Independent Auditor's Report

To the Plan Administrator of the Solo Printing 401(k) Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Solo Printing 401(k) Savings Plan (the "Plan"), which comprise the statement of net assets available for plan benefits as of December 31, 2017, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the 2017 Financial Statements

Management is responsible for the preparation and fair presentation of the 2017 financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Massachusetts Mutual Life Insurance Company on behalf of Hartford Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2017 and for the year then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter - Supplemental Schedules

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2017 and the Schedule of Assets (Held at End of Year) as of December 31, 2017 are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Massachusetts Mutual Life Insurance Company on behalf of Hartford Life Insurance Company, the custodian of the Plan. Their report, dated July 31, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations 2017

The form and content of the information included in the 2017 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. PLAN DESCRIPTION:

The following description of the Solo Printing 401(k) Savings Plan (the "Plan") for employees of Solo Printing, LLC (the "Company") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all Company employees who have reached 21 years of age and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Upon meeting eligibility requirements, participants may contribute up to 100% of their compensation, as defined, on a pre-tax or after-tax Roth basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

The Company makes Safe Harbor contributions equal to 100% of the first 4% of Plan compensation deferred on. The Company may make a discretionary matching contribution up to 6% of salary deferrals, not to exceed 4% of Plan compensation deferred on. The Company may also make a discretionary employer contribution to participants that have completed 1,000 hours of service during the Plan year and are employed on the last day of the Plan Year. No discretionary matching or employer contributions were made for the Plan year ended December 31, 2017.

Participant Accounts

A separate account is established for each participant upon enrollment in the Plan. Each participant's account is credited with the participant's contributions, the participant's share of Company contributions, forfeitures allocated and the actual investment results, including realized and unrealized gains and losses, of the funds within the participant's account. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which represents their contributions, Safe Harbor contributions and the income earned thereon. Participants become 100% vested in discretionary matching and employer contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in discretionary matching and employer contributions and earnings thereon, vests according to the following schedule:

Completed Years of Service	Vesting %
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeited balances are first used to restore re-employed participants' accounts. Any remaining forfeitures may be used to pay plan expenses, reduce Company contributions or be allocated to participants. During 2017, no forfeitures were used. Unallocated forfeitures at December 31, 2017 and 2016 were $2,059 and $1,000, respectively.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants may elect a lump sum distribution.

A participant may also request a withdrawal, subject to limitations, upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Notes Receivable from Participants

A participant shall be entitled to a loan up to the lesser of 50% of the participant's vested account balance or $50,000. The minimum loan that may be taken is $1,000. Loans must bear a reasonable rate of interest. Loans are collateralized by the participant's vested interest in the Plan, and are supported by a promissory note. All loans must be repaid within 5 years unless the proceeds are used to purchase a primary residence, in which case a longer repayment period may be allowed. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The Plan's financial statements have been prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value except fully benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable expenses related to plan administration will be paid from Plan assets, except to the extent the expenses are paid by the Company.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassification

Certain 2016 amounts have been reclassified to conform with the presentation in the 2017 financial statements.

Risks and Uncertainties

The Plan provides investment options which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

C. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts - Valued at the net asset value of units of a pooled separate account. The net asset value, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan holds no investments that are required to be leveled within the fair value hierarchy as of December 31, 2017 and 2016.

	2017	2016
Investments measured at net asset value(1):		
Pooled separate accounts	$ 2,743,958	$ 1,986,347
Investments at fair value	$ 2,743,958	$ 1,986,347

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

Pooled separate accounts can be redeemed daily, have daily redemption notice periods, and have no unfunded commitments.

Accounting standards require disclosure of investment strategies for investments valued using net asset value as a practical expedient to estimate fair value if the investment does not file a Form 5500 with the DOL as direct filing entity ("DFE"). The following table discloses investment strategies for such investments:

	2017	2016
Investments measured at net asset value (non-DFE's):		
Pooled separate accounts:		
Small cap (a)	$ 978	$ 785
Specialty (b)	29,660	7,927
Large cap (c)	5,495	14,034
Mid cap (d)	2,268	2,096
Global (e)	1,401	3,828
Balanced (f)	2,704,156	1,949,145
Bond (g)	-	8,532
Total pooled separate accounts	$ 2,743,958	$ 1,986,347

(a) Small cap pooled separate accounts seek long-term growth of capital by investing primarily in equity securities of companies with small market capitalizations and related investments.

(b) Specialty pooled separate accounts seek to provide shareholders with capital gain by investing primarily in securities of companies operating in its related industry.
(c) Large cap pooled separate accounts seek growth of capital by investing primarily in common stocks of companies that appears to offer superior opportunities for growth of capital.
(d) Mid cap pooled separate accounts seek capital appreciation and income by investing primarily in equity securities of mi cap companies.
(e) Global pooled separate accounts seek long-term growth of capital and future income by investing primarily in common stocks that have the potential for growth and to pay dividends in the future.
(f) Balanced pool separate accounts seek high total return and Capital appreciation by investing in a variety of asset classes through investments in underlying funds that will change over time depending on the target retirement date.
(g) Bond pooled separate accounts seek to earn a high level of current income and capital appreciation to the extent it is possible and consistent with the funds' goal. They invest primarily in high yield, lower-rated debt securities.

D. TAX STATUS:

The plan has adopted The Pension Studio, LLC Volume Submitter plan document. The Internal Revenue Service ("IRS") has determined and informed The Pension Studio, LLC by a letter dated March 31, 2014 that the Volume Submitter plan document adopted by the plan sponsor and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated, except as described below, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. It was discovered that the Plan's written provisions were not all consistent with its operation. To correct the defect, the Plan is preparing to enter the IRS employees Plans Compliance Resolution System using the Self-Correction Program.

E. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Massachusetts Mutual Life Insurance Company on behalf of Hartford Life Insurance Company, the custodian, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedules. The custodian has certified as to the completeness and accuracy of the investments held by the Plan as of December 31, 2017, the investment earnings and other investment-related transactions of the Plan for the year then ended, and the information contained in the Schedule of Assets (Held at End of Year).

F. PLAN TERMINATION:

The Plan was established with the intention that it will continue indefinitely. However, the Company reserves the right to suspend its contributions or to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, all participants will become fully vested in their accounts.

G. PARTIES-IN-INTEREST TRANSACTIONS:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds both managed and held by the custodian are considered party-in-interest transactions.

H. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through May 9, 2018, the date these financial statements were available for issuance.
