NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN

The provisions of the Matsui Nursery, Inc. (the Company) Profit Sharing 401(k) Plan (the Plan) were effective January 1, 1996. The Plan has been amended and restated to comply with current legislation. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company. Effective February 1, 2016, employees are eligible to participate in the Plan if they are at least 18 years of age and have six months of service (at least 500 hours). Previously, employees were eligible to participate in the Plan after reaching age 21 and completing one year of service (at least 1,000 hours). Employees eligible to participant in the Plan may enroll on a quarterly basis. The Plan contains arrangements for salary deferrals by the employees under section 401(k) of the Internal Revenue Code, employer safe-harbor contributions, and discretionary employer profit sharing contributions. Highly compensated employees with direct ownership are not eligible to receive employer safe-harbor contributions. To be eligible to receive discretionary profit sharing contributions, employees must complete a year of service and be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may elect to contribute up to 100% of their pre-tax or Roth after-tax compensation, as defined in the Plan document and within statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company provides safe-harbor contributions each pay period equal to 3% of eligible compensation. Participant and safe-harbor contributions are paid to the plan after each pay period and placed in participant directed investments.

The Company may make a discretionary annual profit sharing contribution. Profit sharing contributions, if any, are integrated with Social Security. No discretionary profit sharing contributions were made in 2016.

Participant Accounts

Individual participant accounts are maintained by Pentegra Services, Inc. (Pentegra), the Plan Administrator and record keeper (Note 6). Each account is credited or charged with the participant's contributions, safe-harbor contributions, and allocations of profit sharing contributions, if any, allocations of investment income and losses on the individual account balances, and administrative expenses. Loan and distribution administration fees are deducted from the respective participant's account. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN (continued)

Investment Options

Participants direct employee and employer contributions among various mutual funds and collective trusts held by Reliance Trust Company (Reliance) (Note 6).

Vesting

Participants are immediately vested in their own contributions and the safe-harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions is based on years of credited service, as defined in the Plan document, with 20% after the second year of service and each subsequent year, with full vesting after six years. Upon normal retirement (62), death, or disability, participants become fully vested in all benefits.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested balance. Terms of the notes receivable may not exceed five years, except for the purchase of a primary residence. The notes receivable are secured by the vested balance in the participant's account and bear interest at 1% over the prime interest rate. Interest rates range from 4.25% to 5.25% for notes receivable outstanding at December 31, 2016. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits may be distributed upon retirement, death, disability, or other termination of employment. Benefits equal to the value of the participant's vested account may be paid in a lump-sum or installments depending on certain factors as described in the Plan document and at the participant's election. Under certain hardship circumstances, participants may request a distribution of their pre-tax elective account or rollover account balance prior to retirement.

Forfeited Accounts

Upon termination, participants' non-vested account balances are forfeited. Forfeitures will be added to any discretionary profit sharing contribution and allocated in the same manner. Forfeited non-vested accounts totaled $49 at December 31, 2016. There were no forfeited non-vested accounts at December 31, 2015. During 2016, no forfeitures were used.

Administrative Expenses

The Plan's investment fund options are subject to investment management fees and certain revenue sharing fees, as disclosed in each fund's prospectus. A majority of these fees are charged directly against each fund's investment performance and, therefore, are included in net appreciation in the accompanying Statement of Changes in Net Assets Available for Benefits. Revenue sharing fees are collected from various mutual fund companies by service providers and are used to offset the Plan's third party administration fees and custodial fees. A portion of asset-based Plan administration expenses are deducted from participant accounts based on account balance. Participant loan and distribution transaction fees charged by service providers are deducted from the accounts of the respective Plan participants and are recorded as expenses by the Plan. Certain administrative expenses, including the annual audit fee, are paid by the Company and therefore excluded from these financial statements.

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN (continued)

Subsequent Events

The date to which events occurring after December 31, 2016, have been evaluated for possible adjustment to the financial statements or disclosure therein is May 30, 2018, which is the date on which the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are significant accounting policies used by the Plan:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest, if any. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described as follows.

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds – Composed primarily of fully benefit-responsive investment contracts that are valued at NAV of units of the bank collective trusts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trusts, the issuer reserves the right to require 0-30 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Pooled separate accounts – Valued at the NAV of units of an insurance company pooled separate account. The NAV, as provided by the investment custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the insurance company reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There may be a market rate adjustment upon full redemption of the pooled separate accounts if market value is less than contract value upon liquidation.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Assets at Fair Value at December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,419,844	$ -	$ -	$ 2,419,844
Total assets in the fair value hierarchy	2,419,844	-	-	2,419,844
Investments measured at net asset value (collective trusts)	-	-	-	10,660
Investments at fair value	$ 2,419,844	$ -	$ -	$ 2,430,504

At December 31, 2015, the Plan's investments consisted solely of pooled separate accounts, which are measured at net asset value as a practical expedient, and therefore, are excluded from the fair value hierarchy.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

	December 31, 2016			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Collective trust funds	$ 10,660	n/a	Daily	0-30 days

	December 31, 2015			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	$ 1,966,315	n/a	Daily	n/a

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Reliance and Lincoln National Life Insurance Company, the custodians (Note 6), have certified that the following data included in the accompanying financial statements, notes, and supplemental schedule is complete and accurate.

1) Investments at fair value as of December 31, 2016 and 2015.
2) Contract value of guaranteed investment contract as of December 31, 2015.
3) Net appreciation in fair value of investments and dividends for the year ended December 31, 2016.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, notes, and supplemental schedule.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Pentegra is the Plan Administrator and named fiduciary. Pentegra Trust Company (PTC) provides directed trustee services under a discretionary agreement with the Company. Certain Plan investments are units of participation in a collective trust managed by Reliance, the custodian of the Plan. Therefore, transactions with Pentegra, PTC, and Reliance qualify as party-in-interest transactions. Revenue sharing received by Pentegra from various mutual fund companies is retained for service costs. Fees paid by the Plan to Pentegra and PTC for administrative, trustee, and custodial services amounted to approximately $15,000 for the year ended December 31, 2016. Other service providers were paid fees by the Plan of approximately $20,000 for administration and advisory services.

NOTE 6 – CHANGE IN PLAN CUSTODIAN AND THIRD PARTY ADMINISTRATOR

Effective February 1, 2016, the Plan liquidated its investments (approximately $1,927,000) and changed its investment custodian from Lincoln National Life Insurance Company to Reliance. The funds were transferred from Lincoln National Life Insurance Company to Reliance in February 2016, and reinvested in mutual funds and collective trust funds. Also, effective February 2016, the Plan changed its third party administrator from 401k SAFE, LLC to Pentegra.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8 – TAX STATUS

The Plan operates under provisions of a Pentegra volume submitter plan document which received an opinion letter from the Internal Revenue Service dated March 31, 2014, which stated that the volume submitter plan, as then designed, was acceptable under applicable sections of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan allows participants to invest in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
