The following brief description of the Dokken Engineering 401(k) Profit Sharing Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established June 20, 1986, to provide eligible employees of Dokken Engineering, Inc. (the Company), with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (IRC). The Plan is available to substantially all employees of the Company who have attained the age of 21. Participants may begin to defer a portion of their compensation into the Plan on the first day of the month following one month of service. To be eligible for the employer matching or profit sharing contributions, participants must have been employed at the Company for one year and have worked at least 1,000 hours during that period. Nonresident aliens, union employees, and on call employees are prohibited from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees may elect to make tax deferred contributions to the Plan up to 100% of their eligible compensation, subject to limits imposed by the IRC. The Company also makes matching contributions of 100% of participants' contributions for the first 9% of base compensation that they elect to defer. The matching contributions are computed each payroll period and are based on the contributions for that payroll period only. The Company contributed $658,035 to the Plan during the year ended May 31, 2017.

The Company may also make an annual discretionary profit sharing contribution. To be eligible for the profit sharing contribution, participants must be credited with one year of service and be employed by the Company on the last day of the Plan year. To earn a year of service, participants must be credited with at least 1,000 hours of service during the Plan year. During the year ended May 31, 2017, the Company did not make any profit sharing contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings and account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account.

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants immediately vest 100% in the salary deferral contributions and in qualified rollovers or transfers from other retirement plans and all earnings thereon. Participants vest in employer matching and profit sharing contributions as follows: 20% after the second year of service and 20% for each year of service thereafter. Participants are 100% vested at normal retirement age (age 65), upon becoming disabled, or at death. Forfeitures may be used first to reduce the Plan's administrative expenses and then to offset any Plan sponsor contributions. At May 31, 2017 and 2016, forfeitures available to offset Plan expenses were $38,431 and $12,086, respectively. During the years ended May 31, 2017 and 2016, forfeitures of $12,128 and $64,710 were used.

Payment of Benefits

Participants may make withdrawals from the Plan upon reaching age 59½ or in certain cases of financial hardship. Additionally, participant balances are normally distributed to the participant or his or her beneficiary at the time of retirement, disability, or death. Upon termination of service, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Notes Receivable from Participants

Participants may borrow up to one half of the present value of the vested balance of their Plan account, up to a maximum of $50,000. Notes receivable bear interest at the prime rate plus 2%. Notes receivable are repaid over a five-year period. Notes receivable are generally payable in full upon the participant's termination or the occurrence of other certain events. Notes receivable to participants are stated at the principal amount outstanding, which approximates fair value. Total notes receivable outstanding of $74,674 and $152,218 as of May 31, 2017 and 2016, respectively, are recorded in the Plan's accompanying financial statements. Delinquent participant loans, if applicable, are reclassified as distributions based upon terms of the Plan.

Administrative Expenses

The Company, as Plan sponsor, pays certain administrative expenses on behalf of the Plan. Participant's accounts are adjusted for fees pertaining to termination processing, and are charged for expenses incurred by the custodian in the performance of their duties.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and insurance company. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

In preparing the accompanying financial statements, management has considered events that have occurred after May 31, 2017, through March 12, 2018, the date these financial statements were available for issuance. Management was not aware of any subsequent events requiring additional disclosure, except as discussed in Note 13.

Use of Estimates

In preparing the financial statements in accordance with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Information contained in the accompanying financial statements and supplemental schedule that was certified by the custodians as to completeness and accuracy includes:

- Details (cost, market, and contract value) and summaries of investments held at May 31, 2017 and 2016;
- Summaries of investment income and transactions for the year ended May 31, 2017.

NOTE 4: FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2017 and 2016.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

*Common/collective trusts*: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments or redemption restrictions.

*Pooled separate accounts*: Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information. There are no unfunded commitments or redemption restrictions.

*Mutual funds*: The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Managed brokerage account:* The managed brokerage account is measured at NAV as a practical expedient and is invested in the Clairton Fund. The Clairton Fund seeks to invest in undervalued stocks and tries to attain long-term returns on its investments. Investments in the Clairton Fund represent ownership interests in a partnership. As such, withdrawals from the Clairton Fund may be subject to new partnership documents being written prior to the withdrawals being able to be completed. Management is unable to determine how long may be required for new partnership documents to be written, if necessary, and for these withdrawals to be able to be completed.

