NOTE 1 – PLAN DESCRIPTION

The following description of the EnerMech Mechanical Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

Effective April 1, 2016, EnerMech Mechanical Services, Inc. (the "Company" or "Employer") completed the spin-off of the Plan. In connection with the spin-off, the Company adopted a new plan. As a result, following the spin-off, employees were no longer eligible to participate in the Insperity 401(k) Plan. The transfer of assets to the Plan from the Insperity 401(k) Plan was $2,676,740.

General – The Plan is a defined contribution plan that provides retirement savings benefits to eligible employees of the Company. The Plan, which commenced effective January 1, 2016, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Plan Custodian and Trustees – John Hancock Life Insurance Company (the "Custodian") is the Custodian maintaining custody of all investments held by the Plan, maintaining the Plan's participant account balances, and providing record-keeping services to the Plan. Among other duties, the Custodian receives contributions, holds and invests the fund assets in accordance with the directions of participants, and makes distributions as directed by the Plan Administrator. Certain officers of the Company serve as Trustees of the Plan.

Eligibility – Employees, except those under collective bargaining agreements and/or non-resident aliens who receive no U.S.-source income, are eligible to participate in the Plan on their date of hire.

Participant Contributions – Participants may elect to contribute, on a before-tax or Roth basis, up to 100% of eligible compensation as defined by the Plan and subject to the IRC limit of $18,000 for 2016. Participants who have attained age 50 before the end of the Plan year or period are eligible to make catch-up contributions of up to $6,000 for 2016. Participants direct the investment of their contributions into various investment options offered by the Plan.

Rollover Contributions – Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer Contributions – The Plan provides for non-elective Safe Harbor Employer contributions. For the period from April 1, 2016 through December 31, 2016, the Employer made non-elective Safe Harbor contributions to the Plan on behalf of participants in an amount equal to 3% of participant's eligible compensation.

The Company may make discretionary matching or profit sharing contributions to the Plan. There were no such contributions for the period from April 1, 2016 through December 31, 2016.

Participants' Accounts – Each participant's account is credited with the participant's contributions and the Company's non-elective Safe Harbor contributions as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are 100% vested in their before-tax, Roth, and rollover contributions, non-elective Safe Harbor Employer contributions, and any income or loss thereon. Upon death or disability, participants become 100% vested in all funds. Discretionary matching or profit sharing Employer contributions and any income or loss thereon are 50% vested upon one year of service and 100% vested upon two years of service.

NOTE 1 – PLAN DESCRIPTION – continued

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Under no event will the loan exceed $50,000 reduced by the highest outstanding balance of the loans in the previous twelve months. The minimum loan amount is $1,000. Loans must be repaid over a period not exceeding five years from the date of the loan, except for loans used for the purchase of a principal residence. The maximum loan term for a principal residence loan is 15 years. The maximum number of loans that a participant may have outstanding at any given time is two. Interest is charged at a rate of 1% above the Prime rate as defined. Principal and interest are paid ratably through payroll deductions. Loans are secured by the balance in the participant's account and bear interest at 4.25% to 4.75%.

Payment of Benefits – Upon separation of service due to death, disability, retirement, or termination of employment, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested balance. Distributions to a terminated employee with an account balance not exceeding $5,000 are made as a lump-sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution directly or to rollover the distribution into another retirement plan. If a terminated employee has an account balance exceeding $5,000, the participant may elect to maintain their balances within the Plan. The Plan permits automatic rollover of distributions into an Individual Retirement Account ("IRA") if the following criteria are met: i) the distribution amount is at least $1,000; and ii) the participant has not elected to receive or rollover the distribution.

A participant may withdraw all or a portion of their account in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits – Benefit payments are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation in fair value of investments

Recent Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent).* ASU 2015-07 eliminates the requirement to categorize investments in the fair value hierarchy if the fair value is measured at net asset value ("NAV") per share (or its equivalent) using the practical expedient in the FASB's fair value measurement guidance. The provisions of ASU 2015-07 are effective for the Plan for fiscal years beginning after December 15, 2015, are required to be applied retrospectively to all periods presented, and are allowed to be adopted early. The Plan has adopted this update effective January 1, 2016, and its investment in the pooled separate accounts that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy (See Note 3 for additional information).

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts ("FBRIC(s)"), (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I designates contract value as the only required measure for FBRICs, and allows FBRICs to be measured, presented, and disclosed only at contract value. Part I also clarifies that indirect investments in FBRICs through investment companies, such as stable value common trust funds, are not in the scope of FBRIC guidance and should be measured and presented only at fair value. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments measured at fair value. Investments will continue to be disaggregated by general type; however, the disaggregation by nature, characteristics, and risks is no longer required. Further, the disclosure of information about fair value measurement shall be provided by general type of plan asset. Part III allows the measurement of investments as of a month-end that is closest to a plan's fiscal year, when the fiscal period does not coincide with a month-end. The amendments in Parts I and III are not applicable to the Plan. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted. The amendments within Parts I and II require retrospective application. The Plan elected to adopt provisions of Part II of this new standard in 2016. Accordingly, these provisions were retrospectively applied in 2016.

Subsequent Events – The Plan has evaluated all events and transactions that occurred through January 25, 2018, the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016:

- *Pooled Separate Accounts* – These investments are valued using the NAV of units held by the Plan at period end as provided by the Custodian. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee, and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the pooled separate account, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participant transactions (purchases and sales) may occur daily, and there are no significant restrictions on participant redemptions or any unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value (a)	$ -	$ -	$ -	$ 3,377,246
Investments at fair value	$ -	$ -	$ -	$ 3,377,246

(a) In accordance with ASC 820-10, certain investments (pooled separate accounts) that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 4 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by the Custodian, therefore these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest. As described in Note 1, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

The Plan has notes receivables from participants at December 31, 2016. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 – TAX STATUS

Effective April 1, 2016, the Plan adopted a volume submitter profit sharing plan (the "Volume Submitter Plan") sponsored by Alliance Benefit Group of Houston Inc. The IRS has determined and informed the Volume Submitter Plan Sponsor by letter dated September 30, 2014 that the Volume Submitter Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is not subject to income tax examinations for the period prior to 2016.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN

As permitted by the rules and regulations of the Department of Labor ("DOL") with respect to reporting and disclosure under ERISA, the Plan's Custodian has certified to the Plan's Administrator that the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2016 and for the period from April 1, 2016 to December 31, 2016 are complete and accurate:
