Independent Auditor's Report

Plan Administrator
Frisch's Restaurants, Inc. Pension Plan
Cincinnati, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the Frisch's Restaurants, Inc. Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of May 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended May 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Financial Statements

Our responsibility is to express an opinion on the statements of net assets available for benefits as of May 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended May 31, 2017, based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the statements of net assets available for benefits as of May 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended May 31, 2017.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Our responsibility is to express an opinion on the 2016 statement of changes in net assets available for benefits based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion on the 2016 Statement of Changes in Net Assets Available for Benefits* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 statement of changes in net assets available for benefits.

Basis for Disclaimer of Opinion on the 2016 Statement of Changes in Net Assets Available for Benefits

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the investment assets held by U.S. Bank, N.A., the custodian of the Plan for the period from June 1, 2015 to February 12, 2016, and transactions in those assets were excluded from the scope of our audit of the Plan's 2016 statement of changes in net assets available for benefits, except for comparing the information provided by the custodian, which is summarized in Note 7, with the related information included in the financial statements.

Disclaimer of Opinion on the 2016 Statement of Changes in Net Assets Available for Benefits

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2016 Statement of Changes in Net Assets Available for Benefits* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we do not express an opinion on the 2016 statement of changes in net assets available for benefits.

Opinion on the Financial Statements

In our opinion, the statements of net assets available for benefits as of May 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended May 31, 2017 referred to above, of the Plan present fairly in all material respects, the net assets available for benefits of the Plan as of May 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended May 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit of the Plan's financial statements as of and for the year ended May 31, 2017 was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of May 31, 2017 and the supplemental Schedule H, Line 4(j) – Schedule of Reportable Transactions for the year ended May 31, 2017 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2017 financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Form and Content of the 2016 Statement of Changes in Net Assets Available for Benefits in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2016 statement of changes in net assets available for benefits, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Frisch's Restaurants, Inc. Pension Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Frisch's Restaurants, Inc. ("Company") Pension Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Frisch's Restaurants Inc. Pension Plan for Managers and Office Employees was established September 1, 1955, for the purpose of providing retirement benefits to eligible employees. This portion of the Plan was amended on July 1, 2009 to close participation in the Plan to manager, office and commissary employees who were hired after June 30, 2009.

The Frisch's Restaurants Inc. Pension Plan for Operating Unit Hourly Employees was established December 31, 1970, for the purpose of providing retirement benefits to eligible employees. This portion of the Plan was amended on June 8, 1999 to only permit hourly employees whose service began before January 1, 1999 the ability to participate in the Plan. This portion of the Plan was also amended on July 1, 2009 to freeze benefit accruals effective August 31, 2009.

Effective June 1, 2012, the Frisch's Restaurants, Inc. Pension Plan for Operating Unit Hourly Employees merged into the Frisch's Restaurants, Inc. Pension Plan for Managers, Office and Commissary Employees. The merged plans were renamed the Frisch's Restaurants, Inc. Pension Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective December 18, 2015, the Plan was amended to allow certain deferred vested participants to elect to commence a lump sum form of payment during the period from January 11, 2016 through April 8, 2016.

Effective February 1, 2016, the Plan assets were transferred from US Bank to the RBC Wealth Management for asset management services. US Bank remained as plan custodian that is responsible for administration of the Plan benefit payments to participants and payments of Plan expenses.

Effective June 1, 2016, the Plan was amended to freeze accrual of benefits for all participants.

Pension Benefits

The monthly retirement benefit for participating managers and office employees will be the larger of (a) \$10 times the number of years of credited service (up to 40 years) or (b) 51% times the monthly Plan compensation (as defined) reduced by 50% of the social security benefit, the sum of which will be multiplied by 1/28 times the number of years of credited service (up to 28 years).

The monthly retirement benefit for participating commissary employees will be \$10 times the number of years of credited service (for a minimum of \$30 and a maximum of \$400).

