Applewood Centers, Inc. Tax Deferred Savings Plan
Shaker Heights, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Applewood Centers, Inc. Tax Deferred Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended June 30, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by State Street Bank and Trust Company (State Street) and Massachusetts Mutual Life Insurance Company (MassMutual), the custodians of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodians hold the Plan's assets and execute transactions. The Plan Administrator has obtained certifications from the custodians as of June 30, 2017 and 2016, and for the year ended June 30, 2017, that the information provided to the Plan Administrator by the custodians is complete and accurate.

In addition, certain annuity and custodial accounts may have been issued to current and former employees without the Plan Administrator's knowledge prior to January 1, 2009, therefore the Plan has not maintained accounting records and supporting documents relating to these accounts. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

Independent Auditor's Report (Continued)

Further, as described in Note 9, the Plan may have excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts, if any, may have also been excluded from the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions, if any, are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of June 30, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we do not express an opinion on the supplemental schedule.

Applewood Centers, Inc. Tax Deferred Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following is a summary of certain provisions of Applewood Centers, Inc. Tax Deferred Savings Plan (the Plan). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Applewood Centers, Inc. (the Agency). Employees are immediately eligible to start deferral contributions to the Plan and are eligible to start receiving contributions from the Agency on the first day of the calendar year quarter following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may contribute up to the maximum amount of pretax annual compensation as defined by the Plan and allowable under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as allowable by the IRC. Also, any participant who has 15 years of service with a qualified organization may make Special Code Section 403(b) Catch-up Contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Agency contributions are elective. Effective January 15, 2010, the Agency suspended its matching contribution indefinitely. As such, there were no Agency contributions for the year ended June 30, 2017.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Agency's contribution and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant account balances or employee compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Vesting in the Agency's contributions along with the earnings thereon is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	0%
3	100%

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of benefits: On termination of service, death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic distributions in accordance with the Plan document. A participant may also make an in-service withdrawal upon attainment of age 59½ or due to financial hardship.

Forfeited accounts: At June 30, 2017 and 2016, there were no forfeited non-vested accounts. Forfeited amounts can be used to reduce future Agency contributions, if any, or to offset administrative expenses.

Applewood Centers, Inc. Tax Deferred Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participant contribution are recognized when they are withheld from the participant's earnings.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses are paid by the Plan unless otherwise paid by the Agency at its discretion.

Risks and uncertainties: The Plan invests, at the direction of the participants, in various investment securities as offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through April 16, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified by State Street and MassMutual

The following is a summary of the Plan's asset information as of June 30, 2017 and 2016, and for the year ended June 30, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

Notes to Financial Statements

Note 3. Information Certified by State Street and MassMutual (Continued)

The following table presents the assets of the Plan, as certified by the custodians, as of June 30:

	2017	2016
Investments, at fair value:		
Mutual funds	\$ 2,637,247	\$ 2,659,173
Investment, at contract value:		
Insurance company group annuity contract	\$ 194,544	\$ 176,989
	<u>\$ 2,831,791</u>	<u>\$ 2,836,162</u>
Notes receivable from participants	<u>\$ 47,587</u>	<u>\$ 31,797</u>

The custodians also certified to the completeness and accuracy of the following for the year ended June, 30, 2017:

Net appreciation in fair value of investments	<u>\$ 281,091</u>
Interest and dividends	<u>\$ 92,786</u>
Interest income on notes receivable from participants	<u>\$ 1,769</u>

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Applewood Centers, Inc. Tax Deferred Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2017 and 2016.

Mutual funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of June 30:

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,637,247	\$ -	\$ -	\$ 2,637,247

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,659,173	\$ -	\$ -	\$ 2,659,173

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the years ended June 30, 2017 and 2016, there were no significant transfers in or out of Level 1, 2, or 3.

Note 5. Contract with Insurance Company

The Plan entered into a traditional investment contract with MassMutual. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if there were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract at June 30, 2017 and 2016 was \$194,544 and \$176,989, respectively.

As described in Note 2, because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The contract does permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Applewood Centers, Inc. Tax Deferred Savings Plan

Notes to Financial Statements

Note 5. Contract with Insurance Company (Continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures of spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has a right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants shall be 100% vested in their accounts and the trustee shall distribute account balances to participants in accordance with the Plan.

Applewood Centers, Inc. Tax Deferred Savings Plan

Notes to Financial Statements

Note 7. Tax Status

Effective August 1, 2013, the Plan adopted a standardized form of a prototype plan sponsored by Massachusetts Mutual Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letters has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. As of June 30, 2017 and 2016, management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. Generally, the statute of limitations restricts federal and state examinations by tax authorities to three to five years from the date of filing. When and if applicable, potential interest and penalty costs are accrued as incurred, with expenses recognized in income taxes in the statement of changes in net assets available for benefits. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Party-in-Interest Transactions

The insurance group annuity contract (Capital Preservation Account) is managed by Babson Capital Management LLC, which is a wholly-owned subsidiary of MassMutual Holdings, LLC, a controlled subsidiary of Massachusetts Mutual Life Insurance Company, one of the Plan's custodians. Plan investments include investments managed by affiliates of Massachusetts Mutual Life Insurance Company, and therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Massachusetts Mutual Life Insurance Company amounted to \$18,977 for the year ended June 30, 2017.

Note 9. Excluded Contracts

There may have been certain annuity and custodial accounts issued to current and former employees without the plan administrator's knowledge prior to January 1, 2009. As permitted by the United States Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, these annuity and custodial accounts, if any, have been excluded from the Plan's investments. In addition, investment income and distributions, if any, related to such potential accounts have also been excluded from the statement of changes in net assets available for benefits. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan Administrator has not determined the amount of these excluded annuity and custodial accounts and the related income and distributions because records relating to these are not available or do not exist, but believes such amounts to not be material to the Plan's financial statements.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
