J.W. Harris Co., Inc. Profit Sharing/401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of J.W. Harris Co., Inc. Profit Sharing/401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of August 1, 2017 and December 31, 2016 and the related statement of changes in net assets available for benefits for the period from January 1, 2017 through August 1, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed is not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from the Trustee as of August 1, 2017 and December 31, 2016 and for the period from January 1, 2017 through August 1, 2017 that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

Plan Merger

As further discussed in Note 7 to the financial statements, the Plan merged into The Lincoln Electric Company Employee Savings Plan, a defined contribution plan sponsored by The Lincoln Electric Company, effective August 1, 2017. Accordingly, all assets, participants, and their related account balances were transferred to The Lincoln Electric Company Employee Savings Plan on August 1, 2017, resulting in the termination of the Plan.

To the Plan Administrator

Note 1 - Plan Description

The following description of J.W. Harris Co., Inc. Profit Sharing/401(k) Plan (the "Plan") provides only general information prior to the termination of the Plan. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan consisting of both profit-sharing and 401(k) components. The Plan covers substantially all employees of the Mason division of J.W. Harris Co., Inc. and certain employees of related entities (the "Company") who are at least 18 years of age and have completed six months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Contributions made to the Plan are composed of employee and employer contributions. The Plan provides for employee salary deferral contributions up to a maximum of 90 percent of the annual compensation as defined by the Plan and a maximum of \$18,000 in 2017 and 2016 as established by the Internal Revenue Service (IRS). Catch-up contributions up to \$6,000 for 2017 and 2016 may also be made by employees who are at least 50 years of age. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Employees direct their contribution into various mutual fund investment options offered by the Plan.

The Company may make two types of contributions to the Plan. The first is a discretionary matching contribution in which the Company contributes 50 percent of the first 3 percent of compensation contributed by the participant. The discretionary company matching contribution is invested in the same manner as employee contributions. The second is a discretionary profit-sharing contribution made by the Company equal to 3 percent of eligible compensation in accordance with the plan provisions. These contributions are also invested in the same manner as employee contributions. The profit-sharing contribution made to eligible participants for the period from January 1, 2017 through August 1, 2017 and for the year ended December 31, 2016 was \$318,907 and \$489,415, respectively.

The Plan is subject to certain nondiscrimination standards under Section 401(k) of the Internal Revenue Code (IRC). In order to comply with these standards, tests are performed to provide a limit on the amount of benefits provided to highly compensated employees. As a result, certain participants who are determined to be highly compensated employees may have a portion of their contributions refunded to them after the end of the plan year.

Participant Notes Receivable

Participants may borrow from their accounts a maximum of the lesser of (1) \$50,000 (less the highest outstanding notes receivable balance during the 12-month period preceding the date of the loan), or (2) 50 percent of their vested account balance. The notes receivable term may not exceed five years unless the note is for the purchase of a principal residence, in which case the term may be longer. Interest and principal are paid ratably through payroll deduction. Interest is based on the prime interest rate on the date of the loan plus 1 percent. The participant notes receivable are secured by the participant's vested account balance.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is after a participant has attained three years of service.

Note 1 - Plan Description (Continued)

Benefit Payments

Participants may receive the value of their account in a single lump-sum payment or in installment payments over a period of not more than the participant's or beneficiary's assumed life expectancy following separation from the Company, whether by retirement, disability, or otherwise, except that if the full value of a participant's account is \$1,000 or less, or if the participant dies and his or her account is payable to his or her beneficiary, such account balance will be paid in a single lump-sum payment. Participants who leave the Company may withdraw their money at any time. Withdrawal must begin no later than April 1 of the calendar year following the calendar year in which age 70 1/2 is attained.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined.

Administrative Expenses

Certain administrative fees were paid by the Company in 2017. All other costs and expenses incurred in connection with administration of the Plan were paid by the Plan in 2017.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. Forfeitures used during the period totaled approximately \$74,000.

Plan Merger

Effective August 1, 2017, the Plan merged into The Lincoln Electric Company Employee Savings Plan, resulting in the complete termination of the Plan, as summarized in Note 7.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements under the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Investment Valuation

The Plan's investments are stated at fair value, based on quoted market values on the last business day of the plan year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See Note 6 for additional information.

Notes to Financial Statements

August 1, 2017 and December 31, 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Interest income is recorded when earned. If a participant ceases to make notes receivable repayments and the note is deemed to be a distribution, the participant notes receivable balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including March 19, 2018, which is the date the financial statements were available to be issued.

Note 3 - Investments

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment. The Plan has received a determination letter from the IRS.

Note 5 - Transactions with Parties-in-interest

Party-in-interest transactions include the investment in the proprietary funds of the Trustee and the payment of administrative expenses by the Company. Such transactions are exempt from being prohibited transactions.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The three levels of the fair value hierarchy are described below:

Level 1 - Input to the valuation methodology are unadjusted prices for identical assets or liabilities in active markets. Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset. Level 2 inputs also include inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methods used may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

The Plan measures investments at fair value on a recurring basis. The fair value of investments at December 31, 2016 is based primarily on Level 1 inputs as described above. Due to the plan merger as described in Note 7, there were no assets measured at fair value at August 1, 2017.

Note 7 - Plan Merger

Effective August 1, 2017, the Plan merged and combined with The Lincoln Electric Company Employee Savings Plan, a defined contribution benefit plan sponsored by The Lincoln Electric Company. Accordingly, all assets, participants, and their related account balances were transferred to The Lincoln Electric Company Employee Savings Plan on August 1, 2017, resulting in the termination of the Plan.
