Each year the Company will provide an annual non-elective safe harbor contribution of 3% of the participant's eligible compensation and a discretionary non-safe harbor matching contribution. The employer matching contribution may not exceed 6% of compensation. The Company may also make a discretionary employer profit sharing contribution allocated annually. The eligibility for the profit sharing contribution is 1,000 hours of service per year, and employment on the last day of the allocation period, unless termination of employment is due to death, disability, or retirement. For the year ended September 30, 2017, the Company made a discretionary profit sharing contribution of \$0. Participants direct the investment of their contributions and the Company's non-safe harbor matching contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, the Company's contribution (including any forfeitures which are treated as employer contributions), and an allocation of plan earnings. Allocation of plan earnings is based on participant account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017 AND 2016

Vesting

Participants are immediately vested in their contributions and safe harbor contributions, plus actual earnings thereon. Vesting in the Company's non-safe harbor match and profit sharing contribution plus actual earnings thereon is based on years of continuous service. A year of service shall mean a Plan year during which an employee completes at least 1,000 hours of service. The Company contributions are fully vested over a range of two to six years, as defined in the plan document.

Any participant contribution accounts resulting from transfers or rollovers are fully vested and non-forfeitable at all times.

Payment of Benefits

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive their distribution in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account, in the form of a series of installment payments over a period not extending beyond the participant's life expectancy, or in the form of a rollover into another qualified plan. The Plan has included a provision for employees to make withdrawals from their account under certain "hardship" circumstances.

Forfeited Accounts

The non-vested portion of the discretionary employer contribution account of a participant whose employment with the employer is terminated other than on account of total and permanent disability, and prior to the earlier of their death or normal retirement date, is forfeited as of the date of such termination. Any forfeitures occurring are treated as discretionary employer contributions and are allocated as such. At September 30, 2017 and 2016, forfeited non-vested accounts totaled \$17,854 and \$12,980, respectively. There were forfeitures of \$3,439 and \$2,848 during 2017 and 2016. For the years ended September 30, 2017 and 2016, \$0 and \$0 of forfeitures were used to reduce Plan expenses, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

CINCINNATI FAN & VENTILATOR COMPANY, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017 AND 2016

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

The Plan considers all highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends and capital gain distributions are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses and costs of administering the Plan are paid for by the Plan and the Company. Administrative expenses include the preparation of the Form 5500, compliance testing, consulting, recordkeeping, document and updates.

Subsequent Events

The Plan has evaluated subsequent events through May 1, 2018, which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company and U.S Bank, N.A., the custodians of the plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of September 30, 2017 and 2016, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended September 30, 2017.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

CINCINNATI FAN & VENTILATOR COMPANY, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017 AND 2016

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2017 and 2016.

- *Money market mutual funds:* Valued at the daily closing price as reported by the fund. The money market funds are open-end mutual funds registered with the Securities and Exchange Commission (SEC). The funds are required to publish their daily net asset value and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.
- *Corporate bonds:* Value using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.
- *Bond mutual fund.* Valued at the closing price reported on the active market in which the bond mutual fund is traded.
- *Preferred stocks.* Valued at the closing price reported on the active market in which the preferred stock is traded.
- *Common stocks.* Valued at the closing price reported on the active market on which the individual securities are traded.
- *Mutual fund.* Valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is an open-end mutual fund that is registered with the SEC. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.
- *Common/collective trusts.* Valued at the NAV of units of the common/collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily; however, the trust may impose withdrawal restrictions at its discretion if warranted by operating conditions.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017 AND 2016

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of September 30, 2017				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 6,513,619	\$ -	\$ -	\$ 6,513,619

Investments at fair value	\$ 5,523,214	\$ 1,085,190	\$ -	\$ 11,075,995

(a) In accordance with Subtopic 820-10, certain investment that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statement of net assets available for benefits.

The Plan's policy is to recognize transfers between levels as of the end of the reporting period. There were no significant transfers between levels during 2017 and 2016.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017 AND 2016

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of September 30, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

September 30, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trusts				
- Equity and blended investments	\$ 4,047,777	None	Daily	12 months

September 30, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trusts				
- Equity and blended investments	\$ 4,467,591	None	Daily	12 months

5. PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest transaction is defined under the DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As of September 30, 2017 and 2016, certain investments included preferred stock, common stock, and common collective trust funds sponsored by Reliance Trust Company and U.S. Bank, N.A., custodians of the Plan, and, therefore, these investments qualify as party-in-interest investments. During 2017, the Plan paid administrative fees to Standard Retirement Services of \$12,586 and investment fees to U.S Bank, N.A. of \$760, which also qualify as party-in-interest transactions. Blue & Co., LLC is the independent auditor for the Plan. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts will be fully vested and will be paid to the participants. In case of a partial termination, only those affected will become fully vested.

CINCINNATI FAN & VENTILATOR COMPANY, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2017 AND 2016

7. TAX STATUS

The Plan is based on a volume submitter plan which has received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service that the volume submitter plan is designed to qualify as being exempt from Federal income taxes. The plan administrator has not separately applied for a determination letter from the Internal Revenue Service. However, the plan administrator believes that the Plan was designed and is currently being operated as a tax exempt plan in compliance with the applicable requirements of the Internal Revenue Code, and therefore, no income taxes have been provided. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the federal taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
