Coleman Professional Services Employees' 403(b) Plan

Notes to Financial Statements

June 30, 2017 and 2016

Note 1 - Plan Description

The following description of Coleman Professional Services Employees' 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Coleman Professional Services, Inc. (the "Organization"). Individuals are eligible to participate in the Plan immediately upon employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions to the Plan according to their written wage reduction agreement subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Organization may make annual discretionary matching contributions. Participants who have completed one year of service, defined as working 1,000 hours in a consecutive 12-month period, and continue employment through the end of the plan year will be eligible to receive a discretionary matching contribution. For 2017 and 2016, the discretionary matching contributions authorized were equal to 2 percent of compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Organization's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Organization's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants are fully vested in contributions made by the Organization after six years of service. Participants become automatically fully vested upon death, disability, or upon reaching normal retirement age of 62 years with five years of service.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at 4.25 percent.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions are permitted upon reaching age 59½.

Participants may request that all or a portion of their vested account balances be distributed in the case of financial hardship, as defined in the plan document.

June 30, 2017 and 2016

Note 1 - Plan Description (Continued)

Forfeitures

If a participant is not fully vested on his or her termination or disbursement date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer contributions of the Plan.

The Plan used \$5,327 for the year ended June 30, 2017 to reduce employer contributions.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by American United Life Insurance Company or its affiliates. American United Life Insurance Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

The fully benefit-responsive unallocated contract is valued at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Organization.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

June 30, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

New Accounting Pronouncements

During 2017, the Plan adopted Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share (NAV) as a practical expedient. Parts I and II of ASU No. 2015-12 were applicable to the Plan. Part I requires fully benefit-responsive investment contracts be recorded at contract value without presentation of fair value or the difference between fair value and contract value and reduces the related disclosures. Part II modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Restatement

Certain prior year amounts have been reclassified to conform to the current year presentation. As a result of the reclassification during 2017, it was determined that mutual fund investments previously classified as Level 1 investments should have been classified as pooled separate account investments valued at NAV and, thus, not leveled based on the fair value hierarchy. Accordingly, the 2016 fair value disclosure has been updated.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including April 11, 2018, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

American United Life Insurance Company (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements, supplemental schedules of assets held at end of year, and delinquent participant contributions are based solely on information certified by the Custodian.

Note 4 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Coleman Professional Services Employees' 403(b) Plan

Notes to Financial Statements

June 30, 2017 and 2016

Note 5 - Fair Value Measurements

The following valuation methodologies have been used to value the Plan's investments:

Pooled Separate Accounts

The pooled separate accounts are valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' net underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

Investments in pooled separate accounts measured at net asset value (NAV) at June 30, 2017 and 2016 were as follows:

	2017	2016
Equity investments (1)	\$ 1,291,845	\$ 949,667
Fixed-income investments (2)	152,941	127,256
Balanced investments (3)	385,719	298,310
Retirement year-based investments (3)	1,670,857	1,121,629
Short-term investments (4)	91,083	77,813
Total	<u>\$ 3,592,445</u>	<u>\$ 2,574,675</u>

- (1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities, which may include common stocks, options, and futures.
- (2) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (4) This class represents investments in actively managed pooled separate account that invest primarily in fixed-income securities including, but not limited to, bonds, notes or other investments, such as government securities; commercial paper, certificates of deposits, master notes, or variable amount notes, with the objective of providing high current income consistent with the preservation of capital and the maintenance of liquidity.

There were no unfunded commitments or redemption restrictions on the investments described above.

Note 6 - Unallocated Contract

The Plan has a benefit-responsive unallocated contract with American United Life Insurance Company (AUL). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances based on an agreed upon formula with the issuer. Interest crediting rates are reviewed on a quarterly basis for resetting, but may not be less than 1 percent. When establishing interest credit rates for this product, AUL considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. The average yield and crediting interest rates were approximately 4 percent for 2017.

June 30, 2017 and 2016

Note 6 - Unallocated Contract (Continued)

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) which cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable of occurring. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Note 7 - Prohibited Transactions - Delinquent Participant Contributions

As required by ERISA, the plan sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. It was determined that from 2013 through 2017, total contributions of \$1,123,162 were not remitted timely and were considered prohibited transactions. As reported in the schedule of delinquent participant contributions, the plan sponsor is in the process of making the required corrections, including compensating the Plan for lost investment earnings related to these prohibited transactions in 2018.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
