REACHLOCAL INC. 401(k) PLAN

Notes to Financial Statements

For the Period from January 1 to July 31, 2017

1. Plan Description

The following description of the ReachLocal Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan, as amended and effective January 1, 2015, is a defined contribution plan covering all employees of ReachLocal Inc. (the Company), excluding employees governed by collective bargaining agreements, employees of an affiliate, and leased or temporary employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for oversight of the Plan. The investment committee of the Plan determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the plan administrator.

b. Plan Merger

On August 9, 2016, Gannett Co. Inc. completed its acquisition of ReachLocal Inc. Pursuant to the acquisition, the Company resolved to merge the Plan into the Gannett Co. Inc. 401(k) Savings Plan (the Gannett Plan). Effective July 31, 2017, total net assets of the Plan in the amount of \$14,956,461 were merged into the Gannett Plan, of which \$14,831,112 consisted of investments and \$125,349 consisted of notes receivable from participants.

c. Contributions

Participants may contribute up to 90 percent of pretax annual compensation, as defined in the plan document and allowed by law. The Plan provides for automatic election of deferrals at a rate of 3 percent of compensation for all new participants. Participants may affirmatively elect a different deferral percentage or elect not to defer into the Plan. Participants who are deferring into the Plan through automatic election have their deferral percentages increased by 1 percent each year (not to exceed 10 percent) on the anniversary of their automatic enrollment date, unless the participant elects otherwise. Participants may also contribute rollover amounts representing distributions from other qualified plans. Company contributions are discretionary. The Company did not contribute to the Plan during the period ended July 31, 2017.

d. Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, if applicable, and the Plan's earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts into various investment options offered by the Plan.

REACHLOCAL INC. 401(k) PLAN

Notes to Financial Statements

For the Period from January 1 to July 31, 2017

e. Vesting

Participants are immediately vested in their contributions, nonelective contributions, and qualified nonelective contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants vest at a rate of 25 percent each year until they become 100 percent vested after four years of credited service.

f. Distribution of Benefits

Upon termination of employment, death, disability, or retirement, participants may elect to receive the value of their vested account balance in a lump sum payment. Participants may also take a financial hardship withdrawal under certain circumstances.

g. Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 (reduced by the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan) or 50 percent of their vested account balance with a minimum loan amount of \$500. Loan terms range up to five years, but may be extended if the proceeds are to be used for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions. All outstanding loans were transferred to the Gannett Plan as of July 31, 2017.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

REACHLOCAL INC. 401(k) PLAN

Notes to Financial Statements

For the Period from January 1 to July 31, 2017

d. Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, may be paid by the Plan. The Company, at its discretion, paid for certain of the Plan's administrative expenses, which are excluded from these financial statements. Most investment options have management fees, which reduce the overall return on assets. The net realized and unrealized appreciation in fair value of investments is reflected net of these fees.

e. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

f. Payment of Benefits

Benefits are recorded when paid.

g. Subsequent Events

The Plan has evaluated subsequent events through May 10, 2018, the date the financial statements were available to be issued.

h. New Accounting Pronouncements

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the Emerging Issues Task Force)*.

Among other things, the ASU simplifies employee benefit plan reporting for fully benefit-responsive investment contracts and plan investment disclosures. The amendments to the Accounting Standards Codification (ASC) contained in the ASU are effective for all plan years beginning after December 15, 2015.

The Plan has applied all applicable parts of the ASU in the current period's financial statements. As required under the ASU, the changes have been applied retrospectively to all periods presented. Application of the ASU does not change total net assets available for plan benefits.

REACHLOCAL INC. 401(k) PLAN

Notes to Financial Statements

For the Period from January 1 to July 31, 2017

h. New Accounting Pronouncements (Continued)

The changes affect the presentation of the financial statements and the information contained in the financial statement disclosures as follows:

- Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for plan benefits and the net appreciation or depreciation in fair value of investments by general type.
- Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to further disaggregate investments by nature, characteristics, and risks for purposes of the financial statement disclosures.
- Parts I and III are not applicable to the Plan.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

4. Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

REACHLOCAL INC. 401(k) PLAN

Notes to Financial Statements

For the Period from January 1 to July 31, 2017

4. Fair Value Measurement (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016. There were no assets held by the Plan as of July 31, 2017.

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds:	\$ 12,970,173	\$ -	\$ -	\$ 12,970,173
Investments, at fair value	\$ 12,970,173	\$ -	\$ -	\$ 12,970,173

5. Plan Termination

The Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

6. Summary of Unaudited Information

The Trustee of the Plan certified certain information, which was not audited in accordance with the plan administrator's instructions and as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information certified by the Trustee consists of the following:

- Fair value of investments and the carrying amount of notes receivable from participants as reflected in the Statements of Net Assets Available for Plan Benefits as of July 31, 2017, and December 31, 2016.
- Investment income and interest income on notes receivable from participants as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the Period from January 1 to July 31, 2017.
- Investment information as reflected in Note 4 to these financial statements.

The Plan's independent public accountants did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements.

REACHLOCAL INC. 401(k) PLAN

Notes to Financial Statements

For the Period from January 1 to July 31, 2017

7. Tax Exempt Status

The Plan was subject to a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. Although the Plan has been amended, the plan administrator believes the Plan has been operated in accordance with the applicable provisions of the IRC. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plan Compliance Resolution System. Accordingly, the plan administrator believes that the Plan and related trust are designed in accordance with applicable sections of the IRC and, accordingly, are exempt from income taxes.

Accounting principles generally accepted in the United States of America require the Company's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of July 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
