EMPLOYEES' PROFIT SHARING AND SAVINGS GROWTH PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Clear Lam Packaging, Inc. (Company) Employees' Profit Sharing and Savings Growth Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are twenty-one (21) years or older and are not covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

An employee of the Company who has attained the age of 21 and has completed one month of employment is eligible to participate in the Plan. Initial enrollment is available on the first day of each month after reaching eligibility. Employees failing to complete a deferral election form will be automatically enrolled in the Plan upon reaching eligibility. To participate in the employer matching and profit sharing portion of the Plan an employee must complete one year and 1,000 hours of service and be employed on the last day of the Plan year.

During 2017, the Company was acquired by Sonoco Products Company. As a result of the acquisition, the Plan was merged into the Sonoco Retirement and Savings Plan effective January 1, 2018. The Plan transferred all assets into the Sonoco Retirement and Savings Plan on December 29, 2017.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may contribute discretionary matching contributions that will be based on eligible compensation contributed to the Plan each payroll period, not to exceed amounts as described in the Plan. The Company made discretionary matching contributions totaling \$342,950 during the year ended December 31, 2017.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Contributions, Continued

Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. Participants would also be eligible to receive an additional profit sharing contribution if the participant dies, becomes disabled or retires during the Plan year. Company matching and profit sharing contributions are funded proximate to the withholding date and annually after the close of the Plan year, respectively. For the year ended December 31, 2017 the Company did not make a profit sharing contribution. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. A participant is 20% vested after two years of service and vests an additional 20% each year thereafter. A participant is 100% vested after six years of credited service. Participants who attain normal retirement age of sixty-two (62), or who terminate employment due to death or disability become 100% vested in their account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period or 50% of their account balance. The loans are secured by the balance in the participant's account. The loans bear a reasonable rate of interest commensurate with local prevailing rates as determined by the Plan Administrator. Loans are for a period not to exceed five years unless for the purchase of the participant's principal residence, in which case the loan may not exceed ten years. Principal and interest is repaid ratably through payroll deductions on at least a quarterly basis.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Payment of Benefits

On termination of service due to death, disability or retirement, participants are entitled to receive in a lump sum, the entire value of their vested Company and participant accounts, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants with vested account balances of less than \$1,000 will have their balance distributed to them as a lump sum distribution. Participants with vested account balances of over \$1,000 may delay distributions until they are required by law to receive minimum required distributions.

In-service withdrawals for hardship or withdrawals for those participants age 59½ or greater are permitted in accordance with Plan provisions.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$0 and \$24,869, respectively. These accounts will first be used to pay administrative expenses under the Plan, as directed by the employer. Any remaining amounts may be used to reduce future Company contributions. Forfeitures totaling \$31,478 were used to reduce Company contributions during the year ended December 31, 2017.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated through June 13, 2018, the date that the financial statements were available for issue.

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the custodian of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
---------	---

Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
---------	---

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

EMPLOYEES' PROFIT SHARING AND SAVINGS GROWTH PLAN

NOTES TO FINANCIAL STATEMENTS
(CONTINUED)

NOTE 4 - FAIR VALUE MEASUREMENTS, CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the years ended December 31, 2017 and 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments measured at fair value based on the NAV per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$66,616 for the year ended December 31, 2017.

NOTE 6 - TAX STATUS OF PLAN

The Plan adopted a standardized form of a prototype plan sponsored by Fidelity Management Trust Company. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 7 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants bear interest from 4.25% to 9.25%. Notes receivable from participants consisted of the following as of December 31, 2017 and 2016.

	<u>2017</u>	<u>2016</u>
