INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Finance Committee
University Medical Associates, Inc.
Cash or Deferred Profit Sharing Plan
Athens, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of University Medical Associates, Inc. Cash or Deferred Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits on a modified cash basis as of December 31, 2016 and 2015, the related statements of changes in net assets available for benefits on a modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2016 and 2015, and for the years then ended that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matter

The supplemental schedule of assets (held at end of year) on a modified cash basis as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

UNIVERSITY MEDICAL ASSOCIATES, INC.
CASH OR DEFERRED PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of University Medical Associates, Inc. Cash or Deferred Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established February 1, 1984, and last restated on April 27, 2016, effective January 1, 2016, to conform with Federal legislation and regulations issued since the final Internal Revenue Code Section 415 regulations through the latest regulatory requirements of the Worker, Retiree and Employer Recovery Act of 2008 (a regulatory requirement of the Pension Protection Act of 2006, known as a PPA restatement). The Plan is a defined contribution 401(k) Plan, and provides for both salary deferral contributions, employer contributions and safe harbor match under Section 401(k) of the Internal Revenue Code. The Plan also provides for the Plan Sponsor to make a discretionary contribution to the participants' Plan accounts. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: The Plan covers substantially all employees of University Medical Associates, Inc. (the Plan Sponsor) but excludes collectively bargained employees, leased employees and nonresident aliens. An employee becomes eligible for salary deferrals and safe harbor matching contributions once the age of 21 is attained. Employees are eligible to enter the Plan on the first day the eligibility requirements are achieved for salary deferrals and for safe harbor match the first day of the plan year quarter following the date on which such requirements are satisfied.

Contributions: Each participant may elect to contribute up to the maximum allowed under the Internal Revenue Code for such plan year, and the Plan allows for Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the maximum allowed under the Internal Revenue Code.

Rollover contributions from other qualified plans are permitted.

The plan allows for safe harbor 401(k) contributions. Eligible employees receive a safe harbor employer contribution equal to 3% of the employee's annual eligible compensation.

The Plan Sponsor can make additional matching contributions and discretionary profit sharing contributions. The Plan Sponsor did not make any additional discretionary contributions for the plan years ended December 31, 2016 and 2015.

Participant Accounts: Each participant account is credited with employee elective contributions, employer contributions, and an allocation of the participant's Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant investment options: Participant accounts are self-directed. Accordingly, each Plan participant has the right to direct all contributions and earnings of their account among alternative investment options provided under the Plan. Participants should refer to the most recent annual report of each investment fund for information on risk factors, asset concentrations, use of derivative financial instruments and other financial data. Participants may transfer funds between investment options at any time.

Vesting: Each participant is immediately vested in all employee, employer contributions, and actual earnings credited to their respective account.

NOTES TO FINANCIAL STATEMENTS

Payment of benefits: Upon retirement (normal retirement age is 65), death, disability or other termination of employment, as defined in the Plan document, participants or their spouses and/or beneficiaries may elect to receive their account as a lump sum cash payment equal to the value of the participant's account. Further, upon termination of employment, the participant may elect to transfer his or her account balances to another qualified plan or individual retirement account. A participant who has not separated from employment is not allowed to withdraw amounts from his or her 401(k) account prior to attaining age 59½. Minimum distributions for a participant must begin the latter of April 1 of the calendar year after a participant attains age 70 ½, or when the participant actually retires. If the vested account of a participant is \$1,000 or less, the entire vested account balance will be paid in a lump sum, unless the participant elects to rollover the account to another qualified plan.

The Plan allows for hardship withdrawals for certain participant needs as defined in the Plan document from participant deferral contributions and related earnings. The employer has the sole authority to authorize hardship withdrawals, pursuant to Plan specifications.

Notes Receivable from Participants: Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans bear interest commensurate with the prime rate. Loans used to acquire any dwelling unit, which is used as a principal residence of the participant, can provide for repayment in excess of five years. Principal and interest is paid ratably through monthly payroll deductions, within five years unless the loan is for the purchase of a primary residence.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accounting records of the Plan are maintained, and these financial statements are presented, on a modified cash basis of accounting, a practice permitted by the United States Department of Labor. Accordingly, with the exception of appreciation or depreciation in the fair value of investments and the recording of contributions receivable, income and expense items are recognized only as cash is received or paid. Therefore, certain receivables, certain payables and accrued expenses and deferred expenses, which would be recognized under accounting principles generally accepted in the United States of America, and general practices within the employee benefit plan industry, and which may be material in amount, are not recognized in the accompanying financial statements. Accordingly, the accompanying financial statements are not intended to present net assets or changes in net assets in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The accounts and reporting policies of the Plan conform to the modified cash basis of accounting and to general practices within the employee benefit plan industry. The preparation of financial statements in conformity with the Plan's basis of accounting requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value which equals the quoted market price as of the last day of the Plan year.

