CAVALLO POINT LODGE
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Cavallo Point Lodge 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Cavallo Point LLC (the Company), as defined in the respective Plan documents and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In addition to optional Company contributions to the Plan, the Plan includes a voluntary employee deferred salary arrangement.

Participant Contributions: Each year, eligible participants may contribute to the Plan up to 90% of pre-tax annual compensation, up to a maximum amount determined by the Internal Revenue Service ($18,000 for 2016 and 2015). The Plan allows all participants who have attained age 50 before the end of the Plan year to make catch-up contributions in accordance with Section 414(v) of the Internal Revenue Code ($6,000 for 2016 and 2015). The Plan allows participants to make two kinds of contributions; pre-tax elective deferrals and Roth elective deferrals. Participants may also contribute amounts representing distributions, or roll-overs, from other qualified retirement plans.

Company Contributions: The Company may make voluntary matching contributions to the Plan at the discretion of the Company's Board of Directors. Eligible participants must make elective deferrals to the Plan to receive matching contributions. Additionally, the Company may, at the discretion of its Board of Directors, make a nonelective contribution to the Plan. The nonelective contribution is allocated to all eligible participants.

Participant Accounts: Each eligible participant's account is credited with the participant's salary reduction contributions and allocations of the Company's contributions, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants: Participants may borrow from their fund accounts, a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate as published in The Wall Street Journal on the 14th of each month, plus two percentage points. Principal and interest are paid through payroll deductions over a period not to exceed five years unless the loan is used to purchase a primary residence. Loans used to purchase a primary residence must be repaid within a period of no more than thirty years.

Vesting: Participants are vested immediately in their salary reduction contributions plus actual earnings thereon. The full amount credited to a participant's account is vested when the participant attains age 65 or when participation terminates by reason of death or disability. The account of a participant otherwise vests as follows:

Years of Service	Percentage Vested
1	33%
2	67%
3	100%

NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF THE PLAN-Continued

Payment of Benefits: Upon termination of employment, participants with vested account balances less than $5,000 will receive their distribution in a lump sum as soon as administratively feasible. If upon termination of employment with a vested account balance that exceeds $5,000, the Plan will commence distributions to the participant in the manner elected by the participant and allowed by the Plan. On termination of service due to disability, a participant with a vested account balance greater than $5,000 may elect to receive either a lump-sum, part lump-sum and part installments, installment payments or a joint and survivor annuity. If the disabled participant's vested account balance does not exceed $5,000, the Plan will distribute that amount in a lump-sum as soon as administratively feasible. On termination of service due to death, the Plan pays the participant's designated beneficiary in the form and at the time elected by the beneficiary, unless, the participant specified the timing and form of the beneficiary's distribution.

Upon reaching age 59 1/2, a participant may elect to receive all or part of the vested interest in his or her account while employed by the Company.

The Plan allows financial hardship distributions caused by certain events as defined in the Plan.

Forfeited Accounts: Participants who terminate their employment forfeit their unvested balances to the Plan. At December 31, 2016 and 2015, there are no forfeited non-vested accounts.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates: The preparation of the Plan's financial statements requires the Plan administrator to make estimates and judgments that affect the reported statements of net assets and changes available for benefits. Such estimates relate primarily to the valuation of investments not traded on an established market. Actual results could differ from those estimates.

Risk and Uncertainties: Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and the amounts reported in the statement of net assets available for plan benefits.

Investment Valuation and Revenue Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Management determines the Plan's valuation

NOTES TO FINANCIAL STATEMENTS

NOTE B – SUMMARY OF ACCOUNTING POLICIES-Continued

policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in the fair value of investments consists of the unrealized appreciation (depreciation) and the realized gains or (losses) on the sales of investments during the year. Acquisition costs are included in the cost of investments and sales are recorded net of selling expenses. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016, or 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Recently Adopted Accounting Guidance: In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07 Fair Value Measurements (Topic 820) – Disclosures for Investment in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent). This guidance removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. This guidance also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share as a practical expedient. The guidance is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The Plan adopted the guidance for 2016, on a retrospective basis. Refer to Note C, for additional information.

In July 2015, the FASB issued ASU 2015-12 Plan Accounting: Defined Contribution Pension Plans (Topic 962) Part I. Fully Benefit-Responsive Investment Contracts; Part II. Plan Investment Disclosures; and Part III. Measurement Date Practical Expedient, a three-part standard that provides guidance on certain aspects of accounting by employee benefit plans. Part I amended the guidance for fully benefit-responsive investment contracts (FBRICs) to report them only at contract value and to no longer present a reconciliation of a FBRIC's fair value to its contract value on the face of the plan financial statements. In addition, FBRICs, including the underlying investments of a synthetic guaranteed investment contract, are not included in the fair value hierarchy table. Part II amended certain plan investment disclosures, including the elimination of investments greater than 5 percent of net assets; reporting the net appreciation/depreciation only in the aggregate and investments in the fair value hierarchy table are segregated only by general type of investment. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient, and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, a disclosure of that investment's strategy is not required. The guidance is effective for fiscal years

beginning after December 15, 2015, with early adoption permitted. The Plan adopted the guidance for 2016, on a retrospective basis.

NOTE C - INVESTMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal market for the asset or liability in an orderly transaction between market participants on the measurement date. U.S. GAAP establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

U.S. GAAP prescribes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities, which are considered to be most reliable.
Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data.
Level 3 - Unobservable inputs reflecting the reporting entity's own assumptions, which require the most judgment.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no significant changes in the methodologies used during the years ended December 31, 2016 and 2015.

Mutual funds are traded on a national securities exchange and are stated at the last reported sale or settlement price on the day of valuation.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016	
	Level 1	**Total**
Mutual funds	$ 707,945	$ 707,945
Total assets in the fair value hierarchy	707,945	707,945
Common Collective Trust*	-	40,253
Total Investments at Fair Value	**$ 707,945**	**$ 748,198**

	Assets at Fair Value as of December 31, 2015	
	Level 1	**Total**
Mutual funds	$ 624,664	$ 624,664
Total assets in the fair value hierarchy	624,664	624,664
Common Collective Trust *	-	35,207
Total Investments at Fair Value	**$ 624,664**	**$ 659,871**

NOTES TO FINANCIAL STATEMENTS

NOTE C – INVESTMENTS-Continued

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this

table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

As of December 31, 2016 and 2015, the investments measured at net asset value consisted of mutual funds, and there are no participant redemption restrictions for these investments.

NOTE D – CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015;
- Net appreciation in fair value of investments, dividends and interest (which includes interest income from notes receivable) reflected on the accompanying statements of changes in net assets available for benefits for the year ended December 31, 2016; and
- Investments reflected on the schedule of assets (held at end of year).

NOTE E - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan at any time subject to the provisions set forth in ERISA and the Internal Revenue Code. Upon termination of the Plan, the total net assets of the Plan are to be distributed to the participants in proportion to their account balances.

NOTE F – PARTY-IN-INTEREST TRANSACTIONS

Administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses for the Plan are paid directly by the Company.

NOTE G – TAX STATUS

The Plan has adopted a prototype plan which received an advisory letter from the IRS on July 8, 2014, which stated that the prototype plan is designed in accordance with the applicable section of the IRC. In Accordance with Revenue Procedures 2016-6 and 2011-49, the Company has determined that it is eligible to and has chosen to rely on the current advisory letter. The plan has also adopted discretionary amendments. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, is exempt from federal income taxes.
