Independent Auditor's Report

Board of Directors
Sun Federal Credit Union Defined Benefit Plan and Trust
Maumee, Ohio

I was engaged to audit the accompanying financial statements of the Sun Federal Credit Union Defined Benefit Plan and Trust, which comprise the statements of net assets available for benefits and of accumulated plan benefits as of May 31, 2017 and May 31, 2016, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for May 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by CUNA Mutual Group, the trustee of the Plan, except for comparing the information with the related information included in the Financial Statements and supplemental schedules. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustees as of and for the years ended May 31, 2017 and May 31, 2016, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements

Other Matter

The supplemental schedules of Assets Held at Year-End, as of May 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of Financial Statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Financial Statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of Investments

The various investment funds held by CUNA Mutual Group (CUNA) are valued at fair market value. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees and their beneficiaries. Benefits under the Plan are based on employees' compensation which reflects the highest consecutive five-year period. The accumulated plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented, May 31, 2017 and May 31, 2016. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent that they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an actuary from CUNA and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation were (a) life expectancy of participants (the 1983 Group Annuity Mortality Table for males and females used), (b) retirement age assumptions average age 65, and (c) the 2017 and 2016 valuations include assumed average rates of return of 5.92% and 6.13%, respectively. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Income Tax Status

The Internal Revenue Service has advised that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and the Trust established thereunder is, therefore, exempt from federal income taxes under provisions of Section 501(a).

NOTE 2: PLAN DESCRIPTION

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined benefit pension plan covering substantially all employees of Sun Federal Credit Union. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An employee is eligible to participate in the Plan after one year of service and 20 years or older, and is vested in the Plan after five subsequent years of service with 1,000 hours of service per year.

Pension Benefits

Employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65). The Plan permits early retirement at age 55 with at least ten years of service. A participant's benefit shall be reduced on a pro rata basis for each year of credited service less than 20 years that the participant is credited with a normal retirement date. Employees may elect to receive their pension benefits in the form of a joint and 50% survivor annuity. If employees terminate before rendering five years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the credit union's contributions. Employees may elect to receive the value of their accumulated plan benefits as a lump-sum distribution upon retirement or termination, or they may elect to receive their benefits as a life annuity payable monthly from retirement.

Disability Benefits

Active employees who become totally disabled receive annual disability benefits that are equal to the early retirement benefits they have accumulated as of the time they become disabled.

Death Benefits

If a participant dies without being vested, no benefits will be paid. Should the participant be vested, the benefit arising will be generally payable under a 50% survivor form if the participant is married. This benefit provides monthly income to the participant's spouse for as long as the spouse lives.

Administrative Expenses

All expenses relating to audit, accounting, administration, and actuarial functions as well as PBGC premiums are paid by the credit union.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The Plan's Administrator assigns levels and categories to the Plan's investments.

Level 1 – Quoted prices in active markets for identical assets at the measurement date. The fair value of mutual funds is based on quoted net asset values of the share held by the Plan at year-end.

Level 2 – Observable inputs other than quoted prices for the asset, either directly or indirectly observable, that reflect assumptions market participants would use to price the asset based on market data obtained from sources independent of the Plan. This may include matrix pricing, yield curves, and indices. No Level 2 inputs were available to the Plan.

Level 3 – Unobservable inputs that reflects the Plan's own assumptions market participants would use to price an asset based on the best information available in the circumstances. No Level 3 inputs were available to the Plan.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2017 and 2016.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows:

Assets at Fair Value as of May 31, 2017

	Level 1	Total
Investments at Fair Value	$15,886,761	$15,886,761

Assets at Fair Value as of May 31, 2016

	Level 1	Total
Investments at Fair Value	$14,335,792	$14,335,792

Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. They are valued daily, can be redeemed daily with no restrictions, and without prior notice. There are no unfunded commitments.

NOTE 4: INVESTMENT CONTRACT WITH INSURANCE COMPANY

CUNA Guaranteed Account – The Guaranteed Interest Account ("GIA") is a short term/stable value group annuity contract that is only available through CUNA. The group annuity contract invests primarily in high-quality, fixed income investments. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the account, plus credited interest, less participant withdrawals and fees.

The investment earns a declared interest rate. The interest rate as of May 31, 2017 was 1.25%.

NOTE 5: FUNDING POLICY

The credit union's funding policy is to make annual contributions to the Plan which meet or exceed the minimum funding requirements of ERISA.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intention to do so, the credit union has the right under the Plan to terminate the Plan subject to written notification to all interested parties and provisions set forth in ERISA. The Pension Benefit Guaranty Corporation also has the right to terminate the Plan subject to Section 4042 of ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order of priority indicated.

a. To that portion of Accrued Benefits, which is derived from employee contributions made to the Plan, if any:

b. Equally among:

    1. Retired participants and their beneficiaries to whom payment commenced at least three years prior to the date of termination; and
    2. Participants who could have retired and received payment of their benefits at least three years prior to the date of termination.

c. To all benefits guaranteed and insured by the Pension Benefit Guaranty Corporation.

d. To all other vested Accrued Benefits not insured by the Pension Benefit Guaranty Corporation.

e. To all other Accrued Benefits provided under the Plan.

Any excess funds will revert to the employer under certain conditions outlined in the Plan.

Certain plan benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date the Plan is terminated. There is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

NOTE 7: INFORMATION CERTIFIED BY CUSTODIAN

For 2017 and 2016, the financial information included in the Plan's Financial Statements has been derived from information certified as complete and accurate by the Custodian, CUNA Mutual Group, in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE8: SUBSEQUENT EVENTS

In accordance with FASB Accounting Standards Codification topic 855, Subsequent Events, the organization has evaluated subsequent events through the date of the Independent Auditor's Report, which is the date these financial statements were available to be issued. There are no subsequent events requiring recognition.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
