Report on the Financial Statements

We have audited the accompanying financial statements of McDonald Steel Corporation Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of McDonald Steel Corporation Employee Stock Ownership Plan as of June 30, 2017 and 2016, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment purposes at end of year and reportable transactions, together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

McDONALD STEEL CORPORATION EMPLOYEE STOCK OWNERSHIP PLAN

June 30, 2017 and 2016

NOTE A - DESCRIPTION OF PLAN

The following brief description of McDonald Steel Corporation Employee Stock Ownership Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

The Plan is a defined contribution plan covering all employees of McDonald Steel Corporation (Employer or Company) who attained age 21 and one year of service as defined by the Plan prior to July 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

McDonald Steel Corporation shall contribute to the Plan such amount as shall be determined by the Employer. The Employer contribution shall not be limited to years in which the Employer has current or accumulated net profit. Additionally, to the extent necessary, the Employer shall contribute to the Plan the amount necessary to provide the top heavy minimum contribution. All contributions by the Employer shall be made in cash or in such property as is acceptable to the trustee.

Participants' Accounts:

Each participant's account is credited with the employer's discretionary contribution, if any. Participant accounts are also credited annually with a share of the investment earnings, losses and forfeitures.

Trustee:

Northwest Savings Bank is the trustee and custodian of the Plan's assets.

Vesting:

Vesting in participant accounts is determined based upon years of service. A year of service is defined as a year in which the participant completes 1,000 hours of service. A participant is vested according to the following table:

<u>YEARS OF SERVICE</u>	<u>VESTING PERCENTAGE</u>
Less than 3	0%
3	100%

A participant is automatically fully vested upon attainment of normal retirement age of 65 or termination of employment caused by death or disability.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits:

Upon termination of service, a participant will be entitled to receive only the vested percentage of the participant's account with the remainder being forfeited to the Plan and allocated in the same manner as contributions.

Under the provisions of the Plan, the Employer is obligated to repurchase participant shares, which have been distributed under the terms of the Plan. The Employer repurchased from participants 9,430 shares in 2017 and 7,546 in 2016 at a price determined from an independent appraisal.

Diversification:

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments:

The financial records of the Plan are maintained on an accrual basis. Assets of the Plan are valued at fair value, thereby recognizing both realized and unrealized gains and losses as they are determined either through completed transactions or from changes in fair values of the investments. The carrying value is adjusted to fair value as of June 30 each year. The common shares of the sponsor are valued at fair value as determined by annual independent appraisals.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, results could differ from those estimates.

Subsequent Events:

Management evaluated all activity of the Plan through April 4, 2018, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INVESTMENTS

The Plan's investments at June 30, 2017 and 2016 are presented in the following table:

	<u>2017</u>	<u>2016</u>
McDonald Steel Corporation common stock:		
Number of shares	<u>63,512</u>	<u>72,943</u>
Cost	<u>\$ 709,432</u>	<u>\$ 814,773</u>
Market	<u>\$1,306,469</u>	<u>\$2,181,725</u>

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The following tables present fair value measurement information for the Plan's investments in Company common stock. The carrying value of cash and benefits payable included in the accompanying statements of net assets available for benefits approximated fair value at June 30, 2017 and 2016, and thus are not included in the following tables.

Investments as of June 30, 2017 are comprised of the following:

	<u>Assets at Fair Value</u>			
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
McDonald Steel Corporation common stock	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 1,306,469</u>	<u>\$ 1,306,469</u>

NOTE C - INVESTMENTS (CONTINUED)

Investments as of June 30, 2016 are comprised of the following:

	<u>Assets at Fair Value</u>			
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
McDonald Steel Corporation common stock	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 2,181,725</u>	<u>\$ 2,181,725</u>

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 3 Fair Value Measurements

The fair value of the Company common stock is based on an annual independent appraisal. This appraisal was based on a combination of the market and asset valuation approaches consistent with prior years. The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, the fair market value of the Company's assets and liabilities, and applicable discounts and premiums.

The Board of Directors determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

NOTE D - INCOME TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated May 4, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE E - FROZEN PLAN

Effective July 1, 2015, no further employees shall become eligible to participate in the Plan. Any employee who was a participant in the Plan prior to July 1, 2015 shall continue to participate in the Plan. NOTE G - ADMINISTRATIVE EXPENSES

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Company.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
