Report on the Financial Statements

We were engaged to audit the accompanying financial statements of National Church Residences Annuity Retirement Plan (the "Plan"), which comprise the statement net assets in liquidation as of June 30, 2017 and 2016 and the related statement of changes in net assets in liquidation for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Huntington National Bank (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes related transactions. The plan administrator has obtained certifications from the Trustee as of and for the years ended June 30, 2017 and 2016 that the information provided to the plan administrator is complete and accurate.

To the Plan Administrator
National Church Residences Annuity Retirement Plan

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 6 to the financial statements, the Plan sponsor terminated the Plan effective October 30, 2014, and all assets were distributed on June 30, 2017. The financial statements and supplemental schedule are prepared on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of reportable transactions in liquidation for the year ended June 30, 2017 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

National Church Residences Annuity Retirement Plan

Notes to Financial Statements June 30, 2017 and 2016

Note 1 - Plan Description

The following description of National Church Residences Annuity Retirement Plan (the "Plan"), prior to its termination as described in Note 6, provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a noncontributory defined benefit plan that covers substantially all employees of National Church Residences (the "Sponsor"). Benefits under the Plan are generally based on a participant's years of service and compensation. The Plan provides for 100 percent vesting of such benefits after an employee completes five years of service or satisfies the early retirement requirements. The Sponsor administers the Plan.

The Plan was a frozen plan as of July 1, 2003, which means that participants in the Plan did not earn any additional benefits under the Plan during this period, and no new participants were allowed to join the Plan. Effective July 1, 2006, the Plan was unfrozen, and participants in the Plan resumed earning benefits under the Plan for a limited period of time. Also, any employee who was not a participant in the Plan on July 1, 2003, but who had subsequently met the eligibility requirements during that period, became a participant in the Plan on July 1, 2006 and earned benefits under the Plan for a limited period of time. Effective July 1, 2007, the Plan was again frozen to all participants and remained frozen through June 30, 2017, which is the date all assets were distributed (see Note 6).

Pension Benefits - Employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to a percentage. Benefits are calculated as 1 percent of a participant's average monthly compensation plus .4 percent of the participant's average monthly compensation in excess of covered compensation, multiplied by the participant's years of service (not to exceed 35 years). The Plan permits early retirement at age 55, subject to a reduction factor based on age, as specified by the Plan. Employees may elect to receive their pension benefits in the form of a qualified joint and survivor annuity. If employees terminate before rendering five years of service, they forfeit the right to receive a benefit. Employees may elect to receive the value of their accumulated plan benefits as a lump-sum distribution upon retirement or termination, or they may elect to receive their benefits as a life annuity payable monthly from retirement.

Funding Policy - The Sponsor contributes such amounts as are deemed necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to its members. Contributions from the Sponsor are sufficient to meet the Employee Retirement Income Security Act of 1974 (ERISA) minimum funding requirements. The Plan has no unrecognized prior service costs.

National Church Residences Annuity Retirement Plan

Notes to Financial Statements June 30, 2017 and 2016

Note 1 - Plan Description (Continued)

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Huntington National Bank or its affiliates. Huntington National Bank is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - As discussed in Note 6 to the financial statements, the Plan's Sponsor terminated the Plan during a previous period. As a result, the Plan uses the liquidation basis of accounting.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process, and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process (see Note 6).

Investment Valuation - The Plan's investments are stated at fair value. The money market fund is valued based on quoted market prices. Interest-bearing cash is valued at cost, which approximates fair value. See Note 7 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the services that employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The present value of accumulated plan benefits is actuarially determined and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment due to death, disability, or retirement between the valuation date and the expected date of payment.

National Church Residences Annuity Retirement Plan

Notes to Financial Statements June 30, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Actuarial Assumptions - The actuarial present value of accumulated plan benefits is determined by actuaries and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

As described in Note 6, the Plan was approved for termination in a prior period and was fully settled during 2017. See Note 4 for the effects of the termination on the actuarial present value of accumulated plan benefits at June 30, 2017.

The significant actuarial assumptions used in the valuation of the Plan at July 1, 2016 are summarized as follows:

Actuarial cost method	- Projected unit credit
Assumed rate of return	- 2.15
Mortality basis	- RP-2014 Total Dataset Mortality using Scale MP-2015
Retirement age	- 65

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - Contributions to the Plan and the plan benefit obligations are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including April 9, 2018, which is the date the financial statements were available to be issued.

Administrative Expenses - Administrative expenses of approximately \$450,000 for the year ended June 30, 2017 were paid by the Sponsor. These expenses consisted of attorney and consulting fees, as well as fees associated with purchasing the annuity contracts described in Note 6, related to the termination of the Plan.

National Church Residences Annuity Retirement Plan

Notes to Financial Statements June 30, 2017 and 2016

Note 3 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. As described in Note 6, the plan terminated, the effects of which did not affect the Plan's qualified tax status.

Note 4 - Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by consulting actuaries. The calculations of the accumulated plan benefits attributable to participants in the Plan, which were made as of and for the period beginning July 1, 2016, the most recent actuarial valuation, are as follows:

Vested benefits:

Active participants and terminated vested participants	\$ 7,007,331
Retired participants and beneficiaries	<u>1,421,719</u>
Total vested benefits	8,429,050

Nonvested benefits

Total actuarial present value of accumulated plan benefits	<u>\$ 8,429,050</u>
--	---------------------

Actuarial present value of accumulated plan benefits - Beginning of year	\$ 8,803,209
(Decrease) increase during the year attributable to:	
Change in actuarial assumptions	(187,467)
Interest due to decrease in the discount period	383,457
Benefits paid	<u>(570,149)</u>
Net decrease	<u>(374,159)</u>
Actuarial present value of accumulated plan benefits - End of year	<u>\$ 8,429,050</u>

As discussed in Note 6, in October 2014, the Sponsor elected to terminate the Plan and filed an application for approval from the IRS. The IRS approved the termination on July 20, 2016 and all plan assets were distributed as of June 30, 2017. May it be noted that the impact of the liquidation, including the purchase of the annuity contract described in Note 6, have not been included in the July 1, 2016 actuarial valuation detailed above, but rather reflected in the June 30, 2017 actuarial valuation described in the following paragraph.

National Church Residences Annuity Retirement Plan

Notes to Financial Statements June 30, 2017 and 2016

Note 4 - Accumulated Plan Benefits (Continued)

As a result of the termination, the Sponsor received a valuation by consulting actuaries as of June 30, 2017, which resulted in a gain on termination of \$81,586, an increase for interest due to the decrease in the discount period of \$84,954, and benefits paid of \$8,595,590, bringing the balance of the actuarial present value of accumulated plan benefits to zero at June 30, 2017.

Note 5 - Unaudited Information

Huntington National Bank (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of reportable transactions in liquidation are based solely on information certified by the Trustee.

Note 6 - Plan Termination

On October 30, 2014, the Sponsor elected to terminate the Plan, and subsequently filed an application for approval from the IRS for the termination of the Plan. The IRS approved the termination on July 20, 2016 and all plan assets were distributed as of June 30, 2017. For those who did not elect the lump-sum option, the Plan purchased an annuity contract in November 2016 with a third-party insurance provider for \$3,144,927, which is reported in the accompanying statement of changes in net assets in liquidation, thus dispersing the majority of assets from the Plan.

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at June 30, 2016. The Plan had no assets at June 30, 2017.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

National Church Residences Annuity Retirement Plan

Notes to Financial Statements June 30, 2017 and 2016

Note 7 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
