Helac Corporation 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Helac Corporation 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of June 1, 2017 and June 30, 2016, and the related statement of changes in net assets available for benefits for the period ended June 1, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Charles Schwab Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of June 1, 2017 and June 30, 2016, and for the period ended June 1, 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Helac Corporation 401(k) Retirement Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Helac Corporation (the Company) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

General – The Plan was a 401(k) salary deferral and profit sharing plan covering substantially all employees of the Company, and was subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company was the Plan's sponsor and served as Plan administrator.

On February 1, 2017, a wholly-owned subsidiary of Parker-Hannifin Corporation (Parker) acquired all of the outstanding shares of the Company. Parker executed a Plan of Merger which froze the Plan to new contributions effective April 1, 2017. As of March 31, 2017, the accounts of all participants were 100% vested and non-forfeitable. The Plan was merged into the Parker Retirement Savings Plan effective June 1, 2017.

Eligibility – The Plan was a defined contribution plan covering employees of the Company who had reached the minimum age of 18 who had completed two months of service.

Contributions

Participant contributions – Participants made contributions between 1% and 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year were eligible to make catch-up contributions in accordance with the Internal Revenue Services ("IRS") guidelines. Participants made rollover contributions in the Plan representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant.

Employer match and profit sharing contributions – The Company made matching contributions and may elect to make discretionary profit sharing contributions to the Plan. The Company matched 40% of employee contributions, up to 5% of eligible compensation deferred to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit sharing contributions for the period ended June 1, 2017.

Contributions are subject to regulatory limitations.

Participant accounts – Participant accounts were credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contributions, if any, and the Plan's earnings or losses. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit provided from the participant's vested account. Participants directed the investment of their contributions into various investment options offered by the Plan.

Helac Corporation 401(k) Retirement Plan

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Vesting – Participants were immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. The Plan was amended effective March 31, 2017, to provide for immediate 100% vesting.

Notes receivable from participants – Participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 15 years. Under the terms of the Plan agreement, Plan loans bore a reasonable rate of interest determined by the Plan administrator. Principal and interest were paid ratably through payroll deductions. The rates of interest on outstanding loans ranged from 5.25% to 11.75% at June 1, 2017, with various maturities through April 2031.

Payment of benefits – Upon termination of service due to death, disability, or retirement, a participant could elect to receive either a lump-sum distribution equal to the value of the vested interest in his or her account, or annual installments over a certain period, as defined in the Plan. For termination of service for other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution. A terminated participant with a vested balance of less than \$1,000 received the value of the vested interest in his or her account in a lump-sum cash distribution as soon as administratively possible after the termination date. A terminated participant's account balance was automatically rolled over into an individual retirement account if the account balance was greater than \$1,000 but less than \$5,000, unless otherwise elected.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures were made available to reduce future employer contributions, with any remaining amount used to pay Plan administrative expenses. As of June 1, 2017 and June 30, 2016, forfeited nonvested accounts totaled \$0 and \$1,154, respectively. For the period ended June 1, 2017, Company matching contributions were reduced by \$1,888 from forfeited non-vested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are reported at fair value. The Plan's custodian, Charles Schwab Trust Company, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Note 2 – Summary of Significant Accounting Policies (continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date (Note 3).

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan document. No allowance for credit losses has been recorded as of June 1, 2017 and June 30, 2016.

Payment of benefits – Benefits are recorded when paid.

Expenses – General Plan administrative expenses were paid by the Company or paid out of the forfeiture account. Investment management, distribution, and loan transaction fees were paid by the Plan participants.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan’s financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through March 26, 2018, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3 – Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Collective trust – Units held in collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. Participants may redeem their investments at NAV practical expedient without restriction.

Money market fund – Money markets are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

There were no assets to value at June 1, 2017. The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of June 30, 2016:

	Investment Assets at Fair Value as of June 30, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 11,326,286	\$ -	\$ -	\$ 11,326,286
Money market fund	-	1,556	-	1,556
Total assets in the fair value hierarchy	<u>\$ 11,326,286</u>	<u>\$ 1,556</u>	<u>\$ -</u>	11,327,842
Investments measured at NAV (practical expedient)				<u>558,205</u>
Investments at fair value				<u>\$ 11,886,047</u>

Note 4 – Tax Status

The Plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 19, 2015, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of June 1, 2017 and June 30, 2016.
- Net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the period ended June 1, 2017.

Note 6 – Party-in-Interest Transactions

Certain Plan investments include shares of registered investment company funds managed by Charles Schwab Trust Company, custodian, as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were \$32,500 for the period ended June 1, 2017.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.
