INDEPENDENT AUDITORS' REPORT

Board of Directors
Dynetics, Inc. Employee Stock Ownership Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Dynetics, Inc. Employee Stock Ownership (ESOP) Plan, which comprise the statement of net assets available for benefits as of July 2, 2017 and the related statement of changes in net assets available for benefits for the year ended July 2, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these 2017 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of July 2, 2017, and the changes in its net assets available for benefits for the year ended July 2, 2017, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information
Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplementary Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of July 2, 2017 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended July 2, 2017 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Matter – 2016 Financial Statements
The financial statements of the Plan as of July 3, 2016, were audited by predecessor auditors. Their report, dated April 11, 2017, expressed an unmodified opinion on those statements.

1. DESCRIPTION OF THE PLAN

The following description of the Dynetics, Inc. (the Company) Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete information.

General

The Company established the Plan effective as of July 1988. The Plan is comprised of two components: a profit sharing plan component and a stock bonus plan component. The Plan complies with Section 4975(e)(7), Section 401(a), Section 401(a)(23), and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the trustee appointed by Dynetics, Inc., Board of Directors.

The Plan purchased Company common shares using the proceeds of a bank borrowing guaranteed by the Company and holds the stock in a trust established under the Plan. The borrowing was to be repaid by fully deductible Company contributions to the trust fund. As the Plan made each payment of principal, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with applicable regulations under the Code. As of July 02, 2017, all shares have been allocated.

Eligibility

The Plan is a defined contribution plan generally covering all employees, as defined by the Plan, of Dynetics, Inc. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company may contribute to the Plan such amount of cash or shares of Dynetics Stock as its Board of Directors may determine. Any Plan year in which there is an outstanding ESOP Loan, the Company shall contribute to the Plan at least that amount of cash necessary to amortize the loan in accordance with its terms. To be eligible for an allocation of a Company contribution for a Plan year, a participant must have compensation, as defined by the plan, for such Plan year. The participant will be allocated those cash or shares in accordance with the ratio that the participants' eligible compensation bears to the total compensation of all such eligible participants for the Plan year.

Payments of Benefits

On termination of service due to death, disability, retirement, resignation, or dismissal, distributions will be made based on the participant's vested account balance as a lump sum payment or substantially equal installments over a period of five years. Participants will be distributed their vested account balance no later than 210 days following the close of the Plan year in which the termination occurs. If a participant terminates with a balance of $5,000 or less, the balance shall be paid in a lump sum.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan.

1. DESCRIPTION OF THE PLAN – CONTINUED

Administration of the Plan
The Company common stock is held by GreatBanc Trust Company, trustee of the Plan.

Contributions are held and managed by the John Hancock Trust Company LLC, custodian of the Plan. The custodian invests cash received, interest, and dividend income, and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Administrative Expenses
As provided in the Plan document, administrative expenses may be paid either by the Plan or by the Company. Normal brokerage charges that are included in the cost of securities purchased (or charged to proceeds in the case of sales) shall be paid by the Plan. The Company shall pay all expenses in connection with the design, establishment, or termination of the Plan. The Plan shall pay all costs of administering the Plan and trust, unless such expenses are paid by the Company.

Voting Rights
Voting rights are generally held by the trustee and only in certain circumstances do voting rights pass to the individual participants. The trustee shall vote any allocated Company stock as to which no voting instructions have been received at the direction of the Plan Administrator.

Participant Accounts
The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
If a participant’s employment with the Company ends for any reason other than disability, death or retirement, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest as follows:

0 – 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 or more years	100%

1. DESCRIPTION OF THE PLAN – CONTINUED

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchases with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their Company stock investments into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six year period. In each of the first five years of eligibility, a participant may diversify up to 25% of the shares of Company stock allocated to the participant's account. The percentage increases to 50% in year six and subsequent years less any previously diversified shares. Income on these investments is allocated directly to the investing participant's account. Certain shares are subject to special diversification as defined by the Plan.

Forfeitures

Plan forfeitures are allocated to each participant's account based on the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures allocated to participants during fiscal years ended July 02, 2017 and July 3, 2016 totaled $77,519 and $99,308, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and charges therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investment is stated at fair value, except for the guaranteed interest account which is stated at contract value as of the Plan year end. Fair value of the Company stock is determined by annual independent appraisal. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the independent appraiser for Company stock.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

See Note 3 for discussion of fair value measurements. The fixed income account is valued at contract value. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits
Benefits are recorded when paid.

