Notes to Financial Statements
June 30, 2017 and 2016

Note 1: Description of the Plan

The following description of The Uniontown Hospital Employee Controlled Retirement Account (Plan) provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan according to Code Section 403(b) sponsored by Fayette Regional Health System (Health System) for the benefit of its employees. The Uniontown Hospital is also a participating employer. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Executive Council of Uniontown Hospital serves as the administrator of the Plan.

Prior to October 1, 2016, Nationwide Trust Company FSB, (Nationwide) served as plan custodian. Effective October 1, 2016, the Plan was restated, and State Street Bank and Trust Company (State Street) serves as plan custodian and Transamerica Retirement Solutions Corporation (Transamerica) serves as plan record keeper. Plan assets transferred to the new custodian were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a "Black Out" period beginning on September 23, 2016, and continued through the week of October 16, 2016. During this period, participants were temporarily unable to direct or diversify investments or obtain a distribution from the Plan. During this period, contributions continued to be made and the contributions were invested in accordance with participants' existing investment elections until the completion of the Black Out period.

Contributions

For eligible full-time or part-time employees who have completed 90 days of service, or for occasional or casual employees who have completed 1,000 hours of service, the Health System makes contributions of 2-6% of eligible wages based on the number of points an employee has earned. Points are determined by the participant's age plus the participant's years of service as of the day before the beginning of each plan year. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing the contributions to his account into any of the separate investment accounts and may change the allocation daily.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the Health System's contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in the Health System's contributions plus earnings thereon.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his account or have the balance rolled to an IRA or another plan.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net asset available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

The Uniontown Hospital
Employee Controlled Retirement Account
Notes to Financial Statements
June 30, 2017 and 2016

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Health System or the Plan, at the Health System's discretion.

Note 3: Certification of Plan Custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide, the custodian of the Plan as of June 30, 2016, and State Street Bank and Trust Company, the custodian of the Plan as of June 30, 2017, have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge and belief:

- Investments as shown in the statements of net assets available for benefits as of June 30, 2017 and 2016.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended June 30, 2017 and 2016.
- Investment information included in the accompanying schedule of assets (held at year end) as of June 30, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Disclosures about Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2017 and 2016:

	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
June 30, 2017				
Mutual Funds	\$ 13,817,326	\$ 13,817,326	\$ -	\$ -
June 30, 2016				
Mutual Funds	\$ 11,794,391	\$ 11,794,391	\$ -	\$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended June 30, 2017. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Employee Controlled Retirement Account

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds and are valued at the net asset value (NAV) of shares held at year end. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 5: Investment Contract with Insurance Company

In 2016, the Plan entered into a fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company (Prudential). Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal of transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) plan sponsor events that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract permits Prudential to terminate the investment contract upon 90 day's advance notice if Prudential determines that the continued operation of the fund is no longer commercially desirable for the class of business to which the contract belongs and Prudential notifies in writing all investors belonging to that class of business that the fund is being terminated.

Note 6: Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

From July 1, 2015 to September 30, 2016, certain plan investments were shares of mutual funds managed by Nationwide. Nationwide was the custodian as defined by the Plan through September 30, 2016 and, therefore, these transactions qualify as party-in-interest transactions. Direct expenses paid to Nationwide totaled \$10,808 and \$41,128 in the years ended June 30, 2017 and 2016, respectively. As of October 1, 2016, State Street became the plan custodian and Transamerica became the plan record keeper. Direct expenses paid to Transamerica totaled \$49,465 during the year ended June 30, 2017.

Capital Retirement Plan Services was the third-party administrator through September 30, 2016. Expenses paid directly to Capital Retirement Plan Services totaled \$9,871 and \$34,073 in the years ended June 30, 2017 and 2016, respectively.

Direct expenses payable to Henderson Brothers, the Plan's investment advisor, totaled \$38,310 and \$24,681 for the years ended June 30, 2017 and 2016, respectively.

Certain legal and accounting fees and certain other administrative expenses relating to the Plan are paid by the Health System. In addition, the Health System provides certain administrative services at no cost to the Plan.

Note 7: Plan Termination

Although it has not expressed an intention to do so, the Health System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 8: Tax Status

The Plan, together with its investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11: Subsequent Events

Subsequent events have been evaluated through February 12, 2018, which is the date the financial statements were available to be issued.
