INDEPENDENT AUDITORS' REPORT

To the Board of Directors of

Doosan Industrial Vehicles America Corp 401(k) Plan

We were engaged to audit the accompanying financial statements of

DOOSAN INDUSTRIAL VEHICLES AMERICA CORP 401(k) PLAN
(formerly Doosan Infracore America Corporation 401(k) Plan)

which comprises the statements of net assets available for benefits (modified cash basis) as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note (2); this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note (5), which was certified by Empower Retirement d/b/a Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

We draw attention to Note (2) of the financial statements, which describes the basis of accounting. The financial statements and the supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

The Supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) (Modified Cash Basis) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of the Plan

Doosan Infracore America Corporation 401(k) Plan changed its name effective January 1, 2016 to Doosan Industrial Vehicles America Corp (the "Company") 401(k) Plan (the "Plan"). The following description of the Company's Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Doosan Industrial Vehicles America Corp, Doosan Infracore America Corporation, and Doosan Fuel Cell America Inc. Effective March 14, 2016, all participant accounts and assets held by the Plan associated with Doosan Infracore America Corporation totaling $10,594,603 were transferred out of the Plan into the Doosan Machine Tools America, Inc. 401(k) Plan.

Eligible employees are defined as employees who have completed three months of service, as defined in the Plan, and attained the age of 21 or older. The Plan was established effective November 1, 1993, was amended and restated effective January 1, 2016, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employee contributions - Participants may elect to defer at least 1% and up to 60% of their annual compensation on a pre-tax basis as defined in the Plan document. Pre-tax contributions cannot exceed $18,000 for 2016 and 2015. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed $6,000 for 2016 and 2015. Effective June 1, 2013, the Plan was amended where participants were subjected to an auto enrollment at 5.00% of annual compensation.

Employer contributions - Each year the Company may contribute a discretionary matching contribution. Matching contributions will be computed based on the participants' eligible compensation contributed to the Plan each month. The employer matching contribution was $752,429 for 2016 and $761,314 for 2015.

Rollover provisions - The Plan allows participants to "roll over" assets from other qualified savings plans into the Plan. Participants are fully vested in their rollover contributions.

Participant accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) the Plan's investment earnings (including unrealized appreciation and depreciation) and (c) forfeited balances of terminated participants' non-vested accounts and charged with an allocation of administrative expenses based on the participant's account balances and investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeiture accounts - Forfeitures of terminated participants' non-vested accounts may be used to reduce future employer contributions payable under the Plan or to pay Plan expenses. Forfeitures totaled $68,834 and $40,207 at December 31, 2016 and 2015, respectively. There were no forfeited non-vested accounts remaining at December 31, 2016 and 2015.

Vesting - Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Participants are also immediately vested in employer contributions plus earnings thereon in accordance with the Plan provisions. For all employer discretionary match contributions and earnings received, an employee is immediately vested.

(1) Description of the Plan (continued)

Investment options - Participants may direct their contributions and any related earnings into a number of available investment options that vary in degree of risk and investment objective. Participants may change their investment options daily. The Plan administrator may change the investment options available to participants at any time.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund(s) and the participant loans funds. Loan terms range from 1 to 5 years and are granted for general purpose needs or principal residence purchase needs. A participant may have no more than one loan outstanding during the plan year. Principal and interest are repaid through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate as published on the first business day of the month the loan is originated plus 1.00%, which ranged from 4.25% to 8.75% as of December 31, 2016 and 2015.

Payment of benefits - Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary will receive an amount equal to the value of the vested interest in the participant's account. Participants with vested benefits may choose to receive their benefit in the form of a lump-sum payment or a direct rollover to an individual retirement account or another employer plan, subject to Plan provisions.

(2) Summary of significant accounting policies

Basis of accounting - The accompanying financial statements are presented on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the cash basis of accounting, transactions are recorded when cash is received or paid. However, for these financial statements, the cash method is modified to report investments at fair market value, as required by the Department of Labor.

Recently adopted accounting pronouncements - In 2016, the Plan adopted the following accounting standards:

In May 2015, the FASB issued Accounting Standards Updates ("ASU") ASU 2015-07, *Fair Value Measurements (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent).* The guidance in this update simplifies presentation and disclosures for investments valued at fair value for which net asset value is utilized as the practical expedient for measurement. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management has elected to early adopt this guidance.

