NOTE A - DESCRIPTION OF THE PLAN

The following description of the Gold Star Foods 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective December 1, 1995, the Plan was established for the benefit of all eligible employees of Gold Star Foods, Inc. and Gold Star Food Service, Inc. (collectively, the "Employer"). The Plan is a contributory profit sharing plan under Section 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended effective April 1, 2016 to reflect a change in plan design. In 2016, State Street Bank and Trust Company ("State Street") assigned trustee responsibilities to Reliance Trust Company as successor trustee. As a result, Reliance Trust Company assumed trustee responsibility as of and for the year ended December 31, 2016.

2. Eligibility

An employee is eligible to participate in the Plan on the first day of the month following completion of three months of service and attainment of age 18. Employees covered under a collective bargaining agreement and non-resident aliens are not eligible to participate in the Plan.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, from 1% to 65% of their compensation up to the maximum deferral limit per Section 402(g)(1) of the IRC of $18,000 for the year ended December 31, 2016. The Plan allows for auto-enrollment, which automatically enrolls newly eligible employees into the Plan at a 3% deferral rate, unless a different amount is elected by the participant. Participants who attained age 50 before the end of the plan year were eligible to make catch-up contributions. The maximum catch-up contribution was $6,000 for the year ended December 31, 2016. In addition, the Employer makes matching contributions equal to 25% on the first 65% of the participant's deferred compensation. Employer matching contributions for the year ended December 31, 2016 were $168,363 (net of $10,535 of applied forfeitures).

Employer non-elective contributions, qualified non-elective contributions, and qualified matching contributions are discretionary (subject to determination on an annual basis by the Board of Directors of the Employer). Participants must be employed on the last day of the plan year to be eligible for Employer non-elective contributions. There were no Employer non-elective, qualified non-elective, or qualified matching contributions for the year ended December 31, 2016.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Investment Options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in any of a variety of options offered by ADP Retirement Services, as provided by the Plan. Participants may change their investment options daily.

5. Participant Accounts

Each participant's account is credited with the participant's contributions, Employer matching contributions and allocations of Employer non-elective contributions and Plan earnings. Employer non-elective contributions are allocated based on the ratio each participant's compensation bears to the compensation for all participants. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Notes Receivable from Participants

Participants may borrow a minimum of $500 up to a maximum of 50% of their vested account balance not to exceed $50,000 less the highest outstanding loan balance during the previous one year period. The loans shall bear interest at the prime rate as published in the Wall Street Journal plus 2% and must be repaid within five years of the date of issuance in accordance with terms established by the plan administrator. Loans for the purchase of a principal residence may be paid back over a reasonable period of time, not to exceed 30 years. Effective April 1, 2016, three loans may be outstanding at any time but only one with an initial term greater than 30 years. Prior to April 1, 2016, only one loan outstanding was allowed.

7. Benefit Payments

Upon termination of service, participants are entitled to receive their vested account balances. Upon normal retirement age, permanent disability, or in the event of death while employed by the employer, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance. In addition, the Plan provides for cash-out distributions of vested participant account balances not exceeding $1,000. In-service and hardship withdrawals are permitted if certain criteria are met.

8. Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to reduce Employer contributions, or to pay plan expenses. The unallocated forfeiture balances at December 31, 2016 and 2015 were $4,930 and $3,357, respectively.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

9. Plan Termination

While the Employer has not expressed any intent to do so, the Employer reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, all interests of participants become fully vested, and the assets are distributed to the participants of the Plan in accordance with the provisions of the Plan.

10. Vesting

Participant contributions, Employer qualified non-elective contributions, and Employer qualified matching contributions and actual earnings on all such contributions are fully vested at all times. However, vesting of the Employer matching and Employer non-elective contribution portions of participant accounts, plus actual earnings thereon, is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Plan Administration

Gold Star Foods, Inc. is the plan sponsor and plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Payment of Benefits

Benefits are recorded when paid.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

7. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE C - INVESTMENTS AND CERTIFICATIONS BY TRUSTEES

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Reliance Trust Company and State Street, the trustees, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

NOTE C - INVESTMENTS AND CERTIFICATION BY TRUSTEE (Continued)

Total investments and notes receivable from participants held and certified by the trustees in the accompanying Statements of Net Assets Available for Benefits were $6,563,309 and $6,110,035 as of December 31, 2016 and 2015, respectively. Net investment income and interest income on notes receivable certified by the trustee in the accompanying Statement of Changes in Net Assets Available for Benefits were $394,282 for the year ended December 31, 2016.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at quoted net asset value (NAV) of shares held by the Plan at year end. These funds are required to publish their daily net asset value and transact at that price. The NAV for mutual funds is a publically available quoted price in an active market.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Common/collective trust fund: The Invesco Stable Asset Fund ("Invesco") is composed primarily of fully benefit responsive investment contracts and is valued at the net asset value of the units of Invesco. The net asset value is used as a practical expedient to estimate fair value. The plan may redeem units at any time upon 10 days' notice at the lessor of market value or contract value of the redeemed units. Employer initiated events, if material, such as plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust, or other events could limit Invesco's ability to transact at contract value with unit holders. As of December 31, 2016, Invesco's management believes the occurrence of an event that would limit the ability of Invesco to transact at contract value with its unitholders is not probable.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments.

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust fund	$ 782,549	None	Daily	12 months

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trust fund	$ 612,431	None	Daily	12 months

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

State Street was the custodian and trustee of the Plan through July 1, 2016. State Street assigned the Plan's trust arrangement to Reliance Trust Company for the year ended December 31, 2016 (see Note A.1.). In addition, State Street serves as a sub-custodian of Reliance Trust Company. ADP Retirement Services is the recordkeeper for the Plan. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE G - TAX STATUS AND CONTINGENCY

The Employer adopted a Prototype Non-Standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) dated July 8, 2014, which stated that the Plan is acceptable under section 401 of the IRC. The Plan has been amended since receiving the opinion letter. However the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, that are insignificant or operational in nature are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2013.

In October, 2014, the Employer received a notice of examination from the IRS relating to the plan year 2012. The audit was expanded to include the plan year 2013 and in February, 2016, the Employer received notification from the IRS that the Form 5500s for 2012 and 2013 were accepted as filed.
