Notes to Financial Statements

1. Description of the Plan

The following brief description of the Avaap USA Inc 401k (the "Plan") provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all eligible employees of Avaap USA Inc (the "Company") who have satisfied the Plan's eligibility requirements. The Plan was effective January 1, 2012 and was amended and restated as of December 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective September 30, 2016, the Company acquired the Falcon Consulting Group, LLC ("Falcon"). Upon acquisition, the Falcon 401(k) Plan was terminated and the participants became 100% vested in that plan. On October 28, 2016, their participant account balances were transferred into the Plan. An aggregate amount of \$1,517,139 was transferred into the Plan and is reflected as net assets transferred in on the statement of changes in net assets available for benefits.

(b) Change of Plan Trustee

For the period January 1, 2015 to June 30, 2016, State Street Bank & Trust Company ("State Street") was the trustee of the Plan. Effective July 1, 2016, Reliance Trust Company ("Reliance") became the trustee of the Plan (collectively, the "Trustees"). The change in trustee did not involve redemption or purchase of assets.

(c) Eligibility

An employee is eligible to participate in the Plan on the first day of the month once the employee has reached the age of 21 and has completed one month of services.

(d) Contributions

Participants may elect to defer up to 90% of eligible compensation in the Plan. Contributions may be made to the Plan on a pre-tax and/or after tax Roth salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Contributions are subject to certain annual limitations as imposed by Internal Revenue Code ("IRC").

Each year, the Company may decide to make a matching and/or nonelective contribution to the Plan. These contributions are determined at the sole discretion of the Company. For the Plan year 2016, the Company did not elect to make a matching contribution or a nonelective contribution.

(e) Participant's Accounts

Each participant's account is credited with the participant's contributions, Company matching and nonelective contributions, if any, as well as an allocation of Plan earnings and losses. Participant accounts are charged for withdrawals and certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Avaap USA Inc 401k

Notes to Financial Statements

(f) Vesting

Participants are vested immediately in their salary deferral and rollover contributions, plus actual earnings thereon. Company matching contributions and nonelective contributions vest in accordance with the following schedule:

Years of Service for Vesting	Vesting Percentage
Less than 2 years	0%
At least 2 years, but less than 3	20
At least 3 years, but less than 4	40
At least 4 years, but less than 5	60
At least 5 years, but less than 6	80
6 years or more	100

(g) Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. Forfeiture allocations may be used to pay administrative expenses or to reduce Company contributions in accordance with the Plan document. There were no unallocated forfeiture balances as of December 31, 2016.

(h) Payment of Benefits

Participants are eligible to receive distributions from their accounts at normal retirement age, disability, death, or termination of employment. Participants who leave the Company can receive their vested benefits in a single lump sum payment or have the payment paid as a direct rollover to an individual retirement account or individual retirement annuity ("IRA") or to another employer's tax qualified plan. If participants are eligible to establish a Roth IRA, they may also elect a direct rollover of the non-Roth portion of their vested benefit to a Roth IRA.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

(i) Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 reduced by their highest outstanding loan balance during the previous twelve months or 50% of their vested account balance. The terms of the loans range from 1 to 5 years and may be longer for the purchase of a principal residence but not to exceed 30 years. The loans are collateralized by the vested account balance and bear interest at a rate 2% above the prime rate, as defined at the time of the loan.

(j) Investment Options

A participant may direct their contributions to any of the various investment options available to the Plan. Participants may change their investment options at any time.

Avaap USA Inc 401k
Notes to Financial Statements

2. Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(b) Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

(f) Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to withdrawals and the administration of notes receivables from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(g) Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)," which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Reporting entities will be required to disclose the amount of investments measured at NAV (or its equivalent) using the practical expedient to reconcile total investments in the fair value hierarchy to total investments measured at fair value. The effective date is fiscal years beginning after December 15, 2016. ASU 2015-07 should be applied retrospectively to all periods presented and early adoption is permitted. The Plan has elected to early adopt ASU 2015-07 as January 1, 2016.