(2) Summary of significant accounting policies (continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.*

- Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures.
- Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.
- Part III is not applicable to the Plan.

The amendments in ASU 2015-12 are effective for non-public companies for fiscal years beginning after December 15, 2015 and Parts I and II were applied retrospectively in accordance with the standard.

Guaranteed investment contract ("GIC") - Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's GIC is presented at contract value.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The GIC is presented at contract value. Contract value represents contributions made under the contract, plus earnings, less benefit payments and administrative expenses.

The market value of mutual funds is determined by the net asset value of the shares plus the value of any dividends and capital gain distributions.

Purchases and sales of securities are recorded on the trade date. Dividends are recorded on the ex-dividend date.

Investment income - Investment income (loss) consists of interest, dividends and net appreciation (depreciation) in fair value of investments, and includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) Summary of significant accounting policies (continued)

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risk and uncertainties - Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the valuation of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for plan benefits.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Substantially all administrative expenses of maintaining the Plan are paid by the Company.

Estimates - The preparation of the financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Reclassifications - Certain amounts in 2015 have been reclassified in the accompanying financial statements to conform to the 2016 presentation.

(3) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels used to measure fair value under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

(3) Fair value measurements (continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: These investments consist of various publicly traded mutual funds and common stock. The fair values are based on quoted market prices. Mutual funds are valued at the net asset value of shares held by the Plan at year end, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of Deccember 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,420,966	$ -	$ -	$ 7,420,966
Investments at fair value	$ 7,420,966	$ -	$ -	$ 7,420,966

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,005,459	$ -	$ -	$ 16,005,459
Investments at fair value	$ 16,005,459	$ -	$ -	$ 16,005,459

The Plan's investments that are measured at fair value on a recurring basis, such as mutual funds, are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets.

(4) Guaranteed investment contract

The Plan has an investment in a fully benefit-responsive common collective trust, stable value asset fund with Great-West Life & Annuity Insurance Company called Putnam Stable Value Fund, (the "Fund"). The Fund primarily invests in investment contracts issued by highly rated companies, which include GICs, Synthetic Investment Contracts ("SICs") and other financial institutions.

The common collective trust is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The common collective trust in the stable value asset fund is included in the financial statements at contract value as reported to the Plan by the trustee. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The GIC issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

As described in Notes (2) and (3), because this common collective trust is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to this GIC.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured break of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The GIC does not permit the agreements to terminate prior to the scheduled maturity date.

(5) Information prepared and certified by the Plan's trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2016	2015
Investments:		
Mutual funds, at fair value	$ 7,420,966	$ 16,005,459
Common collective trust, at contract value	404,713	392,949
Total investments	7,825,679	16,398,408
Notes receivable from participants	104,463	199,469
Total investments	$ 7,930,142	$ 16,597,877

	2016	2015
Investment income (loss):		
Interest and dividends	$ 222,299	$ 785,029
Net appreciation (depreciation) in fair value of investments	228,580	(1,074,150)
Total investment income (loss)	$ 450,879	$ (289,121)

(6) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the participants will be entitled to the full amounts in their account as of the date of termination, regardless of their percent vested at the time of the Plan's termination.

(7) Tax status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code ("IRC") and accordingly, the trust's net investment income is exempt from income taxes. The Company adopted a Prototype Non-standardized Plan which received a favorable tax determination letter from the Internal Revenue Service on May 18, 2011. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(8) Fidelity bond coverage

ERISA Code section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total Plan assets as of the preceding plan year or $500,000. The Plan had sufficient bond coverage as of December 31, 2016 and 2015.

(9) Party-in-interest transactions

Certain Plan investments are shares of mutual funds and a common collective trust managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is the trustee of the Plan, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and other services totaled $225 and $763 for the years ended December 31, 2016 and 2015.

All of these party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

(10) Excess contributions

Corrective distributions totaling $-0- for 2016 and $2,407 for 2015, were incurred for distributions made in the plan year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

(11) Subsequent events

The Company has evaluated subsequent events through October 11, 2017, the date which the financial statements were available to be issued, and has determined that there were no subsequent event matters that require recognition or disclosure in the financial statements.
