Simpkins Retirement Plan Exchange for King Supply Co., LLC

Notes to Financial Statements

December 31, 2016

## 1. Description of the Plan

The following description of the Simpkins Retirement Plan Exchange for King Supply Co., LLC, (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan available to eligible employees of King Supply Company, LLC, King Architectural Metals of CA and King Architectural Metals of Georgia, LLC (collectively, the "Plan Sponsor"). Participation in the Plan is strictly voluntary, and employees can elect to participate monthly after completing twelve months of eligible service in which they work 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan Sponsor is responsible for the administration of the Plan and has entrusted the maintenance of records and the day-to-day administration to Fiduciary Doctors, LLC, who processes transactions through Transamerica Financial Life Insurance Company ("Transamerica"), the custodian of the Plan.

### Contributions

Participating employees may defer 401(k) contributions up to 100% of their pre-tax annual compensation, as defined in the Plan, subject to the Internal Revenue Service ("IRS") limitations. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers); there were no participant rollovers to the Plan during 2016. Participants direct the investment of their contributions into various investment options offered by the Plan as listed in the schedule of assets (held at end of year). Participants can change the investment options previously elected at any time.

The Plan Sponsor may make discretionary matching, profit sharing or qualified nonelective contributions to the Plan. Eligibility requirements for discretionary contributions are the same as for participation in the Plan, except participants must also be employed on the last day of the Plan year in order to receive discretionary profit sharing contributions. During 2016, the Plan Sponsor did not make any discretionary contributions to the Plan.

Participant contributions to the Plan are made through periodic payroll deductions. Participant contributions are remitted to Transamerica after each payroll. The Plan Sponsor discretionary matching, profit sharing and qualified nonelective contributions, if any, are remitted annually. Receivables from the Plan Sponsor for contributions are unsecured.

## 1. Description of the Plan (continued)

### Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's discretionary matching, profit sharing and qualified nonelective contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are immediately vested in their voluntary contributions and discretionary qualified nonelective contributions plus actual earnings on these contributions. Vesting in the Plan Sponsor's discretionary matching and profit sharing contribution portion of their accounts plus related earnings thereon is based on years of vesting service in which the participants complete 1,000 hours of service, as follows:

| Years of Service | Vesting Percentage |
|---|---|
| Less than 2 | 0% |
| 2 but less than 3 | 20% |
| 3 but less than 4 | 40% |
| 4 but less than 5 | 60% |
| 5 but less than 6 | 80% |
| 6 or more | 100% |

Participant account become fully vested upon death or disability.

### Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The notes are required to bear interest and to be repaid over periods not exceeding five years, except for those utilized for the acquisition or improvement of a qualified principal residence, which may be paid over a reasonable period of time. Principal and interest is paid ratably through payroll deductions.

## 1. Description of the Plan (continued)

### Payment of Benefits

If the participant's vested benefit in the Plan does not exceed $5,000 at the time of termination of employment, the participant's benefit must be distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds $5,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death or disability.

## 2. Significant Accounting Policies

### Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis, as are annual returns filed under applicable provisions of ERISA and the Internal Revenue Code ("IRC").

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures and changes therein. Accordingly, actual results could differ from those estimates.

### Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its benefit-responsive investment contract, which is valued at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by Transamerica. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

**2. Significant Accounting Policies (continued)**

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Upon default of notes receivable from participants, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the IRC, has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a note receivable from a participant is in default, the participant shall be treated as having a taxable deemed distribution, whether or not a distribution event has occurred.

**Benefit Payments**

Benefits are recorded when paid.

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses paid by the Plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

**Subsequent Events**

In preparation of the accompanying financial statements, subsequent events that have occurred since the statement of net assets available for benefits date have been evaluated through February 21, 2018, the date the financial statements were available for issuance.

Effective January 1, 2017, the Plan Sponsor elected to move the Plan out of the Simpkins Retirement Plan Exchange. The Plan changed its name to King Supply Company 401k Plan, and the maintenance of records and day-to-day administration was transferred to TAG Resources, LLC. Also, effective January 1, 2017, the eligibility requirements were changed to six months of eligible service in which the employee works 500 hours.

## 3. Certified Information (Unaudited)

Transamerica, the custodian, holds the Plan's investment assets and executes transactions therein. Financial information relating to those assets, including investments and notes receivable from participants, is included in the accompanying financial statements based on information provided to the Plan administrator and certified as complete and accurate by Transamerica. That information, which has not been audited by independent auditors, is summarized below.

The value of investments is as follows as of December 31:

| | 2016 | 2015 |
|---|---|---|
| Investments at fair value | **$1,010,552** | $ 909,574 |
| Investment at contract value | **144,927** | 153,369 |
| Total investments | **$1,155,479** | $1,062,943 |

Notes receivable from participants total $84,443 and $34,850 as of December 31, 2016 and 2015, respectively. Interest earned on these notes receivable totaled $2,703 in 2016.

Net appreciation in investments totaled $68,916 in 2016. Interest income from the stable value core account totaled $1,125 in 2016.

Fees paid by the Plan to parties-in-interest totaled $16,440 in 2016.

## 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2 Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**4. Fair Value Measurements (continued)**

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value during 2016:

> *Pooled Separate Accounts*: Valued daily using publicly available quoted market prices of the underlying investments held by the pooled separate account at year-end.

Following is a description of the valuation methodologies used for assets measured at fair value during 2015:

> *Pooled Separate Accounts: Valued based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts were based upon significant observable inputs but were not based upon quoted market prices in an active market.*

Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| **2016:** | | | | |
| Pooled Separate Accounts | **$1,010,552** | **$ –** | **$ –** | **$1,010,552** |
| **2015:** | | | | |
| Pooled Separate Accounts | $ – | $909,574 | $ – | $ 909,574 |

**5. Stable Value Core Account**

The Plan invests in a fully benefit-responsive traditional investment contract held in the Transamerica Stable Value Core Account ("Stable Value Core Account"). The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

**5. Stable Value Core Account (continued)**

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract. The Plan administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of the issuer.

**6. Related Party Transactions and Party-in-Interest Transactions**

Plan investments are in accounts of Transamerica Financial Life Insurance Company, and therefore, these transactions qualify as party-in-interest transactions. Related party transactions include contributions from the Plan Sponsor.

**7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Plan sponsor contributions.

## 8. Income Tax Status

The Plan adopted a prototype non-standardized profit sharing plan with CODA, which received a determination letter dated March 31, 2014, from the IRS which stated the plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

## 9. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.
