NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 1 Description of Plan

The following brief description of the High Falls Operating Company, LLC Hourly Employees 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution benefit plan sponsored by High Falls Operating Company, LLC (the Company or the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Unified Trust Company (Unified Trust) is the trustee, custodian and recordkeeper of the Plan effective August 2015. The former recordkeeper was Lifetime Benefit Solutions.

The Plan agreement was restated effective August 28, 2017.

Eligibility

Non-excluded classes of employees employed as of May 1, 1995 are eligible to participate in the Plan. After that date, employees of the Company who are at least 21 years old, have completed six months of service, and who are not considered non-union, leased or other specified classes of employees, are eligible to participate in the Plan. Participation in the Plan is allowed starting the first day of the month coincident with or following the date the requirements are satisfied.

Contributions

Participants may elect to make pretax and Roth contributions to the Plan up to a maximum of 50% of compensation, subject to Internal Revenue Code (IRC) limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans after meeting eligibility requirements. Effective January 1, 2018, the Company matches 50% of each participant's contributions up to a maximum of 2% of participant compensation.

On an annual basis, elective deferrals are automatically increased by 1 percent until the participant reaches a 10 percent deferral, unless the participant opts out of auto escalation.

The Company may also make annual profit sharing contributions in an amount to be determined by the Plan Sponsor. No annual profit sharing contributions were made to the Plan for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with salary-reducing contributions, profit sharing contributions and earnings (losses) as allocated. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 1 **Description of Plan - Continued**

Vesting
Each participant is fully vested in his or her salary reduction account and profit sharing contributions. Effective January 1, 2018, participants become 100% vested in employer matching contributions upon completion of 3 years of service.

Investments
Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. Participants may change their investment options quarterly.

Payment of Benefits
The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, disability, death, obtaining age 59½, hardship and termination benefits for those participants who are eligible to receive such benefits. If the value of a terminated employee's account does not exceed $1,000, excluding rollover contributions, the participant's balance will be distributed automatically at that time.

Plan Expenses
Administrative expenses may be paid for by the Company or the Plan.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through April 24, 2018, the date that the financial statements were available to be issued.

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

New Accounting Standards

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans, Health and Welfare Benefits Plans (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – Consensuses of the Emerging Issues Task Force*. This ASU is effective for all plans with fiscal years beginning after December 15, 2015. Early adoption is permitted and the Plan has elected to adopt Part II of the ASU as of December 31, 2015. The amendments in Part II of the ASU remove the requirement to disclose investments that represent 5% or more of total net assets, eliminate certain fair value related disclosures, and remove the requirement to disclose the net appreciation or depreciation in the investments of the plan by the type of investment.

In connection with the issuance of ASU 2015-12, additional clarification was provided related to the treatment of indirectly held investment contracts. Prior to this clarification, there was diversity in practice as to the presentation of stable value funds and common/collective trust funds that held fully benefit-responsive investment contracts. The new guidance clarifies that these funds should be presented at net asset value.

In May 2015, the FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* This ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value (NAV) per share as a practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. This ASU is effective for all Plan years beginning January 1, 2016. Early adoption is permitted and the Plan has elected to adopt this ASU as of December 31, 2015.

Payment of Benefits

Distributions of benefits to participants are recorded when paid.

Risk and Uncertainties

The Plan invests in investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3 **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Note 3 **Investment Valuation and Income Recognition - Continued**

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements.) The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Common/Collective Trust Fund: Valued at net asset value (NAV) based on the underlying assets of the trust. The NAV is used as a practical expedient to estimate fair value and is obtained from information provided by the investment advisor using the audited financial statements of the common collective trust at year end.

Equity and Fixed Income Funds: These investments are valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Note 3 **Investment Valuation and Income Recognition - Continued**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

	Investments at Fair Value as of December 31, 2015	
	Level 1	Total
Equity Funds	$ 4,446,398	$ 4,446,398
Fixed Income Funds	1,414,856	1,414,856
	5,861,254	5,861,254
Investments Measured at NAV as a Practical Expedient [(a)]		1,596,271
		$ 7,457,525

[(a)] In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 **Information Certified by the Plan's Trustee**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Unified Trust Company, N.A., the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2015, schedule of assets (held at end of year) as of December 31, 2015, and the related investment activity (including interest and dividend income and net depreciation in fair value of investments) reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

Note 5 **Federal Tax Status**

Effective January 1, 2016, the Plan adopted a volume submitter profit sharing plan document sponsored by Unified Trust Company. The volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, as to the volume submitter profit sharing plan's qualified status. The volume submitter profit sharing plan opinion letter has been relied upon by the Plan. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 **Party-in-Interest Transactions**

The Plan invests in a common/collective trust fund managed by Unified Trust. Unified Trust is the trustee, as defined by the Plan, and, therefore, transactions involving these investments qualify as party-in-interest transactions.

Note 7 **Plan Termination**

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the accounts of all participants become fully vested and nonforfeitable.

Note 8 **Other Matters**

During January 2018, the Plan Sponsor was notified by the DOL that the Plan's Form 5500 filing for the year ended December 31, 2015 was rejected due to the Plan's prior auditor failing to comply with the requirements of generally accepted auditing standards. As a result, the previously issued financial statements and Form 5500 for the year ended December 31, 2015 can no longer be relied upon. The Plan Sponsor has taken appropriate actions to address this matter.