Pooled Separate Accounts

Pooled separate accounts are stated at net asset value, which is used as a practical expedient for fair value. The value of a unit in a pooled separate account is the fair market value of investments in the account as of the valuation date, plus cash balances and accruals less accounts payable, expenses, and taxes that are allocable to the account, divided by the number of outstanding participation units in the account. The underlying securities held in the pooled separate accounts are valued based on quoted market prices. If there is no readily available market value for a particular security, the investment manager will determine the fair market value of such investment in accordance with accepted practices and applicable laws and regulations. As of any date, the value of the Plan's share of a separate account will equal the number of participation units held by the Plan multiplied by the participation unit value.

The Plan does not require collateral to secure investment instruments.

NOTES TO FINANCIAL STATEMENTS

Investment income is recorded net of investment expenses charged by each of the Plan's respective investment options. Participants should refer to the latest prospectus or annual report for additional information related to investment return and fee assessments for each of the Plan's investment options.

Notes receivable from participants: Loans to participants are reported as notes receivable from participants at the unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payments of Benefits: Benefits are recorded when paid.

Subsequent Events: The Plan has evaluated subsequent events through July 30, 2017, the date the financial statements were available to be issued.

Note 3. Plan Termination

Although it has not expressed intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA

Note 4. Investment Information Certified by the Custodian

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets.

	2016	2015
Pooled Separate Accounts	\$ 8,868,473	\$ 8,968,141
Cash	328	198
Notes receivable from participants	87,720	104,500
Total assets certified	<u>\$ 8,956,521</u>	<u>\$ 9,072,839</u>

John Hancock Life Insurance Company (U.S.A.) also certified to the completeness and accuracy of dividend and interest income of \$18,983, and \$19,949; and net appreciation (depreciation) of investments of \$553,862 and \$(202,723) for the years ended December 31, 2016 and 2015, respectively.

Note 5. Fair Value Measurements

ASC Topic 820, "*Fair Value Measurements and Disclosure*" (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

UNIVERSITY MEDICAL ASSOCIATES, INC.
CASH OR DEFERRED PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value.

Pooled Separate Accounts: Valued at net asset value (NAV), which is used as a practical expedient for the determination of fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus.

Included in the pooled separate accounts, is a stable value fund which represents participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust.

The underlying securities in other pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted net asset value under agreements with the insurance company.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the pooled separate accounts and, consequently, the fair value of the Plan's investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The investment objectives of the Fund are to maximize current income, while maintaining principal and to provide for withdrawals for certain participant-initiated transactions under a plan without penalty or adjustments.

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016					
	Level 1	Level 2	Level 3	Funds at NAV ⁽¹⁾	Total
Pooled Separate Accounts	\$ -	\$ -	\$ -	\$ 8,868,473	\$ 8,868,473
Total investments at fair value	\$ -	\$ -	\$ -	\$ 8,868,473	\$ 8,868,473

Assets at Fair Value as of December 31, 2015					
	Level 1	Level 2	Level 3	Funds at NAV ⁽¹⁾	Total
Pooled Separate Accounts	\$ -	\$ -	\$ -	\$ 8,968,141	\$ 8,968,141
Total investments at fair value	\$ -	\$ -	\$ -	\$ 8,968,141	\$ 8,968,141

(1) Investments are measured at fair value using NAV as a practical expedient and are not classified within the fair value hierarchy. The fair value amounts permit reconciliation in the fair value hierarchy table to amounts presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using net asset value per share practical expedient as of December 31, 2016 and 2015, respectively.

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund, pooled separate account	\$ 53,946	N/A	Daily	Up to 12 months
Other pooled separate accounts	8,814,527	N/A	Daily	None
	<u>\$ 8,868,473</u>			

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

NOTES TO FINANCIAL STATEMENTS

Note 6. Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. During the years ended December 31, 2016 and 2015, transactions with parties-in-interest primarily included administrative expenses related to invested assets, which are recorded against net asset values of each investment fund.

Substantially all Plan administrative expenses for the years ended December 31, 2016 and 2015, were paid by the Plan Sponsor and not charged to the Plan. Certain administrative functions are performed by employees of the Plan Sponsor and are at no cost to the Plan.

Note 7. Income Tax Status

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated February 3, 2006, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan was restated effective January 1, 2016, and has not obtained an updated determination letter; however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Plan management evaluates tax positions taken by the plan to determine if any uncertain tax positions exist that compromise the Plan's tax exempt status that could result in tax obligations requiring recognition or disclosure in the Plan's financial statements. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2013.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

On April 10, 2017, the Plan Sponsor signed an agreement effective May 1, 2017 to integrate University Medical Associates (UMA) and Ohio University's Heritage College of Osteopathic Medicine (OUHCOM) with the Ohio Health Physician Group. At such time, the Plan Sponsor (UMA) will begin to wind down business in order to cease existence as both the Faculty Practice Plan and a 501(c)3 corporation in the state of Ohio.