Recent Accounting Pronouncements
In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820 *Fair Value Measurement*, from categorization within the fair value hierarchy. However, an entity will be required to disclose the fair value of investments measured using the NAV practical expedient so that users of the financial statements can reconcile amounts reported in the fair value hierarchy table to amounts reported on the statement of net assets available for benefits. The new guidance will be applied retrospectively and is effective beginning after December 15, 2015, and interim periods within those fiscal years. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in the removal of the common collective trust funds from the fair value hierarchy.

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. This three-part ASU simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted. Management elected to adopt all parts of the amendment.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Dynetics, Inc. common stock: Valued at estimated fair value based upon an independent appraisal. The appraiser took into account historical and projected cash flow and net income, weighted average cost of capital, dividend paying capacity, market comparables, and applicable discounts and premiums. Plan management has concluded that a market participant would also recognize a discount for lack of marketability. This appraisal was based upon a combination of the market and income valuation techniques consistent with the prior year as illustrated below:

Description	Fair Value	Valuation Technique	Unobservable Input
Sponsor Company Common Stock	$ 216,765,513	Guideline public company method	Projected: EBITDA multiple Historical: EBITDA multiple
		Market comparables	Discount for lack of marketability
		Discounted cash flow model	Weighted average cost of capital

3. FAIR VALUE MEASUREMENTS – CONTINUED

The valuation process involves Plan trustee selection of an independent appraiser. Plan management accumulates data for the appraiser from the audited financial statements of the Sponsor. The appraiser prepares a preliminary report which Plan management, along with the trustee, reviews in detail, discusses, and approves.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of July 02, 2017 and July 3, 2016:

	Assets at Fair Value As of July 2, 2017			
Description	Quoted Prices in Active Markets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Dynetics, Inc. common stock	$ -	$ -	$ 216,765,513	$ 216,765,513
Investments at fair value	$ -	$ -	$ 216,765,513	$ 216,765,513

	Assets at Fair Value As of July 3, 2016			
Description	Quoted Prices in Active Markets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Dynetics, Inc. common stock	$ -	$ -	$ 196,975,880	$ 196,975,880
Investments at fair value	$ -	$ -	$ 196,975,880	$ 196,975,880

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended July 02, 2017:

Balance, beginning of year	$ 196,975,880
Unrealized appreciation in estimated fair value	19,789,633
Balance at July 2, 2017	$ 216,765,513

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

4. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock which are related party and party-in-interest transactions. As described in Note 1, the Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

The Plan's investments, at July 02, 2017 and July 3, 2016, are presented in the following table:

	2017	2016
Sponsor's common stock		
Number of shares	7,670,400	7,670,400
Cost	$ 44,546,117	$ 44,545,418
Fair value	$ 216,765,513	$ 196,975,880

All shares of the Company’s common stock were allocated at July 02, 2017 and July 3, 2016.

5. TRANSFER OF ASSETS

During the 2017 Plan year, the Company offered participants a one-time election to liquidate a portion of their respective Dynetics, Inc. 401(k) Plan assets and transfer such amounts from the 401(k) Plan into the Plan to be used to purchase shares of Company stock. Such participants were not permitted to liquidate more than $200,000 of their respective 401(k) Plan accounts in connection with these transfers. Plan assets of $6,936,000 were transferred to the ESOP during Plan year 2017.

Also, during the 2017 Plan year, participants transferred assets of $4,853,372 from the ESOP to the 401(k) Plan as part of diversification of assets.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

7. TAX STATUS

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Internal Revenue Service (IRS) has determined and informed the Company, by a letter dated October 24, 2017, that the Plan as then designed is in accordance with applicable sections of the IRC.

7. TAX STATUS – CONTINUED

The plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through February 28, 2018, the date on which the financial statements were available to be issued.

The Plan was amended, effective June 12, 2017, to reflect a change in the name of the Employer's subsidiary, from Dynetics Technical Services, Inc. to Dynetics Technical Solutions, Inc. (DTS). And further allowing any participant who was employed by Dynetics Technical Services, Inc. (now known as Dynetics Technical Solutions, Inc.) on April 25, 2016 to be 100% vested in their account, and employees who transfer employment to the Company from DTS after July 4, 2016, shall be credited with any prior service with DTS in determining such employee's years of service.

The Plan was amended, effective January 1, 2018, updating certain classification of employees who are not eligible to participate in the Plan, as well as permitting employees to enter the Plan as of the first payroll date which occurs in the calendar month following the employee's completion of six months of service. Amendments were also made regarding corrections of employer contribution allocations and treatment of forfeitures of non-vested balances.

The Plan was amended to be effective July 2, 2018 to reflect that the vested account balances of terminated participants which do not exceed $5,000 shall be automatically rolled over to an Individual Retirement Account selected by the Plan Administrator, in the absence of participant distribution instructions. Amendments were also made regarding corrections of employer contribution allocations and treatment of forfeitures of non-vested balances.