Investments held by the fund are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan in the managed brokerage account are deemed to be actively traded. As of May 31, 2017 and 2016, the fund had no unfunded commitments or a redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

As of May 31, 2017 and 2016, assets in the Plan, as defined by ASC Topic 820, were as follows:

| | 2017 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 5,087,565 | - | - | $ 5,087,565 |

| Investments measured at NAV (practical expedient) | | | | 7,925,445 |
| Total assets at fair value | | | | $ 13,013,010 |

| | 2016 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |

| Total assets in the fair value hierarchy | 14,617,881 | - | - | 14,617,881 |
| Investments measured at NAV (practical expedient) | | | | 124,886 |
| Total assets at fair value | | | | $ 14,742,767 |

NOTE 5: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive group annuity contract issued by Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with a fixed rate of interest. The guaranteed investment contract issuer is contractually obliged to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus interest earned, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value less an early withdrawal charge, when applicable.

NOTE 5: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract issuer may not terminate the guaranteed investment contract at any amount less than the contract value.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6: EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan failed the discrimination testing for the year ended May 31, 2016. Excess contributions amounting to $16,276 as of May 31, 2016, are recorded as a liability on the accompanying statements of net assets available for benefits and as a reduction of participant contributions for the year. The Plan reimbursed these excess contributions to its participants in December 2016 for the year ended May 31, 2016.

NOTE 7: TAX STATUS

The Company received a favorable determination letter dated March 31, 2008, from the Internal Revenue Service as to the qualified status of the Plan. The Plan administrator and the Plan's tax counsel are of the opinion that the Plan complies in operation with the applicable requirements of the IRC and ERISA and is exempt from income tax. Accordingly, no provision has been made for federal or state income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to suspend its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all participants' accounts become fully vested and non-forfeitable. As of such Plan termination date, the Plan administrator would distribute all assets remaining in the Plan to the Plan participants, less any expenses properly charged to the Plan.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 10: NONEXEMPT TRANSACTIONS

During the year ended May 31, 2017, the Company failed to remit to the Plan certain employee deferrals aggregating to $146,277 on a timely basis according to DOL regulations. These late deferrals were remitted to the Plan during the Plan year ended May 31, 2017. The Company is in the process of calculating lost earnings.

During the year ended May 31, 2016, the Company failed to remit to the Plan certain employee deferrals aggregating to $33,072 on a timely basis according to DOL regulations. These late deferrals were remitted to the Plan during the Plan year ended May 31, 2016. The Company calculated and remitted to the Plan during the year ending May 31, 2017, the total lost earnings under the Self-Correction Program.

During the year ended May 31, 2015, the Company failed to remit to the Plan certain employee deferrals aggregating to $93,961 on a timely basis according to DOL regulations. These late deferrals were remitted to the Plan during the Plan year ended May 31, 2015. The Company calculated and remitted to the Plan during the year ending May 31, 2017, the total lost earnings under the Self-Correction Program.

During the year ended May 31, 2014, the Company failed to remit to the Plan certain employee deferrals aggregating to $159,359 on a timely basis according to DOL regulations. These late deferrals were remitted to the Plan during the year ended May 31, 2014. The Company calculated and remitted to the Plan during the year ended May 31, 2016, the total lost earnings under the Self-Correction Program.

NOTE 11: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include equity securities, mutual funds, and money market funds managed by Massachusetts Mutual Life Insurance Company or Principal Life Insurance Company. Massachusetts Mutual Life Insurance Company and Principal Life Insurance Company are the custodians, as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Any purchase and sales of investments in the custodian are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 12: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at May 31, 2017 and 2016, to the Plan's Form 5500:

| | 2017 | 2016 |
|---|---|---|
| Net assets available for benefits per financial statements | $ 15,889,998 | $ 14,878,709 |
| Excess contributions payable | - | 16,276 |
| Net assets available for benefits per Form 5500 | $ 15,889,998 | $ 14,894,985 |

NOTE 13: SUBSEQUENT EVENTS

In December 2017, the Plan was amended to change the Plan year to December 31.
