NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

NOTE 1 – DESCRIPTION OF PLAN

The following description of CCH Healthcare 401(k) Plan (formerly Orchards Healthcare Services Group, LLC 401(k) Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan open to substantially all employees of Lima Acres Nursing & Rehabilitation Center, LLC, Westlake Acres Nursing & Rehabilitation Center, LLC, Ridgewood Acres Nursing & Rehabilitation Center, LLC and Northcrest Acres Nursing & Rehabilitation Center, LLC

The Plan was originally established on January 1, 2014 as the "Orchards Healthcare Services Group, LLC 401(k) Plan" for certain facilities operated by Orchards Healthcare Services Group, LLC ("Orchards"), with Orchards also acting as Plan sponsor. On June 1, 2016, CCH Healthcare, LLC ("CCH") acquired certain Orchards facilities and as part of this acquisition CCH also assumed the Plan and responsibility as Plan sponsor. CCH subsequently restated the Plan to exclude certain participating employer facilities not acquired from Orchards and also renamed the Plan "CCH Healthcare 401(k) Plan". All participants who became ineligible as a result of the Plan restatement and who were participating in the Plan prior to the acquisition retained their balances in the Plan, but are no longer permitted to make contributions.

Eligibility: To be eligible to participate in the Plan, an employee must be 21 years of age or older, have completed 90 days of service, and not be covered by a collective bargaining agreement, be a non-resident alien, or leased employee. Employees may enter the Plan on the first day of the month following attainment of the age and service requirements. Days of service earned while employed by Orchards prior to the acquisition of the Plan by CCH are credited to employees for purposes of determining eligibility to enroll in the Plan.

Contributions: Participants may make voluntary pre-tax contributions, by means of a salary deferral agreement, of up to 90% of their compensation, subject to IRS limitations. Plan participants over the age of 50 are allowed to make additional pre-tax catch-up contributions to a maximum of \$6,000 in 2016. The Plan also permits rollover contributions by current employees from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

Matching contributions are discretionary and are contributed to participant accounts annually. To be eligible to receive discretionary matching contributions, participants must complete 1,000 hours of service during and be employed as of the end of the Plan year. Discretionary matching contributions are allocated to all eligible employees based on a uniform percentage formula equal to 100% of employee deferrals up to 5% of compensation. CCH made no discretionary matching contributions subsequent to its assumption of the Plan in June 2016. Matching contributions by Orchards prior to that date totaled \$23,828.

Employer matching contributions receivable at December 31, 2016 totaled \$563 and were remitted to the Plan in January 2017. Employer matching contributions receivable at December 31, 2015 totaled \$1,214 and were remitted to the Plan in January 2016. The Plan also permits the Plan sponsor to make qualified nonelective contributions (QNEC) and qualified matching contributions (QMAC) to participants. No such qualified contributions were made by either Orchards or CCH during the 2016 and 2015.

Investment options: The Plan consists of a group annuity contract (the “Contract”) issued by Transamerica Life Insurance Company (“Transamerica”). Through the Contract, contributions made into the Plan are invested in a pooled separate account with sub-accounts which invest solely in underlying mutual funds and a guaranteed investment contract which invests solely in Transamerica’s general account. Amounts allocated to a pooled separate account and guaranteed investment contract are credited to a participant’s account in the form of accumulation units.

Participant accounts: Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s discretionary matching contributions, if any, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting: Participants are immediately vested in their voluntary contributions as well as any QNEC or QMAC received, plus actual earnings thereon. Participants are also credited with all vesting service earned while employed by Orchards.

Participants become vested in discretionary employer matching contributions plus actual earnings thereon according to the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Additionally, participants are immediately fully vested upon death, disability, or reaching the Normal Retirement Age of 65.

Forfeitures: Matching contributions may be forfeited by participants who terminate employment prior to meeting the years of service requirement described above. These forfeitures may be used by the Plan to pay administrative expenses or to reduce the amount of future employer matching contributions payable to the Plan. Unallocated forfeitures retained in the Plan’s suspense account totaled \$3,873 and \$6 as of December 31, 2016 and 2015, respectively.

During 2016, forfeitures from participant accounts totaled \$4,598, of which \$760 were used to offset Plan administrative expenses.

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's account balance with a minimum of \$1,000. The term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence, in which case the loan is limited to a term of thirty years. The loans are secured by the participant's entire account balance or by other collateral agreed to by the trustees. The interest rate for each loan is based on the bank's prime lending rate on the first day of the month the loan is issued (3.75% at December 31, 2016) plus 1.00%. Interest rates on loans outstanding at December 31, 2016 ranged between 4.25% and 4.50%.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant, depending on their age, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and beneficiaries. Lump sum distributions are required if the vested balance is \$5,000 or less. The Plan permits in-service withdrawals for participants who have attained age 59½ or have become disabled. In case of hardship, a participant may apply for a distribution as described in the Plan agreement.