The monthly retirement benefit for participating operating unit hourly employees will be \$5 times the number of years of credited service (for a maximum of \$175).

Participants may elect either a lump sum distribution or monthly payment option. The default form of payment for an unmarried participant is a 5-year certain annuity, while the default form of

Frisch's Restaurants, Inc. Pension Plan

Notes to Financial Statements

payment for a married participant is a qualified joint and 50% survivor annuity. Participants may also elect other forms of benefit payments as provided by the Plan.

Vesting

Upon termination of employment with the Company prior to having attained the normal retirement date for any reason other than early retirement or death, a participant shall be entitled to the vested portion of his or her accrued benefit attributable to employer contributions, determined as follows:

<i>Years of Service with the Employer</i>	<i>Percent of Non-Forfeitable Accrued Benefit</i>
Any service less than five (5) years	None
At least five (5) years	100%

Funding

Costs of the Plan, which are typically funded annually, are actuarially determined under projected benefit cost methods and include amounts for current service and amortization of (and interest on) prior service liabilities. The Company's policy is to provide contributions that equal or exceed the minimum funding requirements as required by ERISA. The Plan met the minimum funding requirements of ERISA as of May 31, 2017 and 2016.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared using the accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are stated at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net unrealized appreciation or depreciation in the fair value of investments is recorded based on the fair value of the investments bought and sold as well as held during the year. Interest income is recorded as earned, and dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual amounts could differ from those estimates.

Frisch's Restaurants, Inc. Pension Plan

Notes to Financial Statements

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Substantially all administrative expenses are paid by the Plan.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances—retirement, death, and termination of employment—are included, to the extent they are deemed attributable to employee service rendered as of the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from Mercer Inc. ("Mercer") and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal, or retirement) between the valuation date and the expected date of payment.

Subsequent Events

The Plan has evaluated subsequent events through March 13, 2018, the date the financial statements were available to be issued.

In October 2017, the Internal Revenue Service updated the mortality tables to be used for both ERISA funding and lump sum benefits beginning in the 2018 calendar year. In addition, it also updated the static mortality tables for plan years beginning during 2017 with respect to valuation dates occurring during 2018. These changes could potentially impact lump sum benefits, funding costs and balance sheet obligations, except in situations where the projected lump sum mortality rates were already considered. Plan management is currently evaluating the impact to the Plan.

3. Accumulated Plan Benefits

The accumulated Plan benefits according to the beginning of the year actuarial reports as of May 31 were as follows:

	2016	2015
Vested benefits		
Inactive participants receiving payments	\$ 4,249,842	\$ 3,959,923
Inactive participants with deferred benefits	6,242,754	11,829,887
Active participants	15,428,093	16,336,618
Total vested benefits	25,920,689	32,126,428
Non-vested benefits	27,555	31,678
Actuarial present value of accumulated Plan benefits	\$ 25,948,244	\$ 32,158,106
Actuarial present value of accumulated Plan benefits at May 31, 2015		\$ 32,158,106
Benefits accumulated		2,730,142
Increase for interest		18,41,609
Benefits paid		(10,798,892)
Change in actuarial assumptions		17,279
Actuarial present value of accumulated Plan benefits at May 31, 2016		\$ 25,948,244

The significant assumptions underlying the actuarial computations for 2016 and 2015 are as follows:

- Interest rate – 7.00% per year, compounded annually (2016 and 2015);
- Mortality – 2016 PPA separate annuitant/non-annuitant tables (2016);
2015 PPA separate annuitant/non-annuitant tables (2015)
- Retirement Age – Ages 55 to 70 (2016 and 2015)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

4. Priorities upon Termination of the Plan

In the event the Plan is terminated, the assets would be allocated among the participants and beneficiaries of the Plan in the order prescribed by ERISA. Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net

Frisch's Restaurants, Inc. Pension Plan

Notes to Financial Statements

assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

5. Fair Value Measurements

The Accounting Standards Codification ("ASC") Fair Value Measurements and Disclosure defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements in accordance with accounting principles generally accepted in the United States of America. Fair Value Measurements and Disclosure does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

Fair Value Measurements and Disclosure establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets in active markets;
 - Quoted prices for identical or similar assets in inactive markets;
 - Inputs other than quoted prices that are observable for the asset;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of May 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the NAV of \$1 per share

Frisch's Restaurants, Inc. Pension Plan

Notes to Financial Statements

Debt securities: Fair value is determined based on observable inputs of comparable market transactions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2017.

