INDEPENDENT AUDITOR'S REPORT

To the Trustee and Participants of the
EBO Group, Inc. Employee Stock Ownership Plan
and the Board of Directors of EBOG Legacy, Inc.

We have audited the accompanying financial statements of the EBO Group, Inc. Employee Stock Ownership Plan (the "Plan"), which comprise the statements of net assets available for benefits as of July 31, 2017 (in liquidation) and 2016 (on going), and the related statement of changes in net assets available for benefits (in liquidation) for the year ended July 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of July 31, 2017 (in liquidation) and 2016 (on going), and the changes in net assets available for benefits for the year ended July 31, 2017, in accordance with accounting principles generally accepted in the United State of America.

EMPHASIS OF MATTER - PLAN TERMINATION

As further discussed in the "Plan Termination" footnote, the plan sponsor sold its operations as of May 5, 2017. Accordingly, all participants became fully vested in their account as the plan experienced a full termination. Due to certain conditions of the sale, the Plan will continue on an in liquidation basis until final funding of sale proceeds into the Plan and final distributions to participants can commence.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of July 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

PLAN TERMINATION AND BASIS OF PRESENTATION

Effective May 5, 2017, the Company sold its operations. As of that date all participants had their employment terminated and became fully vested in their account balances. On May 15, 2017, the trust received an advance payment of \$9,300,000 from the sales proceeds. Certain sales proceeds were placed into Escrow to cover warranty claims and working capital shortfall. These funds will become available 24 months after the close of the sale. After payment of any outstanding liabilities, remaining amounts will be used to fund final distributions to participants. As of July 31, 2017, that amount is projected to be \$1,630,600. The fair value of the EBO Group, Inc. common stock has been adjusted to the projected amount to be received.

As of August, 2017, the trust provided distributions to each participant of approximately 70% of the current cash balance in their account. Between August 1, 2017 and April 9, 2018, the trust distributed \$6,609,965 to participants. Final distributions will be made at the later of the trust receiving the remaining proceeds of the sale or a favorable determination on termination letter.

The financial statements for the year ended July 31, 2016 are prepared on the accrual basis of accounting. The financial statements for the year ended July 31, 2017 are prepared using the liquidation basis of accounting.

PLAN DESCRIPTION

The following brief description of the EBO Group, Inc. Employee Stock Ownership Plan and trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

EBO Group, Inc. (the "Company") established the Plan as of August 1, 1983. As of August 1, 1990, the Plan was amended and restated and operates, in relevant part, as an employee stock ownership plan ("ESOP"), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("IRC"), and Section 407(d)(6) of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Accordingly, the Plan is administered by individuals appointed by the Board of Directors of the Company. Effective April, 2016, GreatBanc Trust became the Plan's Trustee. Bankers Trust of South Dakota was the Plan's Trustee through April, 2016. The ESOP included all eligible employees of the Company and subsidiaries.

The Plan purchased 6,784 shares of Company common stock and holds the stock in a trust established under the Plan. In December 2014, the Company redeemed 584 shares of the Company's common stock for \$1,398,096. As of July 31, 2017, the Plan holds 6,200 shares of the Company's common stock.

On May 5, 2017, the Company sold its operations and ceased to exist. The Company established EBOG Legacy, Inc. to perform any remaining functions related to the sale including the terminating of the Plan.

EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2017 AND 2016

PLAN DESCRIPTION AND BASIS OF PRESENTATION (CONTINUED)

Eligibility - Employees of the Company and its participating subsidiaries were generally eligible to participate in the Plan after one year of service and attaining age twenty-one, providing they worked at least 750 hours during such Plan year. Participants who did not have at least 750 hours of service during such Plan year or were not employed on the last working day of a Plan year were generally not eligible for an allocation of Company contributions for such year.

Employer Contributions - The amount of the discretionary contribution was determined annually by the Company's Board of Directors and was required to be paid in cash or in shares of Company common stock. The contribution was allocated annually based on each participant's proportion of eligible compensation to total eligible compensation for the Plan year.

Payment of Benefits - Distributions on account of death, disability, or retirement were made in a lump sum in the Plan year of the event.

Distributions due to termination of employment wherein the vested account balance was \$1,000 or less occurred automatically during the plan year after the plan year of the participant's termination.

