NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION
August 31, 2017 and December 31, 2016

Note 1 – Plan Description

The following description of the Mulzer Crushed Stone, Inc. and Other Related Companies (Company) Employees' 401(k) Profit-Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed one year of service, obtained 1,000 hours of service, and are 21 years of age or older. The Plan is subject to the provisions of ERISA. The Plan administrator, the Investment Committee, and the Board of Directors are responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

On February 10, 2017, Oldcastle, Inc. acquired the Company. As a result, the Company froze the Plan effective March, 31, 2017 through an amendment and no further contributions were made and no additional employees became eligible. The Board of Directors of the Company consented by resolution on August 10, 2017 to merge the assets of the Plan into the Oldcastle 401(k) Plan. This was effective August 15, 2017 and balances were transferred out of this Plan and were deposited into the Oldcastle 401(k) Plan.

These financial statements have been prepared as of August 31, 2017, the month end date of when the assets were merged.

Contributions

Each year, participants may contribute up to 50 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes three percent of eligible compensation for all participants regardless of the employee's deferral rate. In addition, the Company matches 50 percent of the amount of the employee's contribution that exceeds three percent but not to exceed five percent. Company contributions are limited to a maximum of four percent. The Company may contribute additional amounts at the option of the Company's Board of Directors. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION
August 31, 2017 and December 31, 2016

Note 1 – Plan Description (Continued)

Vesting

Participants are immediately 100 percent vested in the Plan.

The Plan merger was effective August 15, 2017. All participants' years of service and vesting transferred into the Oldcastle 401(k) Plan at that time.

Payment of Benefits

During 2017, the Plan was liquidated. Participants were entitled to receive an amount equal to the full value of the participant's account in a lump-sum distribution or have the value of their account transferred to the Oldcastle 401(k) Plan.

Forfeited Accounts

The Plan has no forfeiture account balances.

Note 2 – Significant Accounting Policies

Basis of Accounting

The Board of Directors of Mulzer Crushed Stone, Inc., the Plan's Sponsor, voted on August 10, 2017 to merge the Plan effective August 15, 2017. Plan management considered liquidation of the Plan to be imminent upon the decision to merge the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to value Plan assets from the ongoing Plan basis to the liquidation basis for the period ended August 31, 2017 and the year ended December 31, 2016.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 – Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, Trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid from the Plan's revenue sharing cash account, unless otherwise paid by the Company. These include expenses related to investment advisory, administration, Trustee, and audit fees. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through April 12, 2018, the date the financial statements were available to be issued.

Note 3 – Summary of Financial Data Certified by the Trustee

The following is a summary of the Plan's financial information as of August 31, 2017 and December 31, 2016 in liquidation, and for the period ended August 31, 2017 in liquidation, included throughout the Plan's financial statements, that was prepared by or derived from information provided by the Trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements related to the following assets.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means; • If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |

Note 4 – Fair Value Measurements (Continued)

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

At August 31, 2017, there were no Plan assets.

Following are descriptions of the valuation methodologies used for assets measured at fair value at December 31, 2016.

Money market funds: The carrying amount approximates fair value because of the short maturity of their investments.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Managed retirement collective trust funds: Primarily valued at NAV based on the market prices of the underlying investments of the fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,021,539			\$ 13,021,539

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits in liquidation.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2016.

	<u>2016 Fair Value</u>	<u>2016 Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective Trust Fund	\$ 2,012,768	\$ 0	Daily	None
Managed Retirement Collective Trust Funds ^(a)	<u>43,115,330</u>	<u>0</u>	Daily	None
	<u>\$ 45,128,098</u>	<u>\$ 0</u>		

(a) The Managed Retirement Collective Trust Funds are collective investment funds that are maintained by TD AMERITRADE Trust Company. The collective investment funds invest primarily in mutual funds, Exchange Traded Funds, money markets, or Collective Investment Funds with holdings in the U.S. and foreign stocks, bonds, and cash equivalents.

Note 5 – Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by TD AMERITRADE Trust Company. TD AMERITRADE Trust Company is the Trustee for the Plan and; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management and other administrative services are paid through a revenue sharing cash account. In 2017, the Plan received \$124,028 in revenue sharing funds which is included in net appreciation. The Plan made direct payments out of the revenue sharing account to the third party administrator and other service providers in the amount of \$84,540.

If the revenue received exceeds the amount of Plan expenses, the Plan can remit the excess to the trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan may make a payment for administrative expenses not covered by revenue sharing.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. See Note 7 related to Plan merger.

Note 7 – Plan Merger

The Board of Directors of the Company consented by resolution on August 10, 2017 to merge the Plan into Oldcastle, Inc. 401(k) Plan effective August 15, 2017. All assets were transferred.

Note 8 – Tax Status

Effective March 31, 2008, the Plan adopted a nonstandardized form of a prototype plan sponsored by McCready and Keene, Inc. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status; however, for adopters of the nonstandardized version of the Plan, such opinion letter cannot be relied upon by the adopting Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and; therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits in liquidation. The Plan was merged effective August 15, 2017 and all assets were transferred to Oldcastle 401(k) Plan.

Note 10 – Plan Amendment

Effective March 31, 2017, the Company froze the Plan and no further contributions were made and no additional employees became eligible.

Effective August 15, 2017, the Plan removed distributions under a continuous right of withdrawal.