	Fair Value Measurements at Reporting Date Using			
<i>May 31, 2017</i>	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

6. Plan Tax Status

The Frisch's Restaurants, Inc. Pension Plan obtained its latest determination letter on October 16, 2014, in which the Internal Revenue Service stated that the Plan and its underlying trust are in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan's trustees believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the tax authorities. A recognized tax position is then measured at the largest amount of benefit that is greater than 50% likely of being realized upon settlement. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2017 and 2016, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Additionally, the Plan had no interest and penalties related to income taxes. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Certified Information

The net investment loss and investment transactions disclosed in the accompanying statements of changes in net assets available for benefits for the period from June 1, 2015 to February 12, 2016, have been certified to the plan administrator by U.S. Bank, N.A., the custodian of the Plan for that respective period. The Plan elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL rules and regulations for reporting and disclosure under ERISA and as such, no auditing procedures have been performed on this information except to compare such information to the information included in the 2016 statement of changes in net assets available for benefits. Accordingly, as permitted under such election, the plan administrator has obtained a certification from the custodian of the Plan that the information provided by them is complete and accurate.

8. Party-In-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. No such officer or employees receive compensation from the Plan.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Actuarial Assumptions****Discount rate sponsor elections**

- | | | |
|-------------------------------------|--------------------------|-----------------------------|
| • Segment rates or full yield curve | Segment | |
| • Look-back months | 4 | |
| | <u>Stabilized</u> | <u>Nonstabilized</u> |
| • First 5 years | 4.43% | 1.43% |
| • Next 15 years | 5.91% | 3.94% |
| • Over 20 years | 6.65% | 4.96% |

Rationale: This assumption is prescribed by the IRS.

Mortality sponsor elections

- | | |
|--------------------|--|
| • All participants | Section 430(h)(3) prescribed separate static annuitant and nonannuitant mortality tables. These tables are based on the RP-2000 mortality tables projected with mortality improvement to the valuation year plus 7 and 15 years based on Scale AA. |
|--------------------|--|

Rationale: This assumption is prescribed by the IRS.

417(e) lump sums

Liabilities are determined based on the underlying annuity used by the plan to determine the lump sum amount, rather than valuing the lump sum payment. This annuity is valued based on funding interest rates rather than 417(e) rates and current year 417(e) unisex mortality.

Rationale: This assumption is prescribed by the IRS.

Other economic assumptions

- | | |
|---------------------------------|----------------|
| • Salary increases | Not applicable |
| • Flat-dollar benefit increases | Not applicable |
| • Social Security wage base | Not applicable |
| • Inflation | 2.50% per year |
| • Expected investment return | 7.00% per year |

Rationale: This assumption is based on a blend of the hypothetical past performance of the plan's target asset mix, and the median simulated investment return using capital market assumptions published in Mercer Investment Consulting's Capital Markets Outlook for the plan's target asset mix. The expected investment return is net of an adjustment of 20 basis points for investment expenses assumed to be paid from plan assets.

- | | |
|------------|---|
| • Expenses | \$210,000 added to current year normal cost |
|------------|---|

Rationale: This assumption is based on prior year actual expenses, adjusted for expected changes in PBGC premiums and one-time special projects, rounded down to the prior \$10,000.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Actuarial Methods*****Asset Methods***

The asset valuation method is an average of the adjusted market value for each year during the last 2 years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a termination date prior to the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

The plan's valuation date is the beginning of the plan year.

- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, Part V — Summary of Plan Provisions***Salaried and Commissary Employees***

Effective date and plan year	Restated plan: May 31, 2013 through Amendment 2 Plan year: The 12-month period commencing each June 1.
Status of the plan	The plan was frozen to new participants on June 1, 2010, and plan benefits were frozen as of May 31, 2016. On May 31, 2012, the Frisch's Restaurants, Inc. Pension Plan for Operating Unit Hourly Employees merged into the Frisch's Restaurants, Inc. Pension Plan for Managers, Office and Commissary Employees and the plan was renamed Frisch's Restaurants, Inc. Pension Plan.
Significant events that occurred during the year	All benefit accruals in the plan were frozen as of May 31, 2016, and the plan offered a limited lump sum opportunity to terminated vested employees during the 2015/2016 plan year.
Definitions	
• Covered employees	Salaried: Officers, office employees, supervisors and restaurant managers. Commissary: Non-supervisory commissary employees.
• Participation	June 1 or December 1 following attainment of age 21 with 1,000 hours of service during any calendar year and 12 months of employment. Last entry date is June 1, 2010.
• Vesting service	One year for each calendar year with at least 1,000 hours of service, effective January 1, 1992
• Credited service	One year for each year of vesting service. After 1999, no credit is given in any year in which an employee is considered a Highly Compensated Employee. No credited service is provided after May 31, 2016.
• Pensionable earnings	Total compensation excluding extraordinary items such as moving expenses and stock exercises for a calendar year. After 1999, \$0 in any year in which an employee is considered a Highly Compensated Employee. Pensionable earnings are not reflected after May 31, 2016.
• Final average earnings	The average of the highest five consecutive calendar years of pensionable earnings
• Primary Social Security benefit	The primary Social Security benefit payable at normal retirement date or, if later, the commencement date of benefits under the plan, according to the law in effect at the earlier of May 31, 2016 or the date of separation from service, and without reduction for any earnings the participant may receive after such date. Prior years' earnings are estimated using a 6% assumption.

Schedule SB, Part V — Summary of Plan Provisions

• Accrued benefit

Salaried:

The greater of:

- A. 51% of average monthly earnings minus 50% of the Primary Social Security benefit, reduced for each year of credited service less than 28
- B. The accrued benefit at May 31, 1994, plus the formula in (A) (with \$150,000 indexed limit on earnings), based on years of credited service after June 1, 1994

This normal retirement benefit is multiplied by the service fraction to determine the Prorated Accrued Benefit. The service fraction is equal to actual continuous service through May 31, 2016 (or termination if earlier) divided by projected continuous service at normal retirement.

Commissary:

The sum of:

- A. \$3.00 for each year of credited service before May 1, 1971, except years prior to age 25 and the first two years of service are excluded.
- B. \$5.00 for each year of credited service between May 1, 1971 and May 1, 1980.
- C. \$7.50 for each year of credited service between May 1, 1980 and May 1, 1982.
- D. \$0.63 if the participant completed 83 or more hours of credited service between May 2, 1982 and May 31, 1982.
- E. \$7.50 for each year of credited service between May 31, 1982 and May 31, 1989.
- F. \$10 for each year of credited service after May 31, 1989.

The minimum monthly benefit is \$30 and the maximum monthly benefit is \$400.

Schedule SB, Part V — Summary of Plan Provisions**Normal retirement**

- Eligibility Normal retirement date (NRD) is the later of the attainment of age 65 and five years of participation
- Benefit Monthly pension benefit determined as of NRD

Early retirement

- Eligibility Retirement before NRD and on or after both attaining age 55 and completing five years of service
- Benefit Monthly prorated accrued benefit determined as of early retirement date, reduced 1/180th for each of the first 60 months and 1/360th for each of the next 60 months that payment precedes NRD

Late retirement

- Eligibility Retirement after NRD
- Benefit Monthly pension benefit determined as of actual retirement date. Participants who reached NRD prior to January 1, 1994 receive their actuarially increased monthly pension benefit determined as of their NRD, if greater.

