. Upon default, as defined, the plan administrator treated the default as a distribution and offset the outstanding balance of the note against the participant's vested account balance.

Payment of benefits

Benefits were recognized when paid.

Subsequent events

The plan evaluated events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through February 16, 2018, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The following information included in the accompanying financial statements as of July 31, 2017 and December 31, 2016 and for the seven months ended July 31, 2017 and year ended December 31, 2016 was obtained from data that has been prepared and certified to as complete and accurate by Capital Bank and Trust Company, the trustee of the Plan.

Investments
Net appreciation in fair value of investments
Interest and dividend income
Assets held at end of year

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2017 and December 31, 2016.

Mutual funds: The fair value of these securities is based on the net asset value (NAV) of shares held by the Plan at year-end, which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an ordinary manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 16,223,668	-	-	16,223,668
Investments measured at NAV - Common collective trust	-	-	-	919,049
Investments at fair value	\$ <u>16,223,668</u>	<u>-</u>	<u>-</u>	<u>17,142,717</u>

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments measured at fair value based on NAV per share practical expedient as of December 31, 2016:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common collective trust	\$ 919,049	n/a	Daily	Daily

5. PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments were managed by American Funds. American Funds is an affiliate of Capital Bank and Trust Company, the trustee of the Plan. Therefore, these transactions qualified as party in interest transactions to the Plan.

6. TAX STATUS:

The Plan elected to adopt a prototype plan of American Funds Distributors, Inc. The Internal Revenue Service (IRS) issued an opinion letter dated March 31, 2014 that the prototype plan was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.