Avaap USA Inc 401k

Notes to Financial Statements

In July 2015, the FASB issued ASU 2015-12, “(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.” ASU 2015-12 (1) requires defined contribution plans to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplifies certain investment disclosure requirements for employee benefit plans, and (3) provides employee benefit plans with a measurement-date practical expedient on a month-end date that is nearest to the fiscal year-end, when the fiscal year-end does not coincide with a month-end. The simplified investment disclosure in Part II eliminates the following disclosures previously required: (a) disaggregation of investments by nature, risks and characteristics; (b) individual investments that represent five percent or more of net assets available for benefits; and (c) net appreciation or depreciation of investments by general type. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. Part II is required to be applied retrospectively. The Plan has elected to early adopt Part II of the ASU as of January 1, 2016. Parts I and III are not applicable to the Plan.

3. Risks and Uncertainties

The Plan provides various investment options that are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2 - Quoted market prices of investments that are not actively traded or for which certain significant inputs are not observable, either directly or indirectly.

Level 3 - Valuation based on inputs that are unobservable and reflect management’s best estimate of what market participants would use as fair value.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of an input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for these items, as well as the general classification of such items pursuant to the fair value hierarchy of ASC 820. There have been no changes in the valuation methodologies of these items held at December 31, 2016 and 2015.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are actively traded.

Avaap USA Inc 401k

Notes to Financial Statements

Common Collective Trusts

The common collective trusts ("CCTs") are stated at fair value using the NAV practical expedient. The fair value of such investment contracts held by the CCT is determined using the market price of the underlying securities and the value of the investment contract, as determined by the Trustees. There are no restrictions on the redemption of this investment and no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016 and 2015:

<i>December 31, 2016</i>	Level 1	Total
Mutual funds	\$2,697,085	\$2,697,085
Common collective trusts*	-	663,810
Total investments, at fair value	\$2,697,085	\$3,360,895

<i>December 31, 2015</i>	Level 1	Total
Mutual funds	\$1,112,237	\$1,112,237
Common collective trusts*	-	67,783
Total investments, at fair value	\$1,112,237	\$1,180,020

* Investments measured at fair value using the NAV per share (or its equivalent) practical expedient are not categorized in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis at December 31, 2016 and 2015. There are no Plan liabilities recorded at fair value at December 31, 2016 and 2015. There were no transfers between levels during 2016 and 2015.

Avaap USA Inc 401k
Notes to Financial Statements

5. Information Certified by the Trustees

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. State Street and Reliance have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2016	2015
		(Compiled)
Investments, at fair value:		
Mutual funds	\$2,697,085	\$1,112,237
Common collective trusts	663,810	67,783
Notes receivable from participants	79,557	44,013

Year ended December 31, 2016

Dividend income	\$53,611
Net appreciation in fair value of investments	25,450
Interest income on notes receivable from participants	2,413

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Party-In-Interest Transactions

Certain Plan investments are shares of the mutual funds and the common collective trusts managed by State Street and Reliance Trust Company and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

7. Tax Status

The Plan has adopted the ADP, LLC Prototype Non-standardized Profit Sharing Plan with a cash or deferred arrangement. Accordingly, the Plan is permitted to rely on the opinion letter. The Internal Revenue Service ("IRS") has determined and informed ADP, LLC by letter dated July 8, 2014 that the Plan is designed in accordance with the applicable sections of the IRC. Effective December 1, 2016, the Plan was amended and restated. The Company believes that the Plan currently is designed and is being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Avaap USA Inc 401k
Notes to Financial Statements

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will become 100% vested and the net assets of the Plan will be distributed as prescribed by ERISA.

9. Subsequent Events

The Plan's management has performed subsequent event procedures through April 11, 2018, which is the date the financial statements were available to be issued and there were no other subsequent events requiring adjustments to the financial statements or disclosures as stated herein.