The Plan requires involuntary distribution of terminated participant balances less than \$1,000 via automatic rollover to another qualified retirement account. For participants who do not designate another qualified retirement account to receive this automatic rollover, the Plan administrator may establish an individual retirement account for the terminated participant.

Administrative expenses: All third-party administrative expenses are paid by the Plan, unless otherwise paid for by the Company. In 2016, the administrative expenses paid for by the Plan included recordkeeping and investment consulting fees and are included in the statement of changes in net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Benefit payments: Benefit payments to participants are recorded when paid.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, *Fair Value Measurements*, for discussion of fair value measurements.

Investment income as reported by the Plan consists of interest earned on the stable value investment option and investment gains and losses for the pooled separate accounts. Transamerica does not maintain historical cost data for the stable value investment option and pooled separate accounts and, accordingly, realized gains and losses are not reported separately from unrealized gains and losses. Any dividends or interest received from the underlying mutual funds held by the pooled separate accounts and stable value investment option are accounted for in their daily unit values.

Purchases and sales of investments are recorded on a trade-date basis.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through February 8, 2018, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2016 and 2015.

1. Pooled-separate accounts: Valued at the net asset value of shares of the underlying assets held by the Plan at year end. The pooled separate accounts do not have finite lives, unfunded commitments relating to this type of investment, or significant restrictions on redemptions. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Pooled-separate accounts (a)	\$ -	\$ -	\$ -	\$ 456,308
Investments at fair value	\$ -	\$ -	\$ -	\$ 456,308

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Pooled-separate accounts (a)	\$ -	\$ -	\$ -	\$ 343,115
Investments at fair value	\$ -	\$ -	\$ -	\$ 343,115

- (a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2016 and 2015.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a traditional guaranteed investment contract through its investment in the Transamerica Stable Value Advantage Option, which meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the Plan's investment contract totals \$17,186 and \$7,237 at December 31, 2016 and 2015, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate, which may not be less than zero percent, is based on a formula established by the contract issuer and is based on the earnings of the underlying assets in the portfolio and prevailing market conditions. The crediting rate is reviewed on a quarterly basis for resetting. The contract can be terminated by either the Plan or the contract issuer with at least 60 days advance written notice.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. No amendments were made to the prototype plan in the year ended December 31, 2016, although the Plan was restated in June 2016 as a result of the assumption of the Plan as part of the acquisition described in Note 1. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by Transamerica Life Insurance Company, the trustee of the Plan:

	December 31,	
	2016	2015
Investments, at fair value	\$ 456,308	\$ 343,115
Investments, at contract value	17,186	7,237
Participant notes receivable	23,620	28,296
Net assets available for benefits	<u>\$ 497,114</u>	<u>\$ 378,648</u>
Change in net assets:	Year Ended December 31, 2016	
Net appreciation in fair value of investments	\$ 26,220	
Interest income on participant notes	1,027	

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan issues notes receivable to participants which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

Certain Plan investments are units of group annuity contract pooled-separate accounts and a stable value investment option managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services totaled \$3,686 for the year ended December 31, 2016.

NOTE 8 – PROHIBITED TRANSACTIONS

During 2015 and 2016, the Company failed to remit certain participant contributions to the trustee on a timely basis as defined by the Department of Labor's Rules and Regulations under ERISA. Such contributions, which totaled \$42,743 and \$22,080 for 2016 and 2015, respectively, were remitted during 2016 and 2015 and are summarized on the Schedule of Delinquent Participant Contributions. Lost earnings related to the late remittances will be credited to participant accounts in 2018.

In addition, in 2016 the Company failed to correctly calculate certain participant contributions. Corrective contributions to participant accounts, totaling \$2,731, along with the related lost earnings will be remitted during 2018.

In addition, certain participants continued to contribute to the Plan after restatement rendered them ineligible to contribute. Total contributions to the Plan by ineligible employees during 2016 totaled \$14,887 and will be distributed out to the participants during 2018. Matching contributions made for these ineligible contributions totaling \$7,620 will be forfeited and remitted to the Plan's forfeiture account.

NOTE 9 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA; however each participant would have a nonforfeitable right to his or her total account balance as of the date of termination.

NOTE 11 – SUBSEQUENT EVENT

Effective September 7, 2017 the trustee of the Plan changed from Transamerica Life Insurance Company to John Hancock Life Insurance Company ("John Hancock") and all investment assets were transferred to John Hancock on the same date.

The late contributions listed on Schedule H, Line 4a represent the total participant contributions that were not remitted as soon as administratively possible, as required by the Department of Labor ("DOL").

The Plan sponsor remitted the late contributions during the 2015 and 2016 Plan years. Lost earnings related to the late remittances will be credited to the applicable participant accounts during 2018. The DOL views "full correction" as the payment of late contributions and reimbursement to the Plan for lost earnings and profits.
