October 12, 2015

To The Administrative Committee of

Piedmont Air Conditioning Company Thrift and Profit Sharing Plan

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of Piedmont Air Conditioning Company Thrift and Profit Sharing Plan (the "Plan") for the nine months ended September 30, 2014, and have issued our report thereon dated October 12, 2015. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements taken as a whole. We did, however, audit the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 15, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the nine months ended September 30, 2014. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the investment valuation of mutual funds and the common/collective trust fund was based on information provided by State Street Bank and Trust Company. The fair value of mutual funds was based on quoted prices, and the common/collective trust fund was based on the fair market value of the underlying investments. We evaluated the key factors and assumptions used to develop the valuation of these investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The plan administrator elected to merge the Plan into Service Logic 401(k) Plan effective September 30, 2014. The Plan's assets were merged into Service Logic 401(k) Plan at that time.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The attached schedule summarizes an uncorrected misstatement of the financial statements. Management has determined that its effects are immaterial to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 12, 2015.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Administrative Committee and management of Piedmont Air Conditioning Company Thrift and Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Mayer Hoffman McCann P.C.

Plymouth Meeting, Pennsylvania

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of

Piedmont Air Conditioning Company Thrift and Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Piedmont Air Conditioning Company Thrift and Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of September 30, 2014 and December 31, 2013, and the related statement of changes in net assets available for benefits for the nine months ended September 30, 2014, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee held the Plan's investment assets and executed investment transactions. The plan administrator has obtained certifications from the trustee as of September 30, 2014 and December 31, 2013, and for the nine months ended September 30, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

The accompanying financial statements have been prepared assuming the Plan will continue as a going concern. As discussed in Note 1 to the financial statements, the plan administrator elected to merge the Plan into Service Logic 401(k) Plan on September 30, 2014, at which time the Plan ceased to exist. Our opinion is not modified with respect to that matter.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Piedmont Air Conditioning Company Thrift and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan was a defined contribution plan sponsored by Piedmont Air Conditioning Company (the "Company" or "plan sponsor") for the benefit of its employees who satisfied the service requirements. The service requirements were sixty days of service for salary deferrals and one year of service for matching and profit sharing contributions. It was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan merger - The plan administrator elected to merge the Plan into Service Logic 401(k) Plan effective September 30, 2014. The Plan's assets were merged into Service Logic 401(k) Plan at that time.

Contributions - Each year, participants were able to contribute up to 90% of annual pre-tax compensation, as defined in the Plan, up to the allowable amount permitted by law. Additionally, participants age 50 or over, who were making contributions to the Plan, were allowed to make catch-up contributions and the Plan allowed for Roth contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover"). Company matching contributions were equal to a discretionary percentage of participants' elective deferrals and were determined annually by the Company's board of directors. Additional profit sharing amounts could be contributed at the option of the Company's board of directors. Contributions were subject to certain Internal Revenue Service ("IRS") limitations. For the nine months ended September 30, 2014, no discretionary profit sharing contributions were made to the Plan.

Participant investment account options - Participants directed the investment of their contributions into various investment options offered by the Plan which consisted of various mutual funds and a common/collective trust fund as investment options for participants.

Participant accounts - Each participant's account was credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting - Participants' contributions and Company matching contributions plus actual earnings were 100% vested immediately. Company profit sharing contributions were subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
0-1	0
2	20
3	40
4	60
5	80
6	100

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Notes receivable from participants - Participants were able to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans were secured by the balance in the participant's account and bore interest at rates which were commensurate with local prevailing rates as determined by the plan administrator for a term not exceeding five years and with level payments to be made not less frequently than quarterly. Principal and interest were paid ratably through payroll deductions.

Payment of benefits - Upon retirement, disability, or death, the entire balance of the participant's account became payable to the participant or designated beneficiary(ies). Upon any other termination of employment, the participant received the vested portion of his/her account. If the vested portion of the participant's account is greater than \$5,000 the participant could elect to receive the benefits in a lump sum or installments as specified in the Plan. Lump sum distributions were available for accounts with vested balances less than or equal to \$5,000.

In-service distributions were available after age 59-1/2 and for hardship as defined in the Plan.

Forfeited accounts - As of December 31, 2013, forfeited nonvested accounts available for use were \$24,147. There were no forfeited nonvested accounts as of September 30, 2014. Per the provisions of the Plan, forfeitures of profit sharing contributions were first used to pay Plan expenses, then reallocated to participant accounts. During the nine months ended September 30, 2014, no forfeitures were used to pay Plan expenses or reallocated to participant accounts. Forfeited nonvested accounts totaling \$32,630 were transferred into Service Logic 401(k) Plan on September 30, 2014.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The 2013 statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 5 for discussion of fair value measurements.