Until, April, 2016, distributions due to termination of employment wherein the vested account balance was more than \$1,000 occurred during the sixth full plan year after termination of employment. As determined by the Administrator, accounts were distributed either in a single lump sum payment or in equal, annual installments over a period generally not exceeding five years. The five-year period was increased by one year, up to additional four years, for each \$195,000 (or fraction thereof) by which the value of the participants Company Stock Account exceeded \$985,000. These dollar amounts were subject to cost-of-living adjustments prescribed by the Internal Revenue Service ("IRS").

In April, 2016, a new distribution policy was adopted to change the method of distribution. Accounts with capital accumulation of \$50,000 or less were distributed in a single lump sum distributions. Accounts in excess of \$50,000 capital accumulations were to be distributed in a series of five substantially equal annual installments.

Accounts were distributed in cash or in whole and/or fractional shares of Company Stock as determined by the administrator. The value of any fractional shares of Company Stock may have been distributed in cash. Distributions in the form of Company Stock required a "put option."

Administrative Expenses - As provided in the Plan agreement, administrative expenses, including third-party administrative expenses, may be paid by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan. After the sale, EBOG Legacy, Inc. has continued to pay all operating expenses of the Plan.

PLAN DESCRIPTION AND BASIS OF PRESENTATION (CONTINUED)

Voting Rights - Each participant was entitled to exercise certain voting rights attributable to the shares allocated to his or her account and was notified by the Trustees prior to the time that such rights were to be exercised. The Trustee is not permitted to vote any allocated share for which instructions had not been given by a participant.

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account was established for each participant. Each participant's account was credited as of the last day of each Plan year with an allocation of shares of the Company's common stock and forfeitures of terminated participants' nonvested accounts. Only those participants who were eligible as of the last day of the Plan year received an allocation. Allocations were based on a participant's eligible compensation, relative to total compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting - As of May 5, 2017, all participants are fully vested in their account due to the sale of the Company and subsequent Plan termination.

Put Option - Under federal income tax regulations, the employer stock that is held by the Plan and its participants that is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification - Diversification was offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which were more diversified. Participants who were at least age 55 with at least 10 years of participation in the Plan may have elected to diversify a portion of their account. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant may have diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changed to 50 percent. Participants who elected to diversify received a cash distribution.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

EBO GROUP, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2017 AND 2016

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties - At July 31, 2016, the Plan's investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investments in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

At July 31, 2017, the Plan's investments consist primarily of cash invested in short-term investments and the Company's common stock. The value of the Company stock is subject to the performance terms described in the purchase agreement of the Plan sponsor's assets and to uncertainties inherent in the estimations and assumptions process. The short-term investments are exposed to interest rate risk.

Investment Valuation and Income Recognition - The shares of the Company common stock are valued at fair value. Money market funds that the Plan invests in are cash equivalents. See Fair Value Measurements note for discussion of fair value measurements.

TAX STATUS

The Plan has received a determination letter from the IRS dated September 24, 2013, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for fiscal years prior to 2014.

ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist primarily of money market funds and sponsor Company common shares, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by the Board of Directors of EBOG Legacy, Inc. No such director receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by EBOG Legacy, Inc..

INVESTMENTS

The Plan's investments, at July 31, are presented in the following table:

	<u>2017</u> <u>(In Liquidation)</u>	<u>2016</u> <u>(On Going)</u>

FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

EBO GROUP, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2017 AND 2016

FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2017 and 2016:

<i>Assets at Fair Value as of July 31, 2017</i>

FAIR VALUE MEASUREMENTS (CONTINUED)

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended July 31, 2017:

	<u>Investment in EBO Group, Inc. Common Stock</u>
Balance, August 1, 2016	\$ 8,580,800
Cash received from sale of the Company's operating assets	\$ (9,300,000)
Realized gain relating to the sale of assets	<u>2,349,800</u>
Change in value due to sale of Company's operating assets	<u>(6,950,200)</u>
Balance, July 31, 2017	<u>\$ 1,630,600</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2017 and 2016.

The fair value of the EBO Group, Inc. common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon an asset valuation approach. The appraiser identified the business assets and liabilities and restated them to fair market value. It was determined that application of the income and market approach, which was the approach in prior years, would indicate that the Company had intangible value over and above that of its liquidation value, which would be inappropriate in light of the sale.

The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the ESOP Trustee, reviews in detail, discusses and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
