YP Holdings LLC Retirement Savings Plan

Notes to Financial Statements

December 31, 2015

1. Description of Plan

The following description of the YP Holdings LLC Retirement Savings Plan (the Plan) provides general information about the Plan's provisions. YP Holdings LLC (YP or the Company) is the Plan sponsor. The Plan has detailed provisions covering participant eligibility, participant contributions, participant withdrawals, participant loans, employer contributions and related vesting of employer contributions, and Plan expenses. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions, including participant eligibility, participant allotments from pay, and related vesting of contributions. Copies of the Plan document and summary plan description may be obtained from the Plan sponsor.

Plan Mergers

On August 11, 2015, the Board of Managers of the Company resolved to merge the YP Holdings LLC Savings & Security Plan I and YP Holdings LLC Savings & Security Plan II (merged plans), separate qualified defined contribution plans also sponsored by the Company, effective August 24, 2015 into the Plan. At that time all participants in the merged plans automatically became participants in the Plan and the net assets of the merged Plans transferred and are reflected on the statement of changes in net assets available for benefits as transfers from merged plans.

General

The Plan is a defined contribution plan covering substantially all management employees, bargaining unit employees and non-management nonunion employees who are employed by participating employers of the Plan sponsor, subject to certain exclusions as defined in the Plan document. Eligible participants are automatically enrolled in the Plan unless they affirmatively decline to participate.

The Employee Benefits Committee (the Committee) is responsible for the general administration of the Plan. Fidelity Management Trust Company is the trustee and record keeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

1. Description of Plan (continued)

Contributions

Each year, participants may contribute up to 50% of pretax or after-tax annual compensation, as defined in the Plan document. If automatically enrolled, a participant's deferral is set at 3% of eligible compensation and will automatically increase by 1% each year until such percentage equals 6%. Basic deferrals are limited to 6% of compensation. Any deferrals exceeding this limitation is designated a supplementary deferral. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Company makes a matching contribution equal to a percentage of the participant's basic deferral contribution, as defined by the Plan document and subject to certain service requirements. Additional discretionary, non-elective contributions may be made at the discretion of the Company's Board of Managers. There were no discretionary, non-elective contributions during 2015. The Company may also make qualified non-elective contributions (QNECs) as necessary in order to meet certain tax qualifications or to correct contributions for affected participants. QNECs totaled $630 during 2015. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. Participants that are automatically enrolled have their contributions invested in the applicable lifecycle fund based on their age until they change their election. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. A participant is 100% vested after three years of credited service. Accelerated vesting can occur upon certain circumstances.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a five year period, the forfeited contributions are reinstated. Forfeited balances of terminated participants' nonvested accounts may be used to pay administrative expenses or to reduce future Company contributions. Unallocated forfeited balances as of December 31, 2015 and 2014, totaled $14,463 and $8,537, respectively, and $590,914 in forfeitures were used during 2015 to reduce Company contributions.

Participant Loans

Participants may borrow from their accounts a minimum amount of $1,000 up to a maximum equal to the lesser of the following:

- $50,000, reduced by the highest outstanding loan balance within the preceding 12-month period; or

- 50% of their vested account balance.

The maximum loan term is five years or may be up to ten years for the purchase of a primary residence. A participant may not have more than three loans outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. If the loan is not repaid, it will automatically be treated as a distribution to the participant. Interest rates on loans outstanding during 2015 ranged from 4.25% to 9.50%.

1. Description of Plan (continued)

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds $1,000 may elect to receive either a lump-sum payment or may elect installment payments on an annual basis. A participant whose vested account balance is $1,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan document. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan document. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include fees related to the administration and operation of the Plan. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Any other administrative expenses of the Plan are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial

statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent),* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Management elected to early adopt ASU 2015-07 in 2014 which includes removal of the requirement to assign a level to NAV practical expedient valued investments.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: *Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I of ASU 2015-12 eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of ASU 2015-12 eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of ASU 2015-12 allows a plan with a fiscal year end that doesn't coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Part III is to be applied prospectively. Plans can early adopt any of ASU 2015-12's three parts without early adopting the other parts. Management early adopted Parts I and II of ASU 2015-12 during 2014. Part III is not applicable to the Plan.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments held and notes receivable from participants at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2015, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Participants can invest their contributions in one or more of the 20 funds in 1% increments, including Fidelity BrokerageLink®, which is a self-directed brokerage account that provides the participants the option to invest in a broad range of investments.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (continued)

Preferred and common stock held in the self-directed brokerage accounts are valued at the quoted closing price reported on the active market on which the individual securities are traded.

In 2014, the Plan invested in The Fidelity Stable Value Fund, a collective trust, which is valued at NAV as a practical expedient and which seeks to preserve the principal investment while earning a level of interest income that is consistent with principal preservation. The fund invested in benefit-responsive investment contracts issued by insurance companies and other financial institutions ("Contracts"), fixed income securities, and money market funds. Under the terms of the Contracts, the assets of the fund are invested in fixed income securities (which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities) and shares of money market funds. The fund may also invest in futures contracts, option contracts, and swap agreements. The Fidelity Stable Value Fund allowed for redemption frequency on a daily basis. The terms of the Fund prohibited the participant from making a direct exchange from this fund to a "competing" fund (e.g., money market funds, short-term bond funds, certain asset-allocation/lifecycle funds and brokerage window). Instead, the participant must first exchange to a non-competing fund for 90 days.

Effective May 21, 2015, the Fidelity Stable Value Fund was no longer an investment option under the Plan. All assets were transferred and future contributions were made to the New York Life Anchor Account investment option which is a pooled separate account, valued at NAV as practical expedient. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one year redemption notice to liquidate its entire share in the fund.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value at December 31, 2015.

	Level 1	Total

6. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Related-Party Transactions

The Plan holds shares of mutual funds and units of common/collective trust funds managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions. However, they are exempt from the prohibited transaction rules under ERISA.

8. Tax Status

The Plan has received a determination letter dated June 18, 2014, stating that the Plan is qualified under Section 401(a) of the Code and therefore the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator has indicated that it will take the necessary steps, if any, to maintain the Plan's compliance with the Code.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions. However there are currently no audits for any tax periods in progress.

9. Subsequent Events

The Plan Management has evaluated subsequent events through August 30, 2016, the date the financial statements were available to be issued.