PIEDMONT AIR CONDITIONING COMPANY THRIFT AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition (continued) - Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in fair value of mutual fund investments includes the Plan's gains and losses on investments bought and sold as well as held during the nine months ended September 30, 2014.

Notes receivable from participants - Notes receivable from participants were measured at their unpaid principal balance plus accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses was recorded as of December 31, 2013. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

Unit values - Individual participant accounts for the common/collective trust fund were maintained on a unit value basis. Participants did not have beneficial ownership in the specific underlying securities or other assets in the fund, but did have an interest therein represented by units valued daily. The fund earned dividends and interest which were automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund were converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts were charged or credited with the number of units properly attributable to each participant.

Payment of benefits - Benefits were recorded when paid.

Administrative expenses - Expenses of the Plan were paid from Plan assets, except for expenses paid by the plan sponsor which are not included in the statement of changes in net assets available for benefits. Fees related to distributions and administration of notes receivable from participants were charged directly to the applicable participant account and were included in administrative expenses. Investment related expenses were included in net appreciation in fair value of mutual fund investments.

NOTES TO FINANCIAL STATEMENTS

(4) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of mutual fund investments
- Interest and dividends
- Other income
- Interest income on notes receivable from participants

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(5) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of September 30, 2014 and December 31, 2013.

PIEDMONT AIR CONDITIONING COMPANY THRIFT AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Fair value measurements (continued)

Mutual funds: Valued at the Net Asset Value ("NAV") of shares held by the Plan at year-end.

Common/collective trust fund: Valued at the estimated fair value as determined by the issuer of the common/collective trust fund based on the fair market value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan had no assets as of September 30, 2014. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

Investments at Fair Value as of December 31, 2013				
	Level 1	Level 2	Level 3	Total
Common/collective trust fund:				
Stable value fund (a)	\$ -	\$ 860,339	\$ -	\$ 860,339
Mutual funds:				
Growth	3,919,147	-	-	3,919,147
Fixed income	1,337,395	-	-	1,337,395
Blend	5,871,529	-	-	5,871,529
Value	2,236,050	-	-	2,236,050
Total investments measured at fair value	<u>\$ 13,364,121</u>	<u>\$ 860,339</u>	<u>\$ -</u>	<u>\$ 14,224,460</u>

(a) The fair value of the investment in the stable value fund has been estimated using the unit value of the underlying investments. The stable value fund is redeemable at the stable value fund's market value upon ten days' notice, and contract value with the required one-year notice. Additionally, there are no unfunded commitments for participants in the Plan who invest in this investment. See Note 6 for the description of the stable value fund.

PIEDMONT AIR CONDITIONING COMPANY THRIFT AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(6) Stable value fund

The Invesco Stable Asset Trust (the "Trust") is a common/collective trust fund that is considered to be a stable value fund with underlying investments in investment contracts and is valued at fair value and then adjusted by the issuer to contract value. Fair value of the stable value fund is the NAV of its underlying investments and contract value is principal plus accrued interest. The Trust is a stable value fund that is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The Trust's investment objective is to seek preservation of capital and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. To achieve its investment objective, the Trust invests in synthetic guaranteed investment contracts ("Synthetic GIC's"). Synthetic GIC's are portfolios of securities (debt securities or units of common/collective trust funds) owned by the Trust with wrap contracts associated with the portfolios. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, certain events limited the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan's merger into Service Logic 401(k) Plan, during the nine months ended September 30, 2014, did not prevent the Plan from transacting at the contract value of the Trust.

(7) Related-party and party-in-interest transactions

Certain Plan investments were held by State Street Bank and Trust Company, the trustee. These transactions qualified as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees paid by the Plan to the trustee for investment management services were included in net appreciation in fair value of mutual fund investments. Fees paid by the Plan to other exempt parties-in-interest for investment advisory services were \$32,228 for the nine months ended September 30, 2014. Administrative fees paid by the Plan to the recordkeeper were \$2,030 for the nine months ended September 30, 2014.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2013 to Form 5500:

Net assets available for benefits per the financial statements	\$ 14,549,723
Plus: adjustment from fair value to contract value for fully benefit-responsive investment contracts	8,521
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 14,558,244</u>

PIEDMONT AIR CONDITIONING COMPANY THRIFT AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(8) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements for the nine months ended September 30, 2014 to Form 5500:

Net decrease before transfer from plan per the financial statements	\$ (382,057)
Less: December 31, 2013 adjustment from fair value to contract value for fully benefit-responsive investment contracts	(8,521)
Net decrease in net assets available for benefits per Form 5500	<u>\$ (390,578)</u>

(9) Tax status

The IRS has determined the prototype plan adopted by the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed the prototype sponsor of such in a letter dated March 31, 2008. The plan administrator believes that the Plan was operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(10) Subsequent events

The Plan has evaluated subsequent events through October 12, 2015, the date the financial statements were available to be issued.
