## NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Firetron, Inc. ("Company") 401(k) Plan ("Plan") is intended to give a general summary of its principal provisions. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

***General***
The Plan is a defined contribution plan. Employees that have reached age 18 become participants in the Plan beginning on the first day of the month that coincides with, or immediately follows, the date the participant completes three months of service. An employee is credited with one month of service for each month in which one hour of service is completed. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Contributions***
Each year, participants may contribute between 1% and 85% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

The Company matching contribution is equal to 100% of the first 2% and 50% of the next 2% of eligible earnings that a participant contributes to the Plan.

The Company may also make discretionary non-elective contributions at the end of the plan year. During the years ended December 31, 2016 and 2015, no discretionary non-elective contributions were made.

Contributions are subject to certain IRS limitations.

***Participant Accounts***
Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Plan earnings. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting***
Participants are immediately 100% vested in their salary deferral contributions and actual earnings thereon. Vesting of matching contributions and nonelective contributions are as follows:

| Counted Years | Vested Percent |
|---|---|
| 0-1 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

***Benefit Payments***
On termination of service from the Company for any reason (retirement, termination, disability or death), a participant may receive their vested benefit in a single lump-sum distribution or have the payment as a direct rollover to another eligible plan. Installment payments or partial distributions are allowed under certain circumstances as defined in the Plan.

A participant may withdraw all or part of his or her vested account balance upon attaining age 59 ½ or may defer making withdrawals until age 70 ½.

Federal income tax withholding is required on any taxable distribution that is eligible to be rolled over, but is not transferred directly to another eligible retirement plan.

***Administration of the Plan***
The Company pays the general expenses of the Plan.

***Notes Receivable from Participants***
Loans are made on a uniform and non-discriminatory basis. A participant may borrow up to 50% of vested account balance to a maximum of $50,000. A participant may have only one outstanding loan at anytime. Loans bear interest at market rates and are repaid through payroll deduction within five years (or thirty years if the loan is used to acquire a principal residence.)

***Hardship Withdrawals***
The Plan allows for financial hardship withdrawals which include buying a principal residence; paying post secondary education expenses, burial or funeral expenses for certain family members or beneficiaries; preventing eviction or foreclosure or paying for casualty repairs on a participant's principal residence.

The hardship withdrawal may be subject to an excise tax imposed by the IRS. A participant is suspended from making elective contributions for six months after receiving a hardship withdrawal.

**Forfeitures**
At December 31, 2016 and 2015, the Plan had $20 and $20, respectively, of forfeitures remaining to reduce future employer contributions. In 2016 and 2015 employer contributions were reduced by $7,122 and $3,452, respectively, from forfeited non-vested accounts.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

***Basis of Accounting***
The financial statements are prepared on the accrual basis of accounting.

***Use of Estimates***
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***
Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable from Participants***
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

***Excess Contributions Payable***
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

***Payment of Benefits***
Benefits are recorded when paid.

***Expenses***
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to withdrawals and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

***Subsequent Events***
The Plan has evaluated subsequent events through September 15, 2017, the date the financial statements were available to be issued.

***Reclassifications***
Certain reclassifications have been made to the prior year statements for them to be in conformity with the current year presentation with no effect on net assets available for benefits.

**NOTE 3 - INVESTMENTS**

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2016 and 2015.

## NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include<br>• quoted prices for similar assets and liabilities in active markets;<br>• quoted prices for identical or similar assets or liabilities in inactive markets;<br>• inputs other than quoted prices that are observable for the asset or liability;<br>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

*Mutual Funds*: Valued at the quoted net asset values (NAV) of the shares held by the Plan at year-end. Mutual funds help by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

*Collective Trust Funds:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

| | Investments at Fair Value as of December 31, 2016 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | $ 4,136,872 | $ - | $ - | $ 4,136,872 |
| Collective Trust Funds | - | 218,561 | - | 218,561 |
| Total Investments at Fair Value | $ 4,136,872 | $ 218,561 | $ - | $ 4,355,433 |

| | Investments at Fair Value as of December 31, 2015 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | $ 3,355,806 | $ - | $ - | $ 3,355,806 |
| Collective Trust Funds | - | 348,269 | - | 348,269 |
| Total Investments at Fair Value | $ 3,355,806 | $ 348,269 | $ - | $ 3,704,075 |

## NOTE 5 - INVESTMENT AT CONTRACT VALUE

The Plan has an investment in invesco Stable Asset Fund - ADP85 Class, which includes investment contracts issued by banks and insurance companies. These contracts are linked to the Fund's fixed income investments and are generally intended to allow for plan participant transactions to be effected at book value and the amortization of underlying fixed income gains and losses over a specified period of time through adjustments to the future contract interest crediting rate (which is the rate earned by investors in the Fund). The investment contracts provide that the adjustments to the interest crediting rate will not result in a future interest crediting rate that is less than zero. In general, if the contract value of the investment agreements exceeds the market value of the underlying investments (including accrued interest), the investment contract issuer becomes obligated to pay that difference to the Fraud in the event that permitted plan participant redemptions result in a total contract liquidation. The circumstance under which payments are made and the timing of payments between the Fund and the contract issuer may vary based on the terms of the investment contracts, and the investment contract issuer's obligation to pay is subject to significant conditions relating to, among other things, the types and frequency of redemptions from or by the Fund.

Although the above strategy of combining an actively managed fixed income portfolio with investment contracts is currently the primary strategy of the Fund, the Fund may also invest in traditional guaranteed investment contracts (GICs) or insurance company separate account contracts as defined in the investment guidelines. These contracts meet the fully-responsive investment contract criteria and therefore the fund is reported at contract value.

## NOTE 6 - RELATED PARTY TRANSACTIONS

The Plan incurs expenses related to general administration and record keeping. Direct participant-related expenses, such as participant withdrawal and loan setup fees are allocated and paid out of the respective participant's account. Plan-level fees, such as year-end testing and participant account maintenance fees are paid directly by the Company. Additionally the Company paid or will pay audit expenses of $9,500 on behalf of its participants for the Plan year ended December 31, 2016 and 2015, respectively.

Investments in Collective Trust Funds are managed by State Street Global Advisors, the Investment management arm of State Street Corporation, the parent of State Street Bank & Trust Company, the trustee as of December 31, 2015.

## NOTE 7 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as completed and accurate by the trustee of the Plan, Reliance Trust Company as of December 31, 2016, and State Street Bank & Trust Company as of December 31, 2015.

## NOTE 8 - TAX STATUS

The IRS has determined and informed the Company by a letter dated January 31, 2006, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

## NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015, to Form 5500:

| Net assets available for benefits per the Form 5500 | $ 4,717,826 | $ 3,984,101 |

## NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## NOTE 11 - FUTURE OF THE PLAN

While the Company hopes and expects to continue the Plan indefinitely, it reserves the right to terminate, discontinue making contributions to, amend or modify the Plan at any time, acting through written resolution of the controlling entity of the Company. Upon termination of the Plan, participants will become 100% vested in their total account balance.
