Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee for the period January 1, 2017 to June 14, 2017 (date of plan merger) that the information provided to the plan administrator by the trustee is complete and accurate.

NOTES TO FINANCIAL STATEMENTS**

JUNE 14, 2017 (DATE OF PLAN MERGER) AND DECEMBER 31, 2016

NOTE 1 – DESCRIPTION OF PLAN

In connection with the merger of Hitachi Aloka Medical America, Inc. (the “Company” or “Plan Sponsor”) into Hitachi Healthcare Americas Corporation (“Hitachi”), the Plan Sponsor voted on June 2, 2017 to merge the Hitachi Aloka Medical America 401(k) Profit Sharing Plan (the “Plan”) into the Hitachi Healthcare Americas Corporation Retirement Savings Plan (“HHAC RSP”). As a result of the merger and prior to the merge, all Plan participants became 100% vested in their accounts. Fidelity Management Trust Company (the “Plan Trustee”) transferred all assets of the Plan, as directed by participants, to the HHAC RSP on June 14, 2017.

The following brief description of the Plan prior to and through the date of the merger provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan adopted on July 1, 1994, covering substantially all full-time employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee must be 21 years of age or older and have completed one year of service during which the employee worked at least 1,000 hours, as defined by the Plan. Leased employees and residents of Puerto Rico are not eligible to participate in the Plan. Employees may enter the Plan on the first day of the month after meeting the eligibility requirements.

Contributions: Participants may make voluntary pre-tax contributions or after-tax (Roth) contributions by means of a salary deferral agreement of up to 100% of their compensation, subject to IRS limitations for the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits rollover contributions from other qualified pre-tax retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provided a discretionary matching contribution equal to 3% of compensation for the period from January 1, 2017 to March 31, 2017, at which time all employees of the Company were terminated and no further contributions were made to the Plan.

The Plan provided for discretionary non-elective profit sharing contributions by the Company. Participants shared in a non-elective contributions at a percentage equal to the percentage of their Plan-year compensation to the total Plan-year compensation of all participants eligible to share in non-elective contributions. No discretionary matching or non-elective profit sharing contributions were contributed by the Company for the period January 1, 2017 to March 31, 2017, the date all employees were terminated.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching and discretionary profit sharing contributions, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be drawn from the participant's vested account.

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's account balance with a minimum of \$1,000, the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence, and the loans are secured by the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Participant loans for participants who, upon termination, became employed by Hitachi on April 1, 2017 (the Company merger date) continued to be repaid through payroll deductions through the June 14, 2017 Plan merger date, at which point the outstanding balances were transferred to the HHAC RSP. Outstanding participant loans for participants who were not employed by Hitachi at June 14, 2017 were recognized as benefit payments in the accompanying financial statements.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon.

Vesting in employer matching and discretionary profit sharing contributions is based on years of continuous service with the Company. Participants are 100% vested after two years of credited service, however, as stated in Note 9, all participants became 100% vested in all contributions upon announcement of the Plan's merger.

Payment of benefits: Upon termination of service, participants with account balances exceeding \$5,000, excluding rollovers, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or, only if subject to statutory required minimum distributions, annual installments. For termination of service due to other reasons, a participant can elect to receive the value of the vested interest in his or her account as a lump-sum distribution or in partial withdrawals. The Plan permits in-service withdrawals for participants who have attained age 59½ and for all participants that have rollover contributions in the Plan. In the case of hardship, a participant may apply for a distribution as described in the Plan agreement. Upon termination of service, the account balances of participants with less than \$5,000, are rolled over to an Individual Retirement Account for the participant's benefit.

All Plan assets at the Plan merger date (June 14, 2017) were transferred to the HHAC RSP, a defined contribution plan sponsored by a related party of the Plan Sponsor.

Forfeited accounts: At December 31, 2016, forfeited nonvested accounts totaled \$1,753. Forfeited accounts are used to reduce future employer contributions. At June 14, 2017 all participant accounts were fully vested.

Administrative expenses: All third-party administrative expenses are paid by the Plan, unless otherwise paid for by the Company. For the period January 1, 2017 to June 14, 2017, the administrative expenses paid for by the Plan included investment consulting fees which are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest.

As stated in Note 1, all outstanding participant notes receivable at the Plan merger date were either transferred to the HHAC RSP or recognized as a benefit payment to the participant.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Benefit payments: Benefit payments to participants are recorded when paid.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Expenses paid directly by the Plan for the period from January 1, 2017 to June 14, 2017 are included in the accompanying statement of changes in net assets available for benefits.

Subsequent events: In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through March 30, 2018 the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies or inputs used at December 31, 2016.

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis:

Mutual funds: Valued at the net asset values of shares held by the Plan at year-end, using quoted prices in active markets.

Guaranteed investment contract: Valued using a discounted cash flow methodology where the interest rate for the contract is reset at least as frequently as annually, taking into consideration the financial condition of the contract issuer (see Note 4).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 13,111,770	-	-	\$ 13,111,770
Collective trust fund	-	\$ 313,192	-	313,192
	<u>\$ 13,111,770</u>	<u>\$ 313,192</u>	<u>-</u>	<u>\$ 13,424,962</u>

NOTE 4 – INVESTMENT CONTRACT WITH INVESTMENT COMPANY

The Plan's investments at December 31, 2016 include the Well Fargo Stable Value fund M, a benefit-responsive group annuity contract issued by Wells Fargo. Contributions are maintained in a general account backed by the general assets of Wells Fargo. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of net assets available for benefits attributable to the contract. The contract is presented in the Statements of Net Assets Available for Benefits at fair value. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investment contract was terminated as a result of the Plan merger.

There are no reserves against contract value for issuer-related credit risk or otherwise at December 31, 2016.

NOTE 5 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6– INFORMATION CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the Plan trustee for the period ended June 14, 2017 and as of December 31, 2016:

	December 31, 2016
Net assets available for benefits:	
Investments, at fair value	\$ 13,424,962
Participant notes receivable	227,842
	<u>\$ 13,652,804</u>
	Period Ended June 14, 2017
Additions to net assets:	
Dividends and interest	\$ 97,218
Net appreciation in fair value of investments	785,866
Interest income on participant notes receivable	3,081
	<u>\$ 886,165</u>

NOTE 7 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments held during the period ended June 14, 2017 and as of December 31, 2016 were managed by Fidelity Management Trust Company, the trustee of the Plan during that period, and their affiliates. Transactions with trustees involving these investments and administrative and service fees qualify as exempt party-in-interest transactions under ERISA.

Two officers of the Company co-served as plan administrator of the Plan.

The Plan issues notes receivable to participants which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions. As described in Note 1, all participant notes receivable at June 14, 2017 were either transferred to the HHAC RSP or recorded as benefit payments.

NOTE 8 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PLAN TERMINATION

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon the decision to merge the Plan, participants become 100% vested in their accounts. As discussed in Note 1, the Plan was merged into the HHAC RSP on June 14, 2017.
