UTC Railcar Repair Services LLC Hourly Employees Savings Plan

Notes to Financial Statements August 23, 2017 and December 31, 2016

Note 1 - Plan Description

The following description of UTC Railcar Repair Services LLC Hourly Employees Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. Prior to the plan merger, as described in Note 6, the provisions of the Plan were as follows:

General - The Plan is a defined contribution plan covering nonunion hourly employees and certain hourly union employees regularly employed in the United States by the UTC Railcar Repair Services LLC (the "Company"). Hourly employees are eligible to participate in the Plan immediately upon employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary 401(k) deductions from 1 percent up to a maximum of 15 percent of earnings for any payroll period on a pretax basis, subject to maximum deferred limitations established by the Internal Revenue Code. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Plan provides for employer matching contributions equal to 50 percent of the participant's pretax contribution not to exceed 6 percent of the employee's eligible compensation.

During 2016, certain participant contributions were remitted after the timeframe required by the Department of Labor. The Company remitted the 2016 late contributions and the related lost earnings during the period from January 1, 2017 to August 23, 2017.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' deferrals, transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in employee 401(k), company contributions, and rollover contributions and any income or loss thereon.

Benefit Payments - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a single lump-sum amount equal to the vested balance of the participant's account.

Hardship Withdrawals - Participants may request a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document.

UTC Railcar Repair Services LLC Hourly Employees Savings Plan

Notes to Financial Statements August 23, 2017 and December 31, 2016

Note 1 - Plan Description (Continued)

Participant Notes Receivable - Active participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. The participant notes receivable are secured by the balance in the participant's account and bear interest at rates equal to the prevailing rates, as determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions. A participant may not have more than one note receivable outstanding at any time.

Termination - The Company has expressed its intent to discontinue its contributions to the Plan and to terminate the Plan subject to the provisions set forth in the plan document and ERISA after all participants have been transferred out of the Plan. See Note 6 for additional information.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The common collective trust fund is valued at net asset value per share or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

All other investments are valued based on quoted market prices. See Note 4 for additional information.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company. During the period from January 1, 2017 to August 23, 2017, the Company paid approximately \$27,300 in administrative expenses on behalf of the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements August 23, 2017 and December 31, 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including June 5, 2018, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

The Ascensus Trust Company holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements are based solely on information provided by the Ascensus Trust Company.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2016. The Plan did not have any investments at August 23, 2017.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

Note 4 - Fair Value Measurements (Continued)

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2016

	Investments (at Fair Value)	Level I
Mutual funds	\$ 2,618,169	\$ 2,618,169
Investments measured at NAV - Common collective trust fund	1,693,559	
Total investments at fair value	\$ 4,311,728	

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy for the period from January 1, 2017 to August 23, 2017.

Note 5 - Tax Status

The Plan has received a determination letter dated October 19, 2010 from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Plan Merger

On August 23, 2017, the Plan merged and combined with the Marmon Consolidated Retirement Plan. Accordingly, all assets, participants, and their related account balances were transferred to the Marmon Consolidated Retirement Plan.