Deferred vested

- Eligibility Termination for reasons other than death or retirement after completing five years of vesting service
- Benefit Monthly prorated accrued benefit determined as of termination date, payments commencing at NRD. Benefits are reduced 1/180th for each of the first 60 months and 1/360th for each of the next 60 months that payment precedes NRD.

Pre-retirement death

- Eligibility Death while eligible for normal retirement, early retirement, postponed retirement, or vested retirement benefits.
- Benefit

Salaried:

The actuarial equivalent of 100% of the participant's vested accrued benefit paid in part as the 50% portion of the 50% Joint & Survivor form and the remainder as a lump sum.

Commissary:

50% of the amount that would have been payable to the participant had the participant terminated immediately prior to death and commenced payment of benefits under the 50% Joint & Survivor form of payment at the earliest eligible date.

Schedule SB, Part V — Summary of Plan Provisions

Form of benefits	
• Automatic form for unmarried participants	Normal form of payment is a life annuity with payments guaranteed for 60 months for single participants. This is also the automatic form for unmarried participants
• Automatic form for married participants	A Qualified Joint and 50% Survivor Annuity for married participants.
• Optional forms	Optional forms of payment are a life-only annuity, a life annuity with payments guaranteed for 120, 180, or 240 months, a joint and 75% or 100% survivor annuity, and a lump sum.
• Optional form conversion factors	Actuarial equivalence for all options is based on 6.50% and 1970 GAM (Female). For lump sums, actuarial equivalence is based on Code Section 417(e)(3) applicable provisions.
Miscellaneous	
• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. This limit is indexed annually. For 2016, the limit is \$265,000.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2016, the limit is \$210,000.

Deferred vested

- Eligibility Termination for reasons other than death or retirement after completing five years of vesting service
- Benefit Monthly pension benefit determined as of termination date, with payments commencing at NRD. Benefits are reduced 1/180th for each of the first 60 months and 1/360th for each of the next 60 months that payment precedes NRD.

Pre-retirement death

- Eligibility Death while eligible for normal retirement, early retirement, postponed retirement, or vested retirement benefits.
- Benefit 50% of the amount that would have been payable to the participant had the participant terminated immediately prior to death and commenced payment of benefits under the 50% Joint & Survivor form of payment at the earliest eligible date.

Form of benefits

- Automatic form for unmarried participants Normal form of payment is a single life annuity with payments guaranteed for 60 months for single participants.
- Automatic form for married participants Qualified Joint and 50% Survivor Annuity for married participants.
- Optional forms Optional forms of payment are a life-only annuity, a life annuity with payments guaranteed for 120, 180, or 240 months, a joint and 75% or 100% survivor annuity, and a lump sum.
- Optional form conversion factors Actuarial equivalence for all options is based on 6.0% and 1970 GAM (Female). For lump sums, actuarial equivalence is based on Code Section 417(e)(3) applicable provisions.

Schedule SB, Part V — Summary of Plan Provisions**Miscellaneous**

- **Maximum benefits** Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2016, the limit is \$210,000.

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated effective June 1, 2013 are included in this valuation.

- **Most recent plan amendments included:** Amendment 2
- **Plan amendments excluded:** None
- **Late retirement increases:**
 - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½. This valuation does not include increases for current participants over age 70.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.
- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan Provision Changes Since Prior Valuation

Benefits for Salaried and Commissary employees were frozen as of May 31, 2016. Service and pay earned after this freeze date will not be reflected in benefits under the plan.

Schedule SB, line 24 — Change in Actuarial Assumptions

The following non-prescribed assumption changes have occurred since the June 1, 2015 valuation:

- The expense component of normal cost was decreased from \$240,000 to \$210,000 to reflect our expectations for the current plan year.
- The percent married assumption for male Salaried and Commissary employees was decreased from 65% to 60% to better reflect future expectations.
