TRI TECH 401(K) RETIREMENT BENEFIT PLAN

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2017 AND DECEMBER 31, 2016

Note 1—Plan merger

On April 12, 2017, the Board of Directors of Knowlton Development Corporation ("KDC"), the parent company of Tri Tech Laboratories, Inc. (the "Plan Sponsor" or "Company") approved the merger of this plan, the Tri Tech 401(k) Retirement Benefit Plan (the "Plan") into another qualified plan sponsored by KDC (the "KDC Plan"). As a result, all Plan assets were transferred into the KDC Plan on August 31, 2017.

Note 2—Description of the Plan

As more fully described in Note 1, the Plan was merged into another plan on August 31, 2017. The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan Agreement as amended and restated for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all full-time employees of Tri Tech Laboratories, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration – The Plan Sponsor is the Plan administrator. All investments of the Plan are held by the custodian of the Plan, Principal Life Insurance Company ("Principal").

Eligibility – All employees who have attained age 21 are eligible to participate in the Plan, with the exception of union and nonresident alien employees.

Contributions – Eligible employees may contribute any percentage of pretax annual compensation up to the dollar limitation set forth in Section 402(g) of the Internal Revenue Code ("IRC") at the beginning of the taxable year.

Catch-Up Contributions – For the period January 1, 2017 to August 31, 2017, if a participant is eligible to make deferrals and turns 50 before the end of the calendar year, the participant may defer an additional \$6,000 into the Plan as pre-tax contribution. Catch-up contributions are eligible for matching contributions made by the Plan Sponsor. Catch-up contributions are subject to IRC limitations.

Plan Sponsor Contributions – The Plan Sponsor has the option to make a matching contribution and/or discretionary contributions to the Plan. The Plan Sponsor made no such contributions to the Plan during the period January 1, 2017 to August 31, 2017.

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of (a) any Plan Sponsor contributions, (b) Plan earnings, and (c) administrative expenses not paid by the Plan Sponsor. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options – Participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily.

TRI TECH 401(K) RETIREMENT BENEFIT PLAN

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2017 AND DECEMBER 31, 2016

Note 2—Description of the Plan

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in Plan Sponsor contributions after six years of continuous service. A participant's vesting schedule in Plan Sponsor contributions is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000. Repayment terms for the loans are for a period not exceeding five years, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans. The balance is amortized in equal installments over the life of the loan. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate, as published in *The Wall Street Journal* on the day of the loan request, plus 1%. Principal and interest are paid ratably through monthly payroll deductions.

Termination of Service and Payment of Benefits – On termination of service due to death, disability, normal retirement (age 65), or any other reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures – Any forfeited non-vested accounts are used to reduce future Plan Sponsor contributions. There were no forfeited Plan Sponsor contributions for the period January 1, 2017 to August 31, 2017. There were no forfeited non-vested accounts as of December 31, 2016.

Note 3—Summary of significant accounting policies

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates – The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in pooled separate accounts and guaranteed interest accounts. Investment securities, in general, are subject to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with the certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets.

TRI TECH 401(K) RETIREMENT BENEFIT PLAN

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2017 AND DECEMBER 31, 2016

Note 3—Summary of significant accounting policies (continued)

Investment Valuation and Income Recognition – Purchase and sales of securities are recorded on a trade-date basis. Income from investments is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income, as shown in the financial statements, includes interest, dividends, and net realized and unrealized appreciation and depreciation. Fully benefit-responsive investment contracts are reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Plan investments, other than fully benefit-responsive contracts, are stated at fair value. All Plan assets were transferred to KDC Plan before the close of business on August 31, 2017.

Administrative Expenses – Certain administrative expenses, consisting of custodian, recordkeeping, and investment management fees, are paid by the Plan. Certain other accounting and third-party advisory fees are paid by the Plan Sponsor as permitted by the Plan Document.

Benefits Paid to Participants – Benefit payments to participants are recorded upon distribution.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

Subsequent Events – Management of the Plan has evaluated subsequent events through June 14, 2018, which is the date the financial statements were available to be issued. No transactions requiring disclosure have occurred through this date.

Note 4—Information prepared and certified by the custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available as of August 31, 2017 and December 31, 2016, and the related investment activity reflected in the statement of changes in net assets for the period January 1, 2017 to August 31, 2017.

Note 5—Fair value measurements

The Plan follows the *Fair Value Measurements* topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

TRI TECH 401(K) RETIREMENT BENEFIT PLAN

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2017 AND DECEMBER 31, 2016

Note 5—Fair value measurements (continued)

The standard describes three levels of inputs that may be used to measure fair value:

- Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;
- Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and
- Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts – These investments are investment vehicles which invest directly in designated mutual funds. Since the fair values of these investments are not readily determinable, they are valued using the Net Asset Value (“NAV”) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Since the NAV is used as a practical expedient to estimate fair value, these investments are excluded from the fair value hierarchy.

Investments Measured Using NAV per Share Practical Expedient – The following table summarizes investments measured for which fair value is measured using the NAV per share practical expedient as of December 31, 2016:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Pooled Separate Accounts	\$ 1,046,964	n/a	Daily	n/a

Note 6—Fully benefit-responsive investment contracts

The Plan invests in guaranteed unallocated group fixed annuity contracts with Principal. Principal maintains the contributions in a general asset account and is contractually obligated to repay the principal and a specified fixed interest rate that is guaranteed to the Plan. The contract value of the guaranteed interest accounts as of December 31, 2016, was \$39,119.

TRI TECH 401(K) RETIREMENT BENEFIT PLAN

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2017 AND DECEMBER 31, 2016

Note 6—Fully benefit-responsive investment contracts (continued)

These guaranteed interest accounts meet the fully benefit-responsive investment contract ("FBRIC") criteria and therefore are reported at contract value. Contract value is the relevant measure for FBRIC's because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) premature termination of the contracts by the Plan, (2) complete or partial Plan termination or merger with another plan, (3) bankruptcy of the Plan sponsor, or (4) the failure of the trust to qualify for exemption from federal income taxes. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed interest accounts do not permit the insurance company to terminate the agreement unless the Plan is not in compliance with the investment agreement.

Note 7—Party-in-interest transactions

Plan investments are units of pooled separate accounts and guaranteed interest accounts owned and managed by Principal. Principal is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, notes receivable from participants are considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 8—Tax status

The Plan operates under a non-standardized prototype plan document sponsored by Principal. Principal received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, on the prototype plan's acceptability under Section 401 of the IRC. The Plan has been amended since receiving this determination letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and has no unrelated business income tax, and therefore, the Plan and related trust continue to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that, as of August 31, 2017 and December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
